

CORRESPONDENCE

Needy. Lewis S. Mingle and Fred Stewe returned home from Oregon City last Thursday where they have been working in the mill. Mr. and Mrs. W. Noblitt, of Hubbard, were visiting at Mrs. Moreland's Sunday. Prof. Crittenden went to LaFayette Friday to visit his family. Mrs. Charles Molson and daughter, Fay, accompanied by Miss Lona Mohr, visited Portland last week. We are informed that Sam Hess has rented his place here to three bachelors. Now, girls, don't serve them like Henry. Miss Jennie and Alexander Taylor came up from Oregon City Saturday evening to attend the dance here. Hattie Spangle is visiting Hubbard friends. The dance was a fizzle Saturday night. It seems a shame that Needy can't have any more dances without the boys getting boozey.

Springwater.

Another pioneer gone. Mr. John Albright, of Springwater, died February 1, 1902. The funeral services were held in Springwater church on February 3, and were conducted by Rev. Exon, of the M. E. church, assisted by Rev. Hatch. Mr. Albright was born July 3, 1834, and in 1853 he crossed the plains from Iowa. In 1865 Mr. Albright was married to Mary Jane Murry, who with 11 children survive him. A voice is heard in Springwater weeping. The loss of one they love. But he has gone where the redeemed are keeping. A festival above. He has gone to the undiscovered shore. Where youth a day come never more. 'Tis the land of delight, 'tis the home of soul. Where rivers of pleasure increasingly roll. A. M. S.

Falls View.

Falls View is alive and still on top. The latest social event of our burg was candy party given at the home of Mr. and Mrs. Roberts. Games and dancing were the features of the evening. The young ladies attending wore pretty bright-colored aprons. There were about 16 couples present. Several kinds of homemade candy were served. A number of couples, old and young, danced the cake walk very gracefully. Mr. and Mrs. Pebler have moved from Portland to this place. Herman Stoughtinger, of Spokane, was visiting his cousins, Mr. and Mrs. Harvey Clark. GREEN HORN.

Woodburn.

Miss Nina Richards is home from Portland for a few days. Henry Ross was a visitor Sunday last to Hubbard. Henry Roche was in Portland Saturday and Sunday on business. "Pap" Berry returned from Portland Sunday, where he was on a pleasure trip. Alec Schwabauer and Arista Nendel were in Portland Sunday. The snow came, and here in our burg and north of us, it is still on the ground, but everybody seems to enjoy the climate. Miss Bessie Hubbard, of Colton, passed through here last Thursday on her way to Handy.

KICK A DOG

Kick a dog and he bites you. He bites you and you kick him. The more you kick the more he bites and the more he bites the more you kick. Each makes the other worse. A thin body makes thin blood. Thin blood makes a thin body. Each makes the other worse. If there is going to be a change the help must come from outside.

Scott's Emulsion is the right help. It breaks up such a combination. First it sets the stomach right. Then it enriches the blood. That strengthens the body and it begins to grow new flesh. A strong body makes rich blood and rich blood makes a strong body. Each makes the other better. This is the way Scott's Emulsion puts the thin body on its feet. Now it can get along by itself. No need of medicine.

This picture represents the Trade Mark of Scott's Emulsion and is on the wrapper of every bottle. Send for free sample. SCOTT & BOWNE, 409 Pearl St., New York. 50c. and \$1. all druggists.

Jesse Nye, of Clem, Eastern Oregon, stopped here last Tuesday on his way back home. He has been spending the winter here in the valley, and says this is a mild winter as to what they have in his part of the country. NOBLE CONDUCTOR.

Carus.

Well, the snow is a thing of the past now, but the young folks enjoyed the sleighing and snowballing while it lasted. Miss Lilly Hayward, of Oregon City, spent Saturday and Sunday with Mrs. O. E. Spence. Fred Spangler was seen out riding with his best girl Sunday. Miss Rachel Lewis is very sick with typhoid fever. There seems to be an attraction for a certain young man of Rural Dell down here. Probably he is just selling shears. Mr. Gregory celebrated his 60th birthday last Tuesday. A very enjoyable time was enjoyed by those present, after which an excellent lunch was served. Mrs. Charlie Spangler has lost her best friend. You have our deepest sympathy, Ethel. Mrs. B. Faust has returned from Oregon City. Will Jones is hauling teasels to town for Mr. Gregory. Mrs. Guyer is visiting Mrs. J. Graham in Portland.

Stafford.

