If your heart action is weak, make it strong. Build up the muscles and strengthen the nerves with the greatest of all heart remedies, Dr. Miles' Heart Cure.

"My wife suffered greatly with palpitation of the heart, smothering spells and loss of sleep. She found immediate relief from Dr. Miles' Heart Cure and after a thorough course her trouble all disappeared."

A Miner's Luck.

The following poem is my actual experience in the Eastern Oregon gold fields and perhaps will be of some interest to the readers of the Courier Herald.

I am from the Willamette valley
And soon my name you'll know.
I left Willamette valley
For the land of mines you know.

With pack upon my back
I started for Lake Creek;
Its mysteries to explore,
There I found sand and rocks,
Only this and nothing more.

I staked my claim and called it
Lucky Jim.
Sank a shaft and found my
Prospects for a fortune rather slim.

With this encouragement on my mind,
I decided to try once more,
But Providence was against me,
So I bid farewell to Lake Shore.

I started for the mouth of Powder river
Between dark and daylight
And landed there
In full delight.

I cached my goods and strolled
The country round
To see if gold grew on the brush
Or where it might be found.

I dug in gravel,
I dug in muck,
From day to day
I had no luck.

And like Che Chances,
Brave and bold;
And up the river
We hunted gold.

Prospected until we reached head
in the Rocky wilds,
Where the wolf alone had dared to
tread,

Prospected on for many miles,
But found my luck was dead.

Of course there are other poets
That will lay me in the shade,
But if my name you want know,
'Tis N. B. Wade.

A Correction.

CANBY, Mar. 8, 1902.

EDITOR COURIER-HERALD:

In your issue of Mar. 7th, your correspondent from Union Hall made an unprovoked attack on me, misrepresenting facts. I have a thing but contempt for this fair-minded man has sought to injure my fair name under the cloak of an alias.

Mr. Atkins and myself had a few words and after the mixup that followed Mr. Atkins sought help from his injured feelings in a court of law.

All my deeds both the good and bad are done in the broad open light of the day and I never in the dark hours of night left my home with a gun to rob a poor defenseless Chinaman and failing in robbery, committed murder.

I shall not again lower myself to the level of your correspondent by replying to her, and I sign myself now as always,

Karl's Clover Root Tea purifies the Blood

To the Citizens of Clackamas County.

In obedience to the popular will as voiced in the growing discontent of our citizens at the repeated disregard of official trust and mindful that civic virtue underlies all political progress and national greatness, we, in firm reliance upon the patriotism and public spiritedness of our citizens demand better things for the people of Clackamas county. We, therefore believe,

That our citizens should not be burdened by unnecessary taxation.

That public monies should not be recklessly expended or used to pay private political debts.

That tax levies shall not be made that are prohibitory of needed immigration or that retard the national growth and development of the country.

We recognize with alarm the showing of the secretary of state as to the excessive per capita expenditure of Clackamas county aside from the outlay upon roads as compared with other counties of the state and realize this condition of affairs is calculated to keep the intending settlers and the capital necessary to raise our county to its proper rank as one of the great counties in the commonwealth of Oregon.

Therefore, sinking partisanship in that larger patriotism which appeals to every citizen who loves his country and his flag we believe that a higher plane of political life will come as the result of our united efforts to behalf of the good name of our country and the welfare of all of our citizens alike; to the end that government, "of the people, by the people and for the people" shall not perish from our midst.

All citizens of the county regardless of party affiliations are requested to unite in this effort for better county government.

SENATOR MITCHELL FOR IT.

Declares in Favor of Initiative and Referendum.

The following letter from Senator Mitchell is self-explanatory:

"Washington, Feb. 26.—Hon. W. S. U'Ren, Secretary Direct Legislation League, Oregon City, Or.—My Dear Sir: I beg to acknowledge receipt of yours of February 17, just received, in which you state that the Portland Board of Trade has referred to its committee on legislation a request from the Direct Legislation League of Oregon for their endorsement and approval of the proposed amendment to the constitution of the state of Oregon, providing for the initiative and referendum.

"I think you know without any expression from me that I not only am now but have been for years heartily in favor of this proposed amendment, and I have no hesitation in expressing myself at all proper times and in all proper ways in its favor. I believe a large portion of the people of Oregon favor the amendment so let us try it.

"I have not the time at present, no do I think it necessary to go into the specific reasons why I favor this amendment. The reasons entertained by those who favor it are known generally to the people of Oregon."
