The big Apperson barn at Mt. Pleasant was destroyed by fire Saturday evening, with all its contents, consisting of 200 tons of hay, cream separator, carriage and tools. The fire was caused by spontaneous combustion, which started

in the hay getting sweaty. It is believed the fire commenced sometime about noon, although the barn and contents were not destroyed until early in the evening. When the fire was discovered a quantity of water was poured in, and in removing the hay a hole was made through one side, which gave a draft, when the flames spread rapidly, and in a few minutes the entire building was destroyed. The barn was valued at \$1500. The insurance amounts to \$700. The loss of the contents, owned by Josi Bros., will amount to \$3000, with \$2000 insurance. About 75 cows were in the barn in the afternoon, while the fire is believed to have been in progress, but they were turned out in the pastures before the flames spread to the building.

OREGON CITY, OREGON

# We Are Prepared To Carry Out Your Doctor's Orders To The Letter

Ever try us? It has always been our ambition to make this THE Drug Store of Oregon City—a place where your medicine would be as carefully and intelligently prepared as in any Drug Store in the State. To this end we have everything obtainable in the way of modern appliances for doing this work successfully. We buy pretty nearly all of the new drugs and chemicals as they come out, to meet the first demand of the physicians; we also buy everything possible direct from the manufacturer in order that there may be no question as to freshness and quality. These may seem small items but in reality they mean everything to the patient.

For over 10 years we have been preparing prescriptions at the rate of 8000 per year; during this time we have filled prescriptions written in almost every state in the Union, as well as thousands written by the physicians of Oregon City. We have prepared them all carefully and honestly, and we believe every doctor will say that he always gets what he writes for when his prescription goes to Huntley's. If you trust us with your prescription we will fill it exactly as it is written (no matter by whom written) at a price so reasonable that you will come again.
