TAX SALES

Where People Are Buying Themselves Wealthy

One has read of people buying themselves rich, and this has been exemplified to greater or lesser degree at the court house this week. Sheriff Cooke has been selling the delinquent tax property bid in by the county for 1892-3 taxes. It has appeared on the advertised delinquent list for these many years, but these long lists of Minthorn, Gladstone, etc., will appear in print no more—they have passed into the hands of new owners. There were also many smaller properties scattered helter and crooked all over Clackamas county. These too have gone or going. Some of them may be on the summit of the forest reserve when the location is discovered, or they may not. P. H. Marley, of Portland, is the principal bidder on properties, he having ascertained which were correctly described beforehand. There also are other bidders. A number of men and women were present at the sales and bid in pieces of property from 50c up. A half-acre tract in the vicinity of Damascus went for 25c. An attorney bid in a tract for \$1, and when he examined the description found that it was located on the townsite of Aurora in Marion county. Very little of the property brought enough to pay the taxes against it, but it will not have to be advertised any more. There was \$2700 against the Gladstone property, and it brought \$700. Minthorn lots went for a tune. The descriptions are correct in some of the tracts, and the purchasers have bought themselves rich, while a cloud of doubt hangs over many others.

COMMENTARY

The Courier-Herald prints more original matter about farms and farming, during the year, than any paper ever printed in Clackamas county. It does not copy them second-hand either from cheap farm journals. Neither does it print old worn-out board of trade cards that have been used in every advertising pamphlet issued in Oregon City for the past 15 years. The reporter gets out and secures actual experiences from reliable, practical farmers, oftentimes making trips through the county. On a recent trip something was learned of the damnable, contemptible methods employed by the proprietor of the Enterprise. Not long ago a responsible farmer was in town, and gave the reporter some statistics concerning his own and neighbor's crops. The first senator wrote to one of his henchmen, living in the neighborhood of this farmer, asking him to write a letter to the Enterprise, stating that the published report was false. The aforesaid henchman refused to lend his aid to such a dirty plot. The vilest architect or lowest ward heeler, would not engage in a transaction of this kind, let alone the aspirant for a state office. It also is rumored that he uses the Oregon City edition of the Evening Telegram to knock people that he does not like.

If one has any doubt of the benefits it accrues to a community by the establishment of a cheese factory or creamery, it would be well to investigate the conditions in the vicinity of Logan—Large, new barns, good roads and a general air of prosperity.

Letter List

Following is the list of letters remaining uncalled for in the postoffice at Oregon City, Ore., on Sept. 26th, 1901:

Women's List—Miss Long Mato, Miss Anna Pique.
Men's List—John B. Stemmer, Curtis Burk, William Corben, V. E. May, George B. Moore, Laverne Bros., McCullough, William White, L. C. Walker, Archie Wright.

Red Men Denounce Anarchists

Wacheno Tribe, No. 13, Independent Order of Red Men, at their session last night adopted the report on resolutions relative to the death of the late William McKinley. President of the United States, prepared by a special committee composed of C. Hartman, John Kelley, and Henry Meldrum. The resolutions convey the sympathy of the order of Red Men to the widow of the great statesman, and express their unswerving loyalty to their country, and also denouncing anarchy. The resolutions follow:

"Whereas, the Great Spirit of the Universe has seen fit to remove from the reservation of the earth to the happy hunting grounds of the pale-faced our beloved President, William McKinley; and

"Whereas, Wacheno Tribe, No. 13, I. O. R. M., first as Americans, and second as Red Men, wish to express their sentiments upon this sad occasion. Therefore be it

Resolved, That our heart-felt sympathy is extended to Mrs. McKinley in this, the hour of her great affliction; that we deplore the death of our beloved President at the hands of an anarchist assassin; that we pledge ourselves as Red Men to assist in every way, that is legal and just, to exterminate all societies of anarchists from American soil; that we believe that strict laws should be passed, barring from the shores of America, such foreigners as are even liable to join such societies, with which the murderer of Mr. McKinley is identified.

"That while we, as individuals, may have expressed a desire to see lynch law prevail, we still, as a loyal, law-respecting order, desire to see the majesty of the law rule the land and we deplore any sentiment that will bring disgrace upon the grand record of America, proudly upheld and bravely defended by the Red Men of America. Therefore be it

Resolved, That the charter of Wacheno tribe be draped in mourning for thirty days;

CHRIS HARTMAN,
JOHN KELLEY,
HENRY MELDRUM,
Committee of Wacheno Tribe.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and is made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists, 75c per bottle. "The Great Carnival, which opens at Portland on Sept. 19th and continues till October 19th, 1901, will be well worth a visit to the metropolis.

Exhibits of agricultural and horticultural products, mining and manufacturing industries, athletic exercises, a horse show at which feats of horsemanship and the various forms of fancy riding will be seen, and a magnificent military tournament, participated in by picked companies from the Oregon National Guard, are a few of the attractions at the Carnival this year.

The Southern Pacific Company will sell tickets at low rates for this occasion and will also run a special excursion from Ashland to Portland and return, stopping at all intermediate stations, the date and rates for which will be announced hereafter.

A WORTHY SUCCESSOR.

"Something New Under the Sun."
All Doctors have tried to cure CATARRH by the use of powders, acid gases inhalers and drugs in paste form. The powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH, by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "SNUFFLES the GUARANTEED CATARRH CURE" and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.

"SNUFFLES" is the only perfect CATARRH CURE ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve HAY FEVER or COLD in the HEAD.
