The Willamette Pulp & Paper Company re-adjusted the wage scale at the mills last Friday, the \$1.50 men to receive \$1.75, and the hands receiving \$1.75 were advanced to \$2. The Crown Paper Company also made similar advances to their employees. At first, the Willamette mills gave the \$1.75 men a 10 per cent. raise, but later made a 25 cent raise to this class of hands. The advance in wages affects probably 500 men in the mills. None of the high-priced or skilled workmen received advances. The boys and a few other hands not in the first mentioned classes, also received advances.

We are not informed as to the salary, but as the Portland manager gets \$150 a month, we should suppose the Seattle position would carry about \$125. His many Eugene friends will be pleased to learn of his promotion.—Eugene Guard.
