Next week a play will be presented here, which will be "The Old Gossip." Keep away, we have plenty of that already. J. Akins, our blacksmith, is busy repairing wagons. Dry weather is here at last. E. Eaton, of Carus, was here Tuesday on business. How do you like to keep house Effie? I see you are putting down the carpet, but don't try to paper the ceilings unless you have help. June 19. SYLVIA.

Eagle Creek.

Some of the farmers are busy cutting fern out of their grain. Potatoes will soon be large enough to use. Sandy Ridge school closed Friday. A short program was rendered Saturday evening, and a large crowd attended. Mr. Ballou and wife visited James Bell and family at Kelso Sunday. Several bands of horses oave come across the mountains during the last week. J. S. Smith has not yet returned to Oregon City. Everybody has the toothache. We think this must be the place where it originated from the number who are complaining. Mrs. Duncan is improving. Lillie Myers, of Springwater, is visiting her mother, Mrs. Huggins, of this place. Aggie Currin and baby were seen in Eagle Creek Saturday. Mrs. Belle Duncan went to Portland Friday. Joe Suter was up to his brother's place on Deep Creek Friday. Lena Van Curen was the guest of Pearl Foster Sunday. Miss Maggie Smith is in Portland. Little Maggie Wilson was hurt quite seriously last Thursday by falling on an ax. She received a rather severe cut on the head, but she is recovering steadily. Herman Brackett, of Sherman county, is visiting his parents, of this place. Mrs. Dowty was in Eagle Creek Sunday. George Epperson, of Kelso, was over Sunday. Frank O. Danielson, of Kelso, was buried in Sandy Ridge cemetery Saturday, May 15th, p. m. He was killed on the coast in Washington, last Monday while working on a scow. He was 21 years of age, and he was held in the highest respect and esteem of all. He leaves a brother and parents beside a host of friends to mourn his loss. June 17.

Stafford.

For several days the weather has been decidedly tropical. The nights have been warm enough to keep corn growing. Cherries are withering on the trees, and strawberries are drying on the vines. Nearly every farmer has mown a patch of grass and is scanning the horizon for signs of rain, and it is only a week since there was a downpour, and the same parties were prophesying a very wet season. The rocking of the Hayes hill is completed, and a new bridge has been put in at the Shauber place.

The people of this place are beginning to complain about the inconvenience they are put to by the Oswego bridge being out. They think that a month is a long time to be deprived of a crossing there, and they would like to know what our bridges are for, the accommodation of the traveling public, or a pet job for contractors?

Early spuds are now large enough to use, and the advance in price of old potatoes sacks up the last of them that are fit for market. Early wheat and oats are headed. Some of the grain looks as though the berry had been eaten out of the lower portion of the head. Hazelnuts will be a scarce article this season. Meadames Moser, Reutter and Shauber were baptised at Fred Moser's home on the 18th of June. Rev. Graves' horse ran away last week, and broke his buggy. John Moser burned his straw stack to rid the place of rats. Night hawks have made their appearance.

It was announced that the Liberal campmeeting would be held over next Sunday. June 18. BUNCHY.

Currinsville.

At last we are having warm weather and plenty of it, and if it continues dry the farmers can get their hay in. Lester Hale had the misfortune to cut a severe gash in his knee. He was doing some slashing and in crossing a log he struck his knee against the ax. G. J. Currin made a flying trip to Currinsville last week. Hugh Currin and daughter, Elsie, are visiting George Currin's family at Lone, Or. They are expected to return home this week.

Stone has been having sciatica rheumatism again, which leaves her nearly helpless, with Mr. Stone away from home. Robert Currin, who has been on the sick list getting better. June 18. UNCLE ZEEK.

Grand Millinery Sale begins today at Miss Goldsmith's.

Rural Dell.

