WANT MORE ROADWORK.

Ask that Candidates for Commissioner Pledge to Increase Roadbuilding.

Whereas, We the people of Highland, in mass meeting assembled, regardless of politics, for the purpose of considering the question of roadmaking and help develop the resources of this part of the county, and

Whereas, There is only one one-fourth of the land in this district under cultivation for lack of settlers, and that it can never be fully developed until the trunk road, now in course of construction, is extended and completed to Springwater, and that we urge the county court to complete the said road immediately, regardless of cost.

Whereas, The said road is being built largely by donation, thereby relieving the corporations and non-resident land owners of their share of the road expense, thus enhancing the value of their property without expense to them. We disapprove of this policy being pursued as tending to put the burden of roadmaking on the poorer classes, who are the least able to bear it, this being unfair and unjust to them. But we are willing to bear our just share of the expense of roadbuilding in the county regardless of expense so long as all property owners are compelled to do the same.

Whereas, The various political parties have adopted their platforms favoring retrenchment in roadbuilding. We do not approve of such policy as tending to retard rather than develop the resources of the county. And as the various parties have named candidates for county commissioner, we respectively ask said candidate immediately to express through the county press in positive terms their views on roadbuilding and in case of their election what their policy will be.

We also ask the legislative candidate to express their views on the same question. And now, therefore, be it Resolved, That in the coming election we will support only those candidates who will publicly commit themselves to this laudable and much needed enterprise of building and extending wagon roads throughout the county. And be it further Resolved, That we endorse the policy of the present county commissioners in their efforts to build wagon roads and thus develop the resources of the county but that we ask that all county roads be built by taxation alone, and that asking for donations be discontinued.

And further, we ask the people in all other districts to join us and work for the same purpose.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood. All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-worked in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle by mail. Write for it free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.
