

CORRESPONDENCE

Union Hall.

Sam Wilkerson, of this place, has been looking at some of the Oregon soil, and he is well pleased with part of it. John Thomas has finished walling a cell for Mr. Foster. James Wilkerson has been making some improvements on his farm here lately. Perry Burns is building a new barn on his place. Charles Pembroke is helping him to build it. Mrs. George Kilemire and her twin daughters, of Clackamas, were visiting Mrs. John Burns last week. They returned home last Sunday. School started here on November 4th. Mrs. Webb, of Portland, is visiting Mr. and Mrs. H. S. C. Phelps, of this place. There are potatoes in this part of the country that are yet green. Mr. Skinner, of the Alpine farm, is moving away. This will give some other man a chance to get the Alpine arm.

BACKWOODS.

Highland.

Everything is lovely in Highland when the goose hangs high. Our worthy road supervisor, Mr. Stromgren, worked the main road through Highland last week, and the way they pounced upon the flat rocks and made mud holes in the road was a sight never to be forgotten. The force should have been divided into small squads and worked to better effect. We had a magic lantern exhibition Saturday night at the hall. Mrs. Harlan and Mrs. Flynn, both from Missouri, and sisters of A. Nicholas, of Highland, who have been here on a visit have returned. We are having improvements made here. F. B. Mitchell is erecting a new dwelling, which will be nice and cozy when finished. Messrs. Pollock and Fred North are also building homes. The Hallowe'en crowd thought they had lots of fun, but the sensible people thought different.

Marks' Prairie.

F. O. Seaton has recovered from his sickness and is again able to be about. Hop-growers are feeling a little blue on account of the low price of hops. O. Koehler has sold part of his hop crop, and he will speculate on the balance. Farmers have about finished putting in their fall grain and are now digging spuds. William Bidwell and his mother have returned to Cottage Grove, their old home. Dan Kauffman has rented the Ransdall farm. Coleman Mark is putting up new fences and otherwise improving his farm. Charles Oglesby is helping the Kendall boys at Maackburg this week. Several young people of this place attended the dance at Barlow last Saturday night and report having had a good time. Ephram James has purchased a red buggy, and now the young ladies are making "goo goo eyes" at Eph. It seems as though the Dutch and log-fennel will soon take this part of Clackamas county. Mr. Bagby, the Needy sawmill man, is doing a good business at present. He employs about 15 men and thereby puts considerable money in circulation. The mill has a capacity of 20,000 feet of lumber per day. John Stubbs and wife, of Molalla, are the new employes at Mr. Bagby's sawmill.

Stop the Blight

It is a sad thing to see fine fruit trees spoiled by the blight. You can always tell them from the rest. They never do well afterwards but stay small and sickly.

It is worse to see a blight strike children. Good health is the natural right of children. But some of them don't get their rights. While the rest grow big and strong one stays small and weak.

Scott's Emulsion can stop that blight. There is no reason why such a child should stay small. Scott's Emulsion is a medicine with lots of strength in it—the kind of strength that makes things grow.

Scott's Emulsion makes children grow, makes them eat, makes them sleep, makes them play. Give the weak child a chance. Scott's Emulsion will make it catch up with the rest.

This picture represents the Trade Mark of Scott's Emulsion and is on the wrapper of every bottle. Send for free sample. SCOTT & BOWNE, 409 Pearl St., New York. 50c and \$1. all druggists.

Currinsville.

Mrs. L. E. Marrs returned to her home in Salem last week after a short visit with relatives in Currinsville and Springwater. Born, Oct 24th, to the wife of John K. Ely, a 9 1/2-pound boy. Mrs. R. A. Looney is quite sick at the present writing. Maggie Smith and Pearl Foster, of Eagle Creek, are attending school here since we have a ninth grade established, and Emmett Huffman, of Garfield, will start this week. We are glad to see so much interest taken by outside pupils and think some of our own large boys and girls would be wise to follow their example. Some of the boys were out Hallowe'en, but we did not hear of any serious mischief being done, beyond stretching a few wires to trip somebody.

Barlow.

Here we come again, comrades, not to tell you about the weather for that is fine, and everybody in the Willamette valley knows it but about the dance in Columbia hall Saturday night—it was a hummer. There were over 80 people present. Five sets of quadrilles were danced at one time. They all tripped the light fantastic web to sweet strains of music, such as our regular orchestra always renders. The orchestra is composed of Bud Tall, Will Covey and Arthur Scoggin. The crowd was orderly with the exception of a few tough boys from Canby that most all ways grace, or rather disgrace such occasions by their presence, but the Canby boys are not all tough. There are some gentlemen among them, who are always welcome at the Barlow dances, but for all-round ladies and gentlemen we can recommend the Aurora girls and boys. There is no telling how many would have been there if the Enterprise hadn't tangled dates by putting it off until the 20th, but the correspondence assures us that it was no fault of hers. But this is a warning. Don't monkey with the Enterprise, as it is in the habit of getting its figures wrong. The dance that was given Saturday night netted the school house organ fund \$13.50. The committee has now on hand enough money to purchase a plain organ, and will proceed to do so soon, or should at least. Miss Mable McClane, of Portland, is visiting with the Barlow family. She attended the dance Saturday night. We have been authorized to offer a reward of 25,000 pesos for the return of the organ that was abducted from the M. E. church of this place for the ostensible purpose of using it at the M. E. camp-meeting at the Canby camp grounds in July. If you don't intend to return the organ, come and take the building also, for why encumbereth the ground whereon it standeth, or else pay taxes on it, for it is not being used for church purposes as the law requires to escape the taxation. Can some of the comrade correspondents of the Courier-Herald come to my aid with a little advice. We have a fine young cow, but she is everlastingly switching her candle appendage when I am milking her. What would you do under the circumstances? Dr. Bennie Geisy, George Frye and Billy Bauer, all of Aurora, came down to the dance Saturday night, and not one of the old bachelors brought a girl. You are always welcome, gentlemen, but don't let that "go it alone" condition occur again. Remember! Comrade Henry Alvin attended the dance, but he could not get up enough courage to ask any of the girls to dance with him. The ladies of this place served a very nice lunch in the dining hall Saturday night at 10 o'clock, which was enjoyed by all who could rustle the required 10 cents.

