There is no better evidence of political corruption than when members of parties begin clamoring for office. All such should be turned down, left to seek more honest employment elsewhere. The voters, almost to a man, know that these claims are true and yet they are slow to leave the party and work for better conditions.

Judging from the signs of the times it will not be long before a man will be subject to fine and imprisonment for citicising the policies of the dominant party. We are close to that condition now. Merally, we are there now and have been for some time, so much so that men are accused of treason for dar-

ter out the waste or impurities in the blood, If they are sick or out of order, they fail to de their work.

Pains, aches and rheumatism come from ercess of uric acid in the blood, due to neglected

kidney trouble. Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distreasing cases
