

# ADAMS BROS.' GOLDEN RULE BAZAAR, Oregon City's Big Cash Store

The above picture shows the present store of this enterprising firm that has moved twice to larger quarters since starting in business in Oregon City less than two years ago. It is surprising the trade that this firm does, not only in consequence of having first-class business ability, energy and perseverance, but in doing a strictly cash trade which they believe, like others, to be the only foundation for success, as it gives to

the customers the benefit of lower prices than can be given on the credit system.

The firm carries in addition to a complete line of ladies' and gentlemen's furnishing goods, hats, and shoes, a full line of glass, china, tin and granite ware, stationery and toys of every description.

The stock in this store is well selected and bought after years of experience in buying to satisfy customers. The present store of

this firm is the largest and finest store room in the city, the building being put up especially to suit the firm, being well lighted with enough floor space to properly display goods. This firm is to be congratulated upon its remarkable success in pleasing the buying public.
