## NEWS OF THE WEEK.

Friday, December 6.

**Congress** Two hundred and eighty-five delegates, representing more than 1,500,000 workmen, responded to the roll call at the opening session at Scranton, Pa., yesterday. It was the beginning session of the twenty-first annual convention of the American Federation of Labor, which was called to order by President Samuel Gompers in St. Thomas college hall at 10:30 o'clock this morning. The convention is said to have been the convention of workmen ever held in this country. Organization, settlement of questions involving contested seats, and the reading of annual report of the president, secretary and treasurer, took up the entire session of the convention. During the course of the day there was one surprise sprung on the delegates and one important decision was also made. The surprise came in the form of an objection to the seating of the United Mineworkers delegates, and the important question decided related to the contested seat of the delegate from the central labor union of Richmond Va., which body refused to admit negro workmen to its organization.

In the United States senate, Senator McComas spoke on the subject of anarchists. A senate committee was appointed on memorial to the late president. The senate received the reciprocity agreements from the president. Moody will introduce a bill for the enlargement of the Portland postoffice. Congressmen object to Philippine revenue laws originating in the senate.

The text of the Hay-Pauncefote treaty has been transmitted to congress. The defeated candidate for mayor at Aberdeen, Wash., will call for a recount.

The Lewis and Clark fund stands at \$300,895, with over \$100,000 more in sight.

Princely A dispatch to the central news, London from Amsterdam says that Major Van Tets died Thursday evening. Maj. Van Tets was wounded in defense of Queen Wilhelmina by Prince Henry, or, as all Dutchmen now contemptuously call him, "The German." Van Tets was one of the noble youths who formed the body guard of the smiling young Queen when she was married in February, and who have since been at their royal mistress' beck and call on every occasion. They pride themselves in their servitude, and in this matter-of-fact 20th century their chivalrous devotion to Queen Wilhelmina is a pretty thing to see. It is whispered that every man of the 10 handsome youths who surround her majesty's carriage when she drives abroad, skate with her when she skates, ride with her when she rides and direct attention dance or her generally, has been at one time or another head over ears in love with the dainty little lady in whom

Holland's hopes are centered. Official contradictions, notwithstanding, nobody at The Hague doubts for a moment that the queen and her consort have practically been at loggerheads ever since the wedding. Prince Henry is an unpleasant person. He eats too much, drinks too freely, and hunting occupies him far more than his wife, and Wilhelmina on her side is not a woman to allow herself to be neglected with impunity. It is said that she stanch Van Tets' wound with her hands and insisted on her husband begging the pardon of the jokier as well as herself before she would forgive him. All the romance of the marriage of Wilhelmina and the man she herself chose has disappeared.

The senate committee on foreign relations voted to report the canal treaty favorably. The house may pass a Philippine tariff bill before the holidays. Chairman Foss, of the house naval committee, wants another drydock at the Puget Sound yard.

The federation of labor convention appointed a special committee on Chinese exclusion.

James G. Green was hanged at Stevenson, Wash., for killing E. V. Benjamin last March.

The circuit court of Marion county has decided that Sheriff Durbin has authority to place the delinquent tax list.

The Prohibition party held a convention in Portland yesterday, and nominated a state ticket, as follows: For governor, Rev. A. J. Hunsaker, of Yamhill county; for treasurer, T. S. McDaniel, of Multnomah county; for secretary of state, N. N. Davis, of Umatilla county; superintendent of public instruction, H. W. Kelsey, of Yamhill; state printer, W. W. Brooks, of Multnomah; supreme judge, C. J. Bright, of Wasco; attorney-general, F. H. Goynes, of Tillamook; for congressman, second district, F. R. Spaulding, of Wasco.

Wrecked The north-bound California express due at Salem at 4:24 p. m., was derailed on the trestle 200 yards from the depot yesterday afternoon. The engine and the mail and baggage cars, smoker and one day coach left the rails. Fireman Silas L. Fish received injuries from which he died soon after being taken to the hospital. Engineer William H. White was badly scalded, but is expected to recover. None of the passengers or other members of the train crew received any injuries. An open switch caused the accident, and it was owing to the prompt efforts of the engineer, that the entire train did not go out on the side track and become a total wreck, resulting in much loss of life.

A reciprocity feature may be incorporated in the forthcoming Philippine tariff bill. The McKinley memorial fund will go to the Canton monument, and congress may appropriate for the arch.

A trainload of Oregon hops started for London from Portland last night. The train was made up of 30 cars, the shipment consisting of 2850 bales. The hops were consigned by H. M. Durst, of Wheatland, Calif., who has advanced

the growers, individual members of the Oregon Hopgrowers Association, nine cents per pound under the stipulation that whatever is received for the hops over 13 cents per pound will revert to the grower. Mr. Durst pays the expenses of Francis Feller, of Butteville, who goes as a representative of the state association, to see that the growers have fair play. Mr. Durst agrees to sell hops only to brewers.

Monday, November 9.

Favored A program of protest The against British methods in Boers. in the South African war was carried out in the auditorium in Chicago last night before a large audience. Following an eloquent address by W. Bourke Cochran and earnest speeches by others, resolutions for the appointment of a committee to bring the sentiments of the meeting before the president were adopted. Although an admission was charged, the funds being intended to aid the Boers, and especially their women and children, standing room was at a premium, and many were unable to gain admittance.

The annual report of Professor Willis Moore, chief of the United States weather bureau, says that substantial improvements have been made during the past year in the weather bureau system of wireless telegraphy.

The report of the death of Van Tets was not confirmed.

The labor convention will vote unanimously for Chinese exclusion.

Editor Lyness of "Daily Post" Phillipsburg, N. J., has tested the merits of Foley's Honey and Tar with this result: "I have used a great many patent remedies in my family for coughs and colds, and I can honestly say your Honey and Tar is the best thing of the kind I have ever used and I cannot say too much in praise of it. Charman & Co.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and, therefore, requires constitutional treatment. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.
