fit of those residents of Oregon, and especially of Clackamas county, who may have been overtaken by the "moving fever and California hysterics," allow me enough space in your instructive paper to say: That a poor man will not better his condition by moving to Catiforma. There are greater opportunities 1 70 offered to the average man in Oregon than here. I will give a few figures to show that it is true what I say. There 20 are many men out of employment here now-none are out of work in Oregon. An acre of orehard will cost from \$500 to \$1000 A year's crop will not equal that 4 50 amount then the expenses of irrigation are enormous. 1 70 Irains. An acre of land at \$100 in Oregon planted to polatoes, will yield \$100 worth of potatoes in the first year-with no expense of irrigation. The heavens are very generous to Oregon in that respects. They refresh all creatures and replenish the fountains of the hillsides and valleys 75 with crystal "nectar."

Prices of farm lands here are from five to ten times as much as they are in Oregon, hence the difficulty for a man of moderate means to get a footbold. There 2 00 are more far as lost to their owners here because of inability to raise the mortgage, than there are in Oregon. Yet there are people who will find it necessary to move to this state because of ill health, following the advice of their doe-85 tors. Such conditions after situations, 3 00 and people will move. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitational disease, requires a constitutional treatment. Hail's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the sys-tem, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cu e. Send for list of testimo-

Jewels, candy, flowers, man-that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strengons efforts to make or save the money to purchase them. When Will Democracy Die!!!

When the lion eats grass like an ox, And the fish-worm swallows the whale. When the robins knit woolen socks, And the hare is outrun by the snail, When serpents walk upright like men, And doodle bugs travel like frogs, When the grasshoppers feed on the hen And feathers are found on the hogs, When Thomas cats swim in the air, And elephants roost on trees, When insects in summer are rare, And snuff never makes people sneeze, When fish creep over dry land, And mules on velocipedes ride, When foxes lay eggs in the sand, And women in dress take no pride. When Dutchmen no longer drink beer, And the girls get to preaching on time, When billy goats butt from the rear, And treason no longer is crime, When humming birds bray like an ass. And limberger smells like colog When plowshares are made of glass,

A Good Recommendation

"I have noticed that the sale of Cham berlain's Stomach & Liver Tablets is al most invariably to those who have once used them," says Mr. J. H. Weber, a prominent druggist of Cascade, Iowa. What better recommendation could any medicine have than for people to call for it when again in need of such a remedy? Try them when you feel dull after eating, when you have a bad taste in your mouth feel bilious, have no appetite or when troubled with conscipation, and y u are certain to be delighted with the prompt relief which they afford. They commenced the series investithe smoothness of the track caused the frisky little thing to run They interviewed scores of the cured and tried it out on its merits by putting over three dozen cases on the treatment and watching them. They also got physicians to name chronic, incurable cases, and administered it with the physicians for judges Up to Aug. 25, eighty-seven per cent of the test cases were either

well or progressing favorably.

There being but thirteen per cent of failures, the parties were satisfied and closed the transaction.
