A typographical error in last issue made us say we saved the county \$12,000 on printing in a year when it should have read \$1200, a mistake of the compositor. While we like credit for what we do we don't wish to overstate facts, and the records will show our saving to the county.

Polk Miller is the best delineator of the old Southern Plantation Negro that has ever appeared on the public stage and in his description of his "boyhood happy days down on the farm," he introduces the most side-splitting stories, and gives the best opportunity of hearing the pure Negro dialect.

There is a good attendance at the New Era Spiritualist camp meeting and many campers are on the grounds. Charles Anderson, the boy orator, is a star attraction, and other prominent speakers continue to fill out the daily programs. An unusual large crowd is expected Sunday. A number of horses from Oregon City and vicinity were cruelly driven and whipped on the Fourth of July. The officers of the Humane Society have been investigating the matter, but as yet competent witnesses have not been found, who are willing to give their testimony. Some offender will yet receive his just deserts for mistreating work horses.

On the Fourth, Mrs. C. Gibbons of Greenpoint unfurled and swung in the open the same flag with which she has annually expressed her patriotic ardor since 1842, it having been given her at a republican rally on June 28th of that year, by citizens of Dallas, Polk county, for the reason that she was postmistress in the banner republican precinct of the county, Bridgeport, a position which she occupied for 10 years.

### A WORTHY SUCCESSOR.

"Something New Under the Sun."

All Doctors have tried to cure CATARRH by the use of powders, acid gases inhalers and drugs in paste form. The powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH, by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "SNUFFLES the GUARANTEED CATARRH CURE" and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.

"SNUFFLES" is the only perfect CATARRH CURE ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve HAY FEVER or COLD in the HEAD.

CATARRH when neglected often leads to CONSUMPTION—"SNUFFLES" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure CATARRH in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "SNUFFLES" the GUARANTEED CATARRH CURE.

Send prepaid to any address in the United States or Canada on receipt of One Dollar. Address: Dent. E. 594, EDWIN B. GILES & COMPANY, 2330 and 2332 Market Street, Philadelphia.

# The Price of Paint

Linseed Oil is climbing higher and higher in price—since June 18th it has been advanced by the jobbers 17 cents per gallon and in all probabilities it has not reached high water mark. This together with the recent advance in the price of white lead makes the use of these highly prized but much over-rated commodities almost prohibitory.

However, I honestly believe if any one has painting to do this year will go into the matter of lead and oil versus prepared paint, carefully, he will reject the oil and lead in every instance. Of course, to be entirely satisfied he must know absolutely that the mixed paint he proposes using is standard, has stood the test of time, and can be vouched for unreservedly by the dealer from whom he buys.

I have stood back of every gallon of mixed paint I have sold in Oregon City for the past 10 years and I mean to continue doing so as long as I have paint to sell; and this leads up to the point I want to make for Sherwin-Williams Paint. You not only have my personal guarantee but also the makers' on every can of the Sherwin-Williams Paints. Their guarantee is backed by unlimited capital.

Would you decline to use prepared paint if it can be proven to you that lead and oil will cost you 25 cents per gallon more than S-W Paint and will not last as long by a year or so?

Come in and let me give you the names of satisfied S-W Paint users.
