Liberals. A dispatch from Colon surrenders states that Generals Alban and Jeffries arrived here and were received at the railroad station by the guards of the Machias and the British second-class cruiser Tribune. The government commanders came to arrange terms for discontinuing the struggle. A conference was held on board the United States gunboat Marietta in the harbor. The commanding officers of the Marietta, of the British cruiser Tribune and of the French cruiser Souchet, and Lieutenant-Commander McCrea, of the Machias, and Captain Perry, of the Iowa, were present, as were Generals Alban and Jeffries, representing the government of Colombia, and Senor de la Rosa, secretary to General Domingo Diaz, who represented the Liberal party of Colombia. No information of the result of this conference has been made public, and none of the details of the understanding has leaked out.

Senator Mitchell today wired the Portland chamber of commerce from Washington, Oregon, asking for statistics as to the gold output of Oregon and other data showing the necessity for the establishment of an assay office in Portland. He expects to introduce a bill for that purpose at the first opportunity. The senator also asked for statistics of tea shipments to Portland, intending to make an effort to secure the appointment of a tea examiner at that point, although the outlook is not favorable. He will also bring the matter of the Lewis and Clark Centennial Exposition to the attention of congress at an early date.

The Liberals in Colon have surrendered in an orderly manner. The terms of surrender agreed upon at yesterday's conference on the United States gunboat Marietta, and at which the commanding officers of the Marietta, the British cruiser Tribune, and of the French cruiser Souchet; Lieutenant-Commander McCrea, of the Machias; Captain Perry, of the Iowa; Generals Alban and Jeffries, representing the government of Colombia, and Senor de la Rosa, who represented the Liberal party, were present, are briefly as follows: Senor de la Rosa agreed to surrender the Liberal soldiers now at Colon, with their arms, to Captain Perry at noon today. Captain Perry in his turn agreed to hand over these men and their arms later in the day to General Alban, who in turn guaranteed life and liberty to all men recently in arms against the conservative government of Colombia. The surrender of arms was bona fide in every respect.

The coroner at Adrian, Mich., has been investigating the Washash railroad disaster, but has not yet located the cause.

A special rate has been made on Oregon wheat to Utah, to relieve the shortage there. A dispatch from Salt Lake says that local millers and dealers were made happy by the announcement that a 40 cent rate on Oregon wheat had been agreed upon by the Oregon Short Line and O. H. & N. Companies. At this rate wheat grown in the Palouse country and Eastern Oregon can and will be shipped into Utah and bring 72 to 75 cents per bushel.

A dispatch from Washington under date of November 30th, states that the caucus of the republican members of the house was held in the house of representatives this afternoon and lasted about three hours. Speaker Henderson and the old officers of the house were made the unanimous choice of the caucus. The major portion of the time was devoted to an effort, led by Representative Hepburn, of Iowa, to effect some changes in the rules of the first house. Mr. Hepburn has made a similar fight for the liberalizing of the rules at the opening of each congress for a number of years, but without success, and today he was unsuccessful.

Congress One of the first measures of national interest, which will be introduced in the senate at this session, which will begin tomorrow will be a resolution looking to public action concerning the death of President McKinley. This will be presented Tuesday by either Senator Foraker or Senator Hanna probably the former, and after its introduction the senate will adjourn immediately as a mark of respect to the memory of the dead President. The annual message of President Roosevelt will not be received until Tuesday, and on this account the session of Monday will be exceedingly brief. It is not now expected that anything will be done on that day beyond the announcement of the death of Senator Kyle, following which the senate, in accordance with custom, will adjourn for the day.

A Woman's Awful Pain.

"There is only one chance to save your life and that is through an operation," was the startling words heard by Mrs. L. B. Hunt, of Line Ridge, Wis., from her doctor after he had vainly tried to cure her of a frightful case of stomach trouble and yellow jaundice. Gall stones had formed and she constantly grew worse. Then she began to use Electric Bitters which wholly cured her. It's a wonderful Stomach, Liver and Kidney remedy. Cures Dyspepsia, Loss of Appetite. Try it. Only 50 cents. Guaranteed. Women and Jewels

Jewels, candy, flowers, man—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will risk her life to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boche's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get Dr. G. G. Green's reliable remedies at George A. Harding's. Get Green's Special Almanac.

Bright's Disease.

The largest sum ever paid for a prescription, changed hands in San Francisco, Aug. 30, 1901. The transfer involved in coin and stock \$112,500.00 and was paid by a party of business men for a specific for Bright's Disease and Diabetes, hitherto incurable diseases.

They commenced the series investigation of the specific Nov. 15, 1900. They interviewed scores of the cured and tried it out on its merits by putting over three dozen cases on the treatment and watching them. They also got physicians to name chronic, incurable cases, and administered it with the physicians for judges. Up to Aug. 25, eighty-seven per cent of the test cases were either well or progressing favorably.

There being but thirteen per cent of failures, the parties were satisfied and closed the transaction. The proceedings of the investigating committee and the clinical reports of the test cases were published and will be mailed free on application. Address John J. Fulton Company, 429 Montgomery St., San Francisco, Cal.

Editor Lynch of "Daily Post" Phillipsburg, N. J., has tested the merits of Foley's Honey and Tar with this result: "I have used a great many patent remedies in my family for coughs and colds, and I can honestly say your Honey and Tar is the best thing of the kind I have ever used and I cannot say too much in praise of it.