The farmers are hoping for good weather this week, as their clover is ready for cutting. We find upon close examination that the fruit crop will prove to be very much better than first expected. In this locality spring wheat and oats and winter oats never gave a better promise to the farmers for a booming crop than now. The early potatoes and gardens also look fine. Mr. Beede made a trip to Woodburn Saturday. H. Ogle is improving in health quite rapidly. Grandma Samson is able to sit up again. Mr. and Mrs. I. Bonney called on Mr. and Mrs. L. J. Bigelow Sunday. Beaver Creek.

Everything is prosperous in Beaver Creek. The health of the people, as a rule, is good. The evenings and days are unusually cold. Everything points toward a bounteous crop for the faithful farmer on whom all life depends. We attended memorial day in the city and meeting quite a number of our Beaver Creek friends, also many old and very dear friends of our youth, which brings to mind many joys and pleasures as we grasp the hand that we have not touched for perhaps many years. This occasion also brings very sad memories when we remember that we are gathered together on this day for to lay aside our daily toil, and bitter feelings, if any exist, and meet as one body to remember our own dead, and the sons and fathers and brothers, who bravely gave up their homes and friends to defend the grand old flag that waved so proudly yet sadly that day at half mast, and we hope it may still wave on unblemished until Gabriel blows his horn, and we all meet where all are on an equal, high and low, the outcast and the beggar, for we are taught from the Good Book that the Great Father remembers us all. The farm work is over for a few weeks and cordwood and lumber hauling are the order of the day. Miss Ada Moelink closed a very successful term of school last Friday. The closing exercises took place in a shady grove on Mr. Holman's place. Our teacher deserves credit for her kindly aid, which she freely gives her pupils. Education is something we all should take an active interest in. Sometimes we can aid the children and sometimes we need their assistance. A new schoolhouse in our burg will be the question here soon, as the old building is unfit for our children to spend three-fourths of their time in. It was built about 30 years ago at least; has served for two or perhaps three generations. We sincerely hope the Beaver Creek people will study the matter over, we surely are entitled to a neat schoolhouse. Strawberries are very plentiful this season. F. Thomas and W. A. Kirk are taking an airing in the breezy Eastern Oregon climate. They went horseback. A few Beaver Creekites attended Children's day exercises at Carus, and some went to High land, where exercises were held in the grange hall. All spent a very enjoyable day and ended with about two hours of dancing by the young people. Born, to Mr. and Mrs. Allen Edwards, a daughter. Joseph Fisher is working at Wardner, Idaho. Mrs. Kirk and daughter paid a visit to T. J. Kirk and family, of Highland, Sunday. Later—Our school meeting is over and the way the intelligent people of Beaver Creek want to hold onto old relics (let us drop the curtain). We are surely able in this prosperous, moneyed community to have a neat schoolhouse, and also a hall, if we lay aside our little grudges and grasp with friendly hand our fellow-beings. We have two prosperous stores, postoffice and about six churches within six miles of each other; nice farm houses and barns, sawmills, woodcamps, hop-yards, etc., galore. I wonder sometimes if our little burg has in her haste for wealth nearly forgotten the educational affairs of her sons and daughters. Haying has begun here. We notice several mowers and farm machinery being brought from the metropolises.

Charles Hanson and L. H. Vincent, the Wilsonville school dads, made a flying trip to the metropolis last Friday. An ice cream social was given William Brobst's home last Friday evening. All report an excellent time. Next Sunday will be Children's day at the Hood View church. Between 30 and 40 boys charivariated Mr. Harms last Thursday evening. The boys claimed that they had conclusive evidence that he was married. Mr. Harms says he does not object to the boys having a good time, but that he does object to them smashing his farm machinery and breaking the house down and still he is thankful the boys left the house standing. The boys say if Mr. Harms does not want a charivari, not to bring a new woman to the house and order a lot of beer brought out from Portland, as those things are considered sure signs of matrimony. There will be a social dance at Wilsonville next Saturday evening. June 12. SHORTY.
