MITCHELL WAGONS Most possible to build. No wagon is or can be better than a Mitchell, because the cream of wood stock is used, only after being thoroughly seasoned. The wagon is well ironed, well painted, well proportioned, and runs the highest of any. It is nearly 30 years since the first Mitchell wagon was built, and they have been built continuously ever since by the Mitchell. When you buy a Mitchell you get the benefit of this 30 years' experience.

TOO MUCH

Exercise is as bad as too little for the growing girl. It is very easy for her to overdo, and this is especially dangerous at that critical period of a young girl's life when she crosses the line of womanhood. It is not an uncommon thing to lay the foundation for years of after misery by neglect of necessary precautions at the first "change of life."

"For a number of months I suffered with female trouble," writes Miss Agnes McGowan, of 122 Bank Street, Washington, D. C. "I tried various remedies, but none seemed to do me any permanent good. The doctors said it was the worst case of internal trouble they ever had. I decided to write to you for help. I received a very encouraging reply and commenced treatment at once. I had not used your Favorite Prescription a week before I began to feel better, and as I continued, my health gradually improved, and is improving every day."

KIMBALL PIANOS.

Their Popularity and Prestige with American People Still Increasing Daily. EIGHTY PIANOS DAILY. A Demand That is Without Parallel in the History of Piano-Forte Building.

"There is no limit to the capacity of the W. W. Kimball Co. as a piano manufacturer," says the New York Musical Courier. "Every one will admit that. The capacity runs in every direction. There is no limit to factory capacity; no limit to the capacity to absorb every excellent idea in piano structure; no limit to the capital necessary to get the greatest experts and specialists, and no limit to secure the very finest material and put it together in the very best style. That all must be admitted."

"If piano people desire to see what is constituted under the 'original,' we advise them to look at the several new designs and styles of Kimball Uprights. Look at them, they are entirely outside of the ordinary character of piano case work. The finish is simply exquisite. Then look at the interior. The ordinary plate styles and furnishings are supplanted by new features simply startling. Then try the pianos, test them severely. Go through the questions of dip, of pianists, and the tone is rich, resonant and refined. The Kimball piano of the present day must be viewed as one of the greatest successes in recent piano history."

"Of course, with this piano, and the millions behind it, and the brains and the energy and the knowledge of the business, and the condition of the piano trade to aid it, there is no difficulty in predicting the future grandeur of the Kimball house. With old houses retiring or going to pieces, new alignments ensuing, a rearrangement of the conditions of the past proceeding visibly before us, the Kimball house assumes an importance that at most necessarily is felt throughout the musical world of America with electric effect. It is now being felt, and the impulse is so great as to be startling in its character."

Having prepared our readers for what we are now to state, we hereby announce that the W. W. Kimball company is producing eighty pianos a day in its enormous factories.

Eiler's Piano House, the general western agency for the Kimball pianos, has just received three more car loads of these world-famous pianos, and under present conditions is selling them to the people at much less than factory prices. Attend to your piano matter at once by writing to Eiler's Piano House, 351 Washington Street, the retail warehouses in the new music building, Portland, Oregon. Branch houses, San Francisco, Sacramento, Calif., and Spokane, Wash.

He Kept His Leg. Twelve years ago J. W. Sullivan, of Hartford, Conn., scratched his leg with a rusty wire. Inflammation and blood poisoning set in. For two years he suffered intensely. Then the best doctors urged amputation, "but," he writes, "I used one bottle of Electric Bitters and my leg was sound and well as ever." For Eruptions, Eczema, Tetter, Salt Rheum, sores and all blood disorders Electric Bitters has no rival on earth. Try them. George A. Harding will guarantee satisfaction or refund money. Only 50c.

Dreadful Attack of Whooping Cough. Mrs. Ellen Harrison, of 300 Park Ave., Kansas City, Mo., writes as follows: "Our two children had a severe attack of whooping cough, one of them in the paroxysm of coughing would often faint and bleed at the nose. We tried everything we heard of without getting relief. We then called in our family doctor who prescribed Foley's Honey and Tar. With the very first dose they began to improve and we feel that it has saved their lives." Refuse Substitutes. Charman & Co.

Many years ago among the Jews all the laws were made by God Almighty, and men that could not pay their debts were sold to work out their debt, but every seven years was a year of jubilee; then all debts were cancelled, and all slaves went free. Obituary. Died, on March 28, on the Abernethy, near Oregon City, Mrs. Annie, wife of Jesse Mayfield, of an abscess on the lung. The remains were laid to rest in Highland cemetery on March 29, 1902.

The deceased was born near Beaver Creek, Dec. 15, 1827, at a place lived with her widowed mother until January 27, 1901, when she married Jesse Mayfield, of Highland, who still survives here.

The bereaved family consists of a husband, mother, brother and uncle, who have the sympathy of a large circle of relatives and friends that mourn her loss.

Oh! Mother, husband, brother, uncle, A dear one from us has gone, When God has seen fit to know that When God hastens to say, "They will be done."

Her suffering ended with the day, Yet lived she near its close, And breathed the long, long day away, In statu-licet repose.

But when the sun in all his state Illumined the western skies, She passed through glories' evening gate, And walked in Paradise.

After the dreariness and aching pain, The weary struggles which have proud in vain. After our souls are past, He will give us rest at last. BERTHA.

A VALUABLE MEDICINE. For Coughs and Colds in Children. "I have not the slightest hesitancy in recommending Chamberlain's Cough Remedy to all who are suffering from coughs or colds," says Charles M. Cramer, Esq., a well known watch maker, of Colombo, Ceylon. "It has been some two years since the city dispensary first called my attention to this valuable medicine and I have repeatedly used it and it has always been beneficial. It has cured me quickly of all chest colds. It is especially effective for children and seldom takes more than one bottle to cure them of hoarseness. I have persuaded many to try this valuable medicine, and they are as well pleased as myself over the results." For sale by G. A. Harding.

Good for Rheumatism. Last fall I was taken with a very severe attack of muscular rheumatism which caused me great pain and annoyance. After trying several prescriptions and rheumatic cures, I decided to use Chamberlain's Pain-Exeller, which I had seen advertised in the South Jerseyman. After two applications of this Remedy I was much better, and after using one bottle, was completely cured.—Sallie Harris, Salem, N. J. For sale by G. A. Harding.
