It is nearly 70 years since the first Mitchell wagon was built, and they have been built continuously ever since by the Mitchells. When you buy a Mitchell, you get the benefit of this 70 years' experience.

Under a socialist system of government when every man and woman received a fair share of what they produced there would be no incentive to rob and steal, but there are so many that say, "oh, but I want my individuality," which is anarchy pure and simple. Brush the dust off of your dictionaries.  
O. K. Admiral Schley, Mr. Editor. CORPORAL.