Ground-hog day was pleasant and the sun shone clear. Hold up now for six weeks before thinking of spring work. Winter is but half gone. Supervisor Aden has been doing preliminary viewing between Pollika's and Shauber's with the intention of having a new road run through there. He found a very good lay for a road on a direct route. It has been less than three years since the road was changed from Pollika's to the Cedar bridge at an expense of several hundred dollars for which rich taxpayers had to dig up. Now to abandon that lay, with its improvements, seems a shame, especially as it is the most scenic highway on the west side of the Willamette river in Clackamas county. Our snow-capped mountain, Hood, also Adams and St. Helens, the beautiful valley of the Toalatin and the Hazelia hills, Morey's Heights and the location of the first railroad in the state of Oregon are but a few of the pleasing scenes laid before travelers as they ride over this eight per cent grade. Let us not abandon this beautiful piece of thoroughfare, but, instead, rock it and cover the rock with cinders, then we can sav with pride, "a thing of beauty and a joy forever." Eighth grade examinations commence today. Director Schatz will have supervision over examinations in district No. 41. The late cold snap caught some spuds that were not well protected. John Schatz has gone to Portland to work. Henry Schatz is tearing down an old log barn on his farm. The barn is a landmark of pioneer days built on the Robert Bird donation land claim 50 years ago. The roof of the main part was of four foot (fir) shakes, and has done service these many years without the assistance of repairs. The logs are solid and hard. This old barn has for years been the oldest of pioneer buildings to stand with modern improvements a memento to the days of long ago. LENGTHY.

Frog Pond.

The Grangers' goat, which has been for sale for some time is withdrawn from the market and is tied up to fatten for the 14 applications which were sent in at the last meeting. James Turner has been hauling rock the past week for his new barn, which he will erect in the near future. O. P. Sharp is on the sick list. J. G. Aden and T. L. Turner were looking up a new road from Stafford to Oregon City last Monday. They report having found a suitable route. Three hundred sacks of potatoes were landed during the recent cold snap. About one-fourth of them are frozen. The entire potato crop of H. T. Traby was frozen, which was about 500 sacks. The protracted meetings, that are being largely attended at Hood View, will be continued for two more weeks. The M. B. A. lodge will give a dance and supper at Wilsonville on Feb. 22. Music will be furnished by Graham's orchestra. George Brown, of New Era, is in our community buying spuds. Miss Kate Weed, who has been visiting her sister, Mrs. B. F. Weddel, for a few months, returned to her home at Jefferson last Friday accompanied by Hon. Jake Peters. Mrs. Aden and daughters, Ellen and Myrtle, are visiting friends in Portland this week. CHUNKY FELLOW.

Redland.

The past cold weather and snow has been a picnic for the young folks attending parties and sleighing. Some dead horses this cold weather, one at Mr. Pepples' and one at A. Funk's place. Charles Heinbothem has one very sick, but it is improving. Our literary society is still flourishing. Jacob Harry and sons are doing some clashing for W. H. Bonney. Rev. Dunlap, of Canby, is assisting Rev. Exon at the meetings at the M. E. church. Miss Hattie Gaskell intends to go back to Portland soon. A. M. Kerchem left this week on a survey inspection trip with Mr. Kinnaid. James B. Dew intends having a public sale Feb. 19, and will sell all of his cattle, sheep and household effects, as he leaves for Idaho about March 1. W. P. Kerchem, of Stone, has interested some of the people on the ridge in the creamery, as they intend to establish a cream route. Those taking part are Messrs. Allen, Smith, Heinbothem, James Fullam, and others may fall in line. Some of the Viola people are taking hold. Maude Stone has the promise of the Stricklin school. A. L. Heinbothem has the promise of

the Garfield school for the spring term. Andrew Dengler is confined to his bed with illness. Shabel.

Shabel.

Mrs. Foglesong, lately from Oklahoma, is visiting her sister, Mrs. William Beeson. They had not seen each other for 40 years. B. Cumins is going to work in a saw-mill at Portland. Miss Lulu Traylor and brother, Will, are visiting their grandparents, Mr. and Mrs. William Beeson. Fred Heft and C. Moebke, Jr., have bought machinery and are putting a shingle mill in F. Moehuke's sawmill. Howard Brownell will take part in the school exercises on Washington's Birthday. Rev. T. R. Hornshuh and family of Sweet Home, are visiting at C. Hornshuh's for a few days. E. W. Hornshuh went to Canby on business one day this week. Mr. Blum took some choice beef cattle to town this week. Some of the young men are finding fault with a certain young man for going over in their neighborhood to see the young ladies. That's all right, Kilian, "faint heart never won fair lady." SHINDERIANNE.

