Y. M. C. A. Notes.

The ladies' gymnasium class met again Tuesday evening with an unusually large attendance for a starter, and is expected to grow in number in the next few weeks. All present were given their first lesson in physical culture. Those wishing to join this class are urged to do so at once as its first class nights will be given up to preparation for the regular class work. The association will be pleased to welcome any ladies who wish to come as spectators. Next Saturday morning a class will be organized for young ladies between the ages of 14 and 20 years. This class will meet but once a week and is intended especially for those who attend school, however if there are any others who wish to join. The Association gave its first free entertainment of the season last Saturday evening. The members' parlors were thrown open to the members and their lady friends for a social time. After a short program of songs by Mr. Loser and Miss Warner, and Indian club swinging by Mr. Wilson, those present were entertained in the gymnasium. The Evening Class gave a small exhibition of marching, drum bell drill and, buck jumping from the spring board, after which the class lined up for a game with the medicine balls. The entertainment wound up with a game of indoor baseball between the Evening and Five O'clock classes. The Five O'clocks were first at bat. They started off to win the game in the good old baseball style, getting a lead that the Evening Class could not overcome. After four innings of hard playing encouraged by friends in the gallery, the Five O'clocks were declared winner by a score of 16 to 12. As each team now has a game to its credit, another game will be played to determine the winner. The militia have sent a challenge to the association which is being considered, and will probably bring the two teams together in the near future. The afternoon meeting next Sunday will be led by Rev. Grim. All men are urged to attend this meeting. Recruits for the Bible class are desired, and those attending will be benefited by them.
