MITCHELL WAGONS

Best possible to build. No wagon is or can be better than a Mitchell, because the cream of wood stock is used, only after being thoroughly seasoned. The wagon is well ironed, well painted, well proportioned, and runs the lightest of any. It is nearly 70 years since the first Mitchell wagon was built, and they have been built continuously ever since by the Mitchells. When you buy a Mitchell, you get the benefit of this 70 years' experience.