We thank the editor of the Oregonian for his most excellent editorial on socialism in last Sunday's Oregonian. Will Tall took a party of ladies out in his tallyho coach Monday afternoon. Will is an expert with the ribbons. The Barlow bridge is nearing completion. The woods around this place are full of woodchoppers. If the prohibitionists really want the sale of liquor stopped they should study socialism. If the preachers want to make the people good they should preach socialism. Little Jake and Carl Rueck attended the dance Saturday night with three sisters and cousins. That's right, gents, if you cannot bring somebody else's sisters, bring your own.

CORPORAL.

Woodburn.

Miss Menta Foreman left for Gervais Monday, where she will be the guest of Mr. and Mrs. Dusenbery and family for the coming week. Rev. Henshaw, of Marion, came down Tuesday to make his son, our station agent, a short visit. Several new families from the East have moved into Canby within the last few weeks, and our population is increasing fast.

George Hampton and wife left for Washington last Tuesday, where Mr. Hampton has taken up a ranch. Jack Howard and Andrew Knight are back here now with the steam shovel. The Southern Pacific Co. have brought their steam shovel from Myrtle Creek and have placed it in the gravel pit and the way the dirt is coming out isn't slow. The workmen expect to stay here all winter, which will make times lively in Canby, as there are from 25 to 30 men employed to do the work.

Eagle Creek.

Mr. and Mrs. Gordon celebrated their golden wedding at the home of Mrs. L. Glover last Saturday. The Eagle Creek Grange will give an entertainment and pie or cake social on November 23. Professor Ogle will furnish music for the evening.

Meadowbrook.

Last Thursday morning John Dolan's house with most of the contents was destroyed by fire. The origin of the fire is unknown. Mr. Dolan will rebuild. There will be a basket social and dance at Canyon Creek hall Saturday night, November 9. Walter James and family have moved to Oregon City, where Mr. James has a position in the Crown paper mills. Rev. Parcell, of Ely, preached to a large congregation last Sunday. There will be services at the same place Sunday, November 17th, at 3 o'clock p. m. Mr. and Mrs. Frank Winslow were visiting the latter's sister, Mrs. W. E. Garrett, on Sunday. OTRA.

Maackburg.

This is strange weather for Oregon. Most everyone is ready for rain now. Mr. Klebe, of this place, is building a new barn. Ross Fryear has bought a new horse. Mr. Smith is building a barn north of his store. There will be a dance in the K. O. T. M. hall Saturday night. A good time is promised those attending. Mrs. Lorenza has returned from Nebraska. MARS.

Maple Lane.

A rousing Hallowe'en party was given at the home of G. F. Gibbs last Thursday evening, and a good time was enjoyed by those attending. As the boys were highly entertained they did no mischief, which proves that if you treat a boy right, he's all right. Misses Jessie and Letha Jackson were the guests of Annie Shortridge last Sunday. All of our boys, who went away for the summer, are home now. The last one to return was Benjamin Beard. Miss Minnie Waltemathe is home for a two weeks' stay. Frank Beard, eldest son of William Beard, arrived here last Sunday from Spokane, Wash. J. Schilling and family have moved into our neighborhood. Gibbs & Co. are baling hay at home today. PANSY BLOSSOM.

Mountain View.

Frosty nights have come to this burg again. Mr. Scoggins, of Woodburn, was the guest of J. W. Currin last Wednesday evening. Mrs. F. M. Darling and her sister, Mrs. White, of Iowa, went to Idaho last week to visit their sister, who lives there. Mr. Ely has sold another lot near Mr. Lock's property on Hood street. Mrs. Rayfield, of Oswego, was visiting her brother, James Fisher, last Sunday. They have just received the sad news of the death of their mother at California. There is a dog in this burg known as the church dog. It has made its home under the church for several years and coming out every evening to get food and drink. It has lately moved to Duane Ely's house. We wonder who its owner is. Another house in Ely is occupied, but we have not learned the name of the family. They have moved into Mr. Savage's house. Mrs. Gartman and children started to Montana last Monday to join her husband, who has a position on the railroad in that state. Mr. and Mrs. Bixby, of Kansas, are visiting R. T. Beattie and family. Mr. Davall is on the sick list, and is not able to be at work. Samuel Francis spent last Sunday at Tuslatin. SALINA.

Special Announcement

Many years ago while employed in the department of chemistry of Guy's Hospital and Medical College, London, England, I secured the formula for a remedy for the cure of dandruff and falling or thinning hair. I had occasion to notice cases where its use produced a beautiful growth of hair on persons who had become almost bald. Since coming to Oregon I have recommended its use to some of my personal friends who were troubled with dandruff and threatened with baldness; also at the solicitation of many others have made up small lots of the remedy for their use. I can truly say that I do not know of a case where used according to directions it has failed to prove beneficial. I have concluded to manufacture the remedy for general sale. A trial by anyone troubled with dandruff, falling or thinning hair or threatened baldness will convince them of its merits. RICHARD PRIER.
