**NEWS OF THE WEEK.**

Wednesday, November 13.  
A. N. King, a prominent resident of Portland dead.

Thursday, November 14.  
The secretary of the interior has instituted a bureau of forestry.

The president's message will contain no reference to tariff revision. The President endorses the Lewis & Clark exposition.

"Last winter an infant child of mine had croup in a violent form," says Elder John W. Rogers, a Christian Evangelist, of Filley, Mo. "I gave her a few doses of Chamberlain's Cough Remedy and in a short time all danger was past and the child recovered." This remedy not only cures croup, but when given as soon as the first symptoms appear, will prevent the attack. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by G. A. Harding.

**Sure Proof.**  
When France and Germany were at war, an Englishman was arrested by the French and accused of being a German spy. A letter dated "Berlin" and signed by his mother was found upon him. He was tried by drumhead court martial and condemned to be shot.

On the way to the place of execution he said that he had left something behind and insisted on going back for it. "You can't go back," was the reply. "You are about to be shot." "I can't help that," said he. "I have left something, and I must get it." "What have you left?" "My umbrella."

That settled it. He was released. No one but an Englishman, said his captors, could be such a thoroughgoing imbecile as that.

**Good Literature**

The Northern Pacific is noted among railways for its advertising matter. Its pamphlets, folders, booklets, etc., are tastefully gotten up and are valuable for what they contain. Here is a partial list of what MR. CHAS. S. FEE, General Passenger Agent, St. Paul, Minn., will send out, carefully mailed, upon receipt of prices given. Any combination can be made, and money or express orders, silver or stamps will be accepted. This is a fine opportunity to obtain good descriptive reading matter for little or nothing.

**SPREADS LIKE WILDFIRE.**

When things are "the best" they become "the best selling." Abraham Hare, the leading druggist, of Bellevue, O., writes: "Electric Bitters are the best selling bitters I have handled in 20 years." You know why? Most diseases begin in disorders of stomach, liver, kidneys, bowels, blood and nerves. Electric Bitters tones up the stomach, regulates liver, kidneys and bowels, purifies the blood, strengthens the nerves, hence cures multitudes of maladies. It builds up the entire system. Puts new life and vigor into any weak, sickly, run-down man or woman. Price 50 cents. Sold by G. A. Harding, druggist.

**Deafness Cannot be Cured**

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be restored forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

**A Long Way Off.**

An interesting calculation has been made by a French geologist to the effect that, taking into consideration the wear and tear on the solid land by ocean washing, rivers, wind and weather and leaving out of the calculation volcanic action, the world will in 4,500,000 years be completely under water and no dry land exist at all.

**Knew Her Well.**

"I did not know that you knew my wife."

"Oh, yes; very well."

"Where did you meet?"

"Never before; but one of my servants lived at your home two months."

**Tale of a Dormouse.**

This tear compelling tale is from the London Globe: "A young lady bought a dormouse. After keeping it for some time she had occasion to send a present to a friend and utilized the dormouse for that purpose. A few months later the friend wrote to say that the pet did not seem very lively and was refusing its food. Would she come and inspect it? She came and inspected it and finally feeling that this was a case for professional opinion, called in a vet. The vet's verdict was brief and to the point. The dormouse had been dead just six months."

**Advice About Health.**

Don't worry about your health. More people make themselves ill by doing that than is generally supposed. If you are constantly thinking that there is something the matter with you, you will do yourself harm. Live as far as you are able a healthy life and for the rest take your chance like a man. There are plenty of people who suffer a living death by allowing themselves to imagine that they are going to have every illness they read about.

**Depressed.**

"I am afraid Billings has met with reverse."

"What makes you think so?"

"He goes about with a gloomy look, saying there is no such thing as disinterested friendship. That is almost a sure sign that a man has been trying to borrow money."—Exchange.

**Sure He Knew Best.**

Mamma—Dora, your father says that that young man of yours, Mr. Hartt, is deceiving you.

Dora—But he isn't, mamma, for I asked him, and he said he wasn't. Of course he knows better than papa.—Boston Transcript.

May—Have you heard of Clara's hard luck?

Belle—No. What is it?

"Now that they are married they have to retrench awfully to make up the money he wasted while courting her."—Life.
