T. W. Clark, proprietor of the Bandon woolen mills, is at the McLellan house on his return home from a visit to the Pan-American Exposition and other Eastern points. We are informed by Mr. Clark that while East he closed a year's contract to furnish a large Michigan wholesale house with a certain line of goods from his mill, which in order to keep up with San Francisco orders, will necessitate the operation of the Bandon woolen mill night and day during this period. Mr. Clark returned to the coast via San Francisco, where he entered into a contract for a large amount of wool which will be shipped direct to Bandon by boat and from which source a wool supply will be received for the year's run. This mill is constantly behind with large orders and never before has its business prospects been better than at the present time when its products are being eagerly sought by Eastern firms which contract to advance 75 per cent on all goods shipped to them on their arrival at San Francisco.—Roseburg Plaindealer.

No Worrying Arrests.

An injunction was granted the Portland City & Oregon Railway Company by County Judge Ryan Tuesday, restraining the city authorities from arresting employees of the company or otherwise interfering with the operation of passenger, express or freight cars. The complaint on which the temporary injunction was granted alleges that the company has been deprived of its rights under certain franchises granted, and that there is danger of its privileges being still further abridged by arrest of employees and other interference. The trolley company filed a bond of \$5000 as security to the court against any action that might accrue in the future. The matter of the injunction will come up at the November term of the circuit court.

An ordinance was passed by the city council last December granting the trolley company a franchise to operate freight and passenger cars for a period of 50 years, which was declared void by the new council in January. In March George Adams, a motorman of the company, was arrested by the chief of police for running freight cars on Main street, and was fined in the recorder's court. The matter was taken to the circuit on a writ of review, which probably will come up for disposal at the November term.

A superb lot of tablets the best that a nickel will buy. Moore's Pharmacy.

Oregon City Public Schools.

The public schools of Oregon City open next Monday with good prospects for increased attendance. The first term will be of five months' duration, and the second term of four months.

Teachers have been assigned to grades by City Superintendent Wilcox as follows:

Barclay school—First grade, Miss Gertrude Neffger; second grade, Miss Harriet Cochran; third grade, Miss Nettie Walden; fourth and fifth grades, Miss Harriet Case; sixth grade, Miss Myrtle Taylor; eighth grade, Miss Sade Chase; ninth and tenth grades, Miss Addie Clark; eleventh grade, Professor H. D. Wilcox.

Eastham school—First grade, Miss Frances Myers; second grade, Miss Marjorie Caulfield; third grade, Miss Eva Meldrum; fourth grade, Miss Erma Lawrence; fifth grade, Mrs. Nellie F. Glass; seventh grade, Miss Rebecca T. Smith, principal.

For this year's work there is a complete change in text-books, except in grades where books will be completed during the year. An example is shown in history, of which there are two classes. The beginners will use the new text-book and the class that studied history last year will finish with the same book. In the high school, astronomy will be dropped and zoology placed in the curriculum. A specialty will be made of Oregon history and geography.
