The Young Men's Christian Association has entered the contest for the piano to be given away Jan. 20, '02, because we feel need of it worse than any other organization in the city and believe we can use the instrument to better advantage than any other institution

beneficial to the young men of Oregon City Several changes have been made and much new equipment purchased. A new piano would add very materially to

the fornishings. II. The piano we now have is old but would be valuable in the gymna-sium to use in drilling the classes. The m wone would be for u.e in the parlor III. A good piano is an important element in religious meetings and enter-tainments of all kinds which we hope

to have during the coming winter.

1V. Good talent objects to using an inferior instrument but the best will often cheerfolly assist when a first-class piano is at hand.

Every facility added to the Y. M. C. A is a stepping stone for young men to better their conditions. It has a reflex on the town. It is for the good of

the public. Every vote cast for the Young Men's Christian Association, and every legiti-mate effort to secure votes for it will be greatly appreciated and should we be the fortunate organization, the plano will be used to accomplish the most good possible by us. SETH LEAVENS,

When Mr. Glasspool filed plat of Green Point he dedicated streets for the use of the public and afterward mort-gaged parts of said streets to Henry Miley, a rich farmer from the West Side. Mr. Miley could not get his money and and was obliged to foreclose the mort-gage and take possession of the Glass-pool property. Immediately afterwards he lenced the river front and part of the treats and roaded treasure process and streets and posted trespass notices and would not permit any one to go on certain parts of the public streets. He also refused the public use of a well in the street. The citizens of Green Point only want what is right and don't want a "worse kicker than Sheol" to tramp on their public rights, and will see that he does not do so. The city council has referred the matter to the street committee and the dedicated streets will be

THE ASSESSOR'S OFFICE.

Expansion of Clerical Work in this Department of the County Government.

Last week the Courier-Herald made the statement that the assessor's office cost the taxpayers, now, \$850 per month. The statement was not correct. Payments for wor't are made per diem, but if each person connected with the assessor's office put in 26 days as a month's work, the account would be as follows: follows:

assessment books. A few years ago, one book would contain the entire assess-ment roll. Now six large books are necessary, which contain, approximately, 37,000 descriptions. Under the old order of things, if one person owned 48 lots in a block, they were entered in the tax roll on one line. Now 48 lines are required, which, as the assessor says, the law and common justice requires.