Mountain View.

Still very unsettled weather. According to Eastern tradition we look for six weeks of cold weather yet. On the 2nd of February the woodchuck or ground hog came out and saw his shadow which meant to him six weeks more winter. Ernest Meyers, of Chehalis, Wash., was visiting with his sister, Mrs. Francis, last week. Frank Everhart drove out to Molalla Saturday and returned Sunday bringing home his mother, who had spent a week visiting her son, Will, and wife. Mrs. Nelson went to Portland last week Thursday and Friday and had an operation performed on her eye. The measles are spreading some in this burg. Frankie Curran has them this week. Harold Swafford is on the sick list with a hard cold. The attendance at our Sunday school is decreasing lately. Unless more attend it will be discontinued, sine die. Born, Feb. 3d, to the wife of Frank Bullard, a daughter, weight 8 1/2 pounds. Miss Eletha Cammins, of Shabel, was visiting Miss Myrtle Curran last week. She then went to Portland to visit relatives. SALINA.

Hubbard.

Winter has begun. The free mail delivery will be in operation not later than April 1st, one route east and one route west. H. L. Mills spent several days last week with his son, Forest, of Woodburn. The Southern Pacific Company is making some fine improvements in the way of a platform. Rev. Welts has withdrawn his appointment at Hopewell. It seems as if everybody wants to carry the mail. Fry is going around with his piece of paper for a \$50 job. That's right, Frank, we are always willing to help him who helps himself. John Crocker, of Needy, was in town Monday. Dell Chapman, our Marion county potato buyer, does not seem to be rushing business very much lately. Bonney brothers spent Sunday with their parents. ROSE BUD.

Canby.

Mr. Deyoe, of Wisconsin, is making his brother, J. F. Deyoe a visit. Fred Hurst, of Aurora, came down Tuesday to make a contract with our city dade to light our city with electricity. At the regular council meeting last Monday evening a property room was ordered built for the accommodation of the new I. O. O. F. lodge in the new city hall. Mr. Vinyard and Mr. Esherson made a business trip to Oregon City last Tuesday. A little daughter came to the home of J. J. Schmidt last Sunday morning. Mother and daughter are doing well. Ed Hutchinson returned from Springfield last Saturday, where he has been looking after the interests of the S. P. R. Co. The smallpox patients about four miles from Canby are getting along nicely. If it is the smallpox it is in a very light form, and as the neighborhood is well quarantined there will be no danger of its spreading. Willard Knight left on Tuesday's evening train for Vancouver, Wash., where he has a position on the new railroad.

Macksburg.

We are having another shower of Oregon mist after about 10 days of cold weather and snow. We hear all around us of people having their potatoes frozen. Macksburg is having a general boom of prosperity. The new telephone line is complete to Canby, and the boys can now talk to their best girls over the wire. Mr. Mordock is improving his place by putting in several blind ditches. Mr. Wallace is doing considerable blasting on his place this winter. We also hear considerable blasting in the southeast end of our district. Mr. Weismandel, one of our most enthusiastic and wide-awake farmers, went to Portland to purchase an engine of about 40-horse capacity. He will at once begin preparations for building a large creamery and grist mill. Mr. Weismandel is an experienced creamery man, and will doubtless make a grand success of the business. Mr. Kiebel's new barn is about complete and adds greatly to the appearance of our little burg. Mr. Welch has just opened his new blacksmith shop. Parties who need any work done in his line will do well to give him a call. Windy North, of the southeast end of

Some thing That Will Do You Good. We know of no way in which we can be of more service to our readers than to tell them of something that will be of real good to them. For this reason we want to acquaint them with what they consider one of the very best remedies on the market for coughs, colds, and that alarming complaint, croup. We refer to Chamberlain's Cough Remedy. We have used it with such good results in our family so long that it has become a household necessity. By its prompt use we haven't any doubt but that it has time and again prevented croup. The testimony is given upon our own experience, and we suggest that our readers, especially those who have small children, always keep it in their homes as a safeguard against croup.—Camden (S. C.) Messenger. For sale by G. A. Harding.

Mr. Wheeler Got Rid of His Rheumatism. "During the winter of 1898 I was so lame in my joints, in fact all over my body, that I could hardly hobble around when I bought a bottle of Chamberlain's Pain Balm. From the first application I began to get well, and was cured and have worked steadily all the year.—R. Wheeler, Northwood, N. Y. For sale by G. A. Harding.
