Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to care Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed con-dition of the mucuous lining of the Eus-tachian Tube When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is en-tirely closed Dealness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be resrtoyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous

We will give One Hundred Dollars for we will give the Hundred Bollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
