"NERVE WASTE."

One of the most helpful books on nerve weakness ever issued is that entitled "Nerve Waste," by Dr. Sawyer, of San Francisco, now in its fifth thousand. This work of an experienced and reputable physician is in agreeable contrast to the vast sum of false teaching which prevails on this interesting subject. It abounds in carefully considered and practically advice, and has the two great merits of wisdom and sincerity. It is endorsed by both the religious and secular press. The Chicago Advance says: "A perusal of the book and the application of its principles will put health, hope and heart into thousands of lives that are now suffering through nervous impairment." The book is \$1.00, by mail, postpaid. One of the most interesting chapters—chapters XX, on Nerves and Nerve Tonics—has been printed separately as a sample chapter, and will be sent to any address for stamp by the publishers, The Pacific Pub. Co., Box 2585, San Francisco in plain sealed envelope.

Eat and Run.

There isn't a man who would be seen running through the street munching a piece of pie. Why not? Because it would mean dyspepsia and stomach trouble? Not at all, but because it wouldn't look well. As a matter of fact many a business man snatches a lunch in such a hurry that he might as well take it on the run. That is one reason for the prevailing "stomach trouble" among men of business.

There is a certain remedy for diseases of the stomach and other organs of digestion and nutrition. It is Doctor Pierce's Golden Medical Discovery. The worst cases of dyspepsia and catarrh of the stomach have been cured by this medicine. It cures where all other means have failed to cure.

"I took two bottles of Dr. Pierce's Golden Medical Discovery for stomach trouble," writes Clarence Barnes, Esq., of Taylorstown, Loudoun Co., Va. "It did me so much good that I didn't take any more. I can eat most anything now. I am so well pleased with it I hardly know how to thank you for your kind information. I tried a whole lot of things before I wrote to you. There was a gentleman told me about your medicine, and how it had cured his wife. I thought I would try a bottle of it. Am now glad I did. For I don't know what I would have done if it had not been for Dr. Pierce's Golden Medical Discovery."

Doctors were scarce, and they seldom heard of Appendix, Nervous Prostration or Heart Failure, etc. They used August Flower to clean out the system and stop fermentation of indigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and had with headache and other ailments. Joe Jefferson's "Horse" Like David Harum's.

Many of Joseph Jefferson's amusing sayings are quoted by James S. Metcalfe in the account in The Ladies' Home Journal for July of a visit paid to the veteran actor in his winter quarters at Palm Beach, Florida. He uses a tricycle for the short journeys possible about that place. Once, as he dismounted from it he remarked: "My horse is like David Harum's; he'll stand without holding. And it's better than a bicycle because he doesn't have anything to lean up against." On another occasion, when caught in a rainstorm and the wind made it difficult for one raised to keep both the actor and his companion J. V. Mr. Jefferson said, philosophically, not complainingly, "I don't mind being wet and cold, because then you don't notice any one place. But this being wet in spots kind of calls your attention to them."
