He left for his home at Oregon City Sunday night.—St. Helens Mist.

and proves profitable, as it can be operated to good advantage when the custom wood-sawing business is dull in town. For some time past, Mr. Shields has been cutting big timber out in the vicinity of Beaver creek, and the rapidity with which the saw goes through a big log is a caution. The saw is easily moved from one part of the log to another by a sort of automatic tearing. The greater part of the mechanism was invented and made by Mr. Tamblin, and he may file an application for a patent on the new machine. Chronic Diarrhoea. Mr. O. B. Wingfield, of Fair Play, Mo., who suffered from chronic dysentery for thirty-five years, says Chamberlain's Colic, Cholera and Diarrhoea Remedy did him more good than any other medicine he had ever used. For sale by G. A. Harding. Homeseekers' Rates This paper has been advised by Mr. A. D. Charlton, A. G. P. A. at Portland, that in connection with the homeseekers' rates from Eastern points to the Pacific coast for March and April, it has been decided by the Northern Pacific Railway Company to extend these rates through to all points on Southern Pacific lines between Portland and Ashland. For instance the rate of \$33 from Chicago and \$25 from St. Paul and Minneapolis will apply via S.P. line to any point on main line or branches of the Southern Pacific between Portland and Ashland. This will undoubtedly result in a very material increase in our population, and the N. P. Company will do everything in its power to aid in the securing of a large number of people who now have their eyes cast on the west with the intention of permanently locating among us. These rates will be placed in effect on March 1st and continue daily until April 30th. Tickets will be sold from all Eastern points basing on these rates from Chicago, St. Paul and Missouri river points and as a result, judging from the great number of settlers secured in previous years when these low rates were applied up to Portland only, it will undoubtedly add many settlers to the Willamette valley.

Fred Meindl, who closed another satisfactory school term at New Era about 10 days ago, visited his former teachers at the state normal school at Monmouth, during the week. Mr. and Mrs. H. L. Kelly went to Eugene Saturday to visit over Sunday with their children, Miss Bessie and Master Roy, who are attending the University of Oregon. R. M. Wickam, the Grand Army veteran, who served for so long a time in Andersonville prison, is very ill at his home on the hill. He has been in poor health for several months past. Mrs. A. Hendrickson, of Mount Pleasant, went to Salem Saturday to visit her sister, Mrs. Thomas at Salem for a couple of days. She stopped off at Woodburn to visit friends on the trip. W. L. Warren went to Oregon City on Tuesday to visit his mother, who had just returned from a visit to Mosier in Wasco county, and was on her way to Turner, Marion county.—Yamhill Reporter.

Dan Lyons, the railroad contractor, returned home Saturday, having completed his work on the railroad now being constructed towards Yakima. His work was about 30 miles above Vancouver, Wash. Miss Elizabeth Evans, who recently completed a very gratifying six months term of school at Bourne, Baker county, has returned, and is making her home with Judge and Mrs. Judge Galloway at Parkplace. J. M. Tracy, of Logan, was in the city Saturday, and stated that his taxes was 50 per cent higher on his Clackamas county property than on the same value of real estate held at Yoncola, Douglas county. State Senator John D. Daly, of Corvallis, passed through the city the first of the week. It is said that he will blossom out as a formidable candidate for the nomination of state printer on the republican ticket. Robert Leslie, of Wilhoit, was in the city for a couple of days during the first of the week. He reported that cattle were doing well in that section without feed. He complained of a scarcity of candidates in the city.

Women and children have difficulty in getting over the crosswalks. A lively contest in brewing over the delegation to be elected in Clackamas precinct to attend the republican county

Several pieces of city property have recently changed hands. Fred Terry has bought the house and two lots on Jackson Street, belonging to the late Mrs. Susan McKee. The price paid was \$1200, and the buy is considered a bargain. Mrs. Griffith, who lives adjoining the residence of C. N. Greenman, has purchased the house and lot of Mrs. H. J. Harding on the corner of Main and Thirtieth streets, paying therefor \$2100. The house at present, is occupied by V. Harris and family. The property has been bringing in a rental of \$15 per month. The decision of Judge Boise at Salem may affect the interests of some persons, who have leased logging streams in Clackamas county under the provisions of the new law. Last Thursday Judge Boise decided that the law was unconstitutional and held the act to be invalid because its title does not correspond with the requirements of the Oregon constitution. The decision was the outcome of a suit in which the Spaulding Logging Company, of Newberg, against the right of a Polk county company to charge tolls on the Luckiamute river in Polk county. The case may be appealed to the supreme court. At the firemen's election Monday Sherman J. Barford received 83 votes for chief engineer. He was elected to the only salaried office in the department without opposition. W. J. Wilson and Lawrence Ruonich, the two candidates for assistant chief, each received 43 votes. Their election will be determined in some way later. The three commissioners elected received following votes: O. Hartman, of Fountain Hose Company No. 1, 76; J. H. Howard, of Mount View Hose Company No. 4, 62; A. Miln, of Columbia Hook & Ladder Company, 61. C. Schuebel, of No. 3, received 37 votes. The election passed off quietly, and there was apparently but little contest over the rival candidates. James Tamblin and Charles Shields are making a gratifying success of their new wood-sawing machine. The saw and attached automatic mechanism, is operated by their steam wood saw engine, and is worked by two men. They readily cut from 20 to 25 cords per day.
