NEWS OF THE WEEK.

Friday, June 6.
Fighting Unions. The sawmills of Portland have united with the planing mills in fighting the unions; and the combination has besides the active support of the master builders' association. It was decided yesterday to institute a counter-boycott against the building trades council and federated trades council, unless the unfair ban has been removed from the products of the planing mills. This means that the building contractors propose to buy material from the planing mills and run the risk of another strike by carpenters and affiliated unions; and that neither sawmills nor planing mills will sell to persons participating in or enforcing the boycott.

The Chicago stockyards strike is settled. Letson Bulhet, the Eastern Oregon mine promoter, found guilty of defrauding through the United States at Des Moines, Iowa. There is a decline of 10 cents per 100 on sugar in the Portland market. Interest in Pacific coast flour has temporarily shifted from the Orient to South Africa.

Saturday, June 7.
More Volcanic Eruptions. A dispatch from San Francisco, states that another eruption in South America has suffered almost complete destruction, and hundreds of its inhabitants have been killed by volcanic eruptions. The steamer Palene, which arrived today from Southern ports, brings the news that the town of Retablen, situated at the foot of Mount Tacana, in Guatemala, has been buried under a mass of lava, stones and ashes thrown from the volcanic crater, and probably 1000 of its people have perished. The volcano is about 25 miles from Champanico, and near the town of Tapachulo, which it is believed also suffered severely. Mount Peles in the Martinique island, also is in a state of eruption.

Governor Geer is considering the matter of convening an extra session of the legislature a few days prior to the regular session. The principal work before the body would be to put into effect that plank of the republican state platform which declares for flat salaries for all state officials. By enacting the law before the newly-officials are sworn in they would be able to abide by it. Governor Geer would also recommend that the extra session pass a law making operative the initiative and referendum, for which the voters declared by a large majority at Monday's election.

The federated trades council suggests arbitration for the strike in Portland. A rich copper strike is reported from Josephine county.

Sunday, July 8.
Suits Governor says that Governor Chamberlain. Geer's special legislative session enterprise to put all state officers on flat salaries is favored by George E. Chamberlain, supposed to be governor elect. But it is not approved by members of the legislature from Multnomah county who were yesterday interviewed by the Oregonian. It seems to be agreed now that the legislature, if called together at all, must meet before the new year, in order to devote the time necessary to consideration of the complicated and cumbersome fee system. Governor Geer says he has not yet made up his mind about the matter, and will not until he hears from the people.

With the river and harbor bill a law, The Dalles improvement will soon go ahead. A special board will determine the best class of improvement, and on its report to Washington the chief of engineers will issue plans for the work. Eugene, Or., is to have free mail delivery July 1. The treasury department states its plans for enlarging the Portland postoffice. Another examination is to be held in Oregon for an Annapolis cadetship. Mitchell, in the senate, denounced the Panama Canal Company. The house failed to vote on the anti-anarchy bill. Disorderly officers of the cruiser Chicago will not be court-martialed. The miner's strike in West Virginia began yesterday. Preparations for King Edward's coronation are being made. Evidence is produced of the inefficiency of British army officers. The new French cabinet is completed. Paul Underwood, the alleged child murderer, of Ballard, Wash., is still at large. Legislative candidates at Colfax, Wash., all declare for railroad commission. Over 17,000,000 Calcutta grain bags received at Portland in 60 days. May customs receipts at Portland exceeded \$100,000. The Central Railroad Company will build between Coos Bay and Roseburg, if no further.

Monday, June 9.
The supreme lodge, A. O. U. W., will arrive in Portland at 8 p. m. today, and the delegates will be given a hearty reception. They were welcomed at Huntington yesterday morning by Governor Geer and a committee, and will be met at The Dalles by the Portland committee at noon. The trip down the Columbia will be made on the Bailey Gatzert. When the boat passes Vancouver the Portland firebell will ring and the fire whistles will blow five times at intervals of 10 seconds, and an hour later the delegates will arrive at the Alder street dock. This evening an informal reception will be given to the officers and delegates of the Supreme Lodge, A. O. U. W., and Supreme Lodge, D. of H., at the Hotel Portland.

Oregon The final reports of the Wins committee of awards for the Highest South Carolina Interstate and West Indian Exposition give to the state of Oregon and Oregon exhibitors a larger percentage of medals and premiums than to any other state. The list includes one diploma of highest award, 64 gold medals, 43 silver medals, 55 bronze medals and 90 diplomas of honorable mention—a total of 253 medals and diplomas. The classifications under which these awards were made include agriculture, birds, foods and accessories, horticulture and pomology, forestry, mines and metal-

lurgy, chemicals, furniture, education, engineering, oil paintings and installation.

Martinique relief supplies were not properly distributed. Peace Thanksgivings services were held at St. Paul's. A plot was discovered at Proctoria to blow up the government buildings. Whelan Reid has arrived at London. The fifth week of the miners' strike begins. The strike was discussed at a conference at the White House.

Tuesday, June 10.
Penitentiary Harry Tracy and Da-Convicts vid Merrill, serving Murder terms from Multnomah county for burglary, escaped from the penitentiary at 7 o'clock yesterday morning and made their way to liberty, leaving murdered behind them Guards F. B. Ferrell, S. R. T. Jones and B. F. Tiffany, while Frank Ingram, a convict, who tried to bar their road, was shot in the knee, which was so badly shattered as to require amputation. He is now resting easily, and strong hopes are entertained of his recovery. Clad in prison garb, well armed and provided with ammunition, the are men now lurking in the woods not far from town. It is believed that the weapons were smuggled into the penitentiary in some way, and that no other prisoners are in the plot. The Salem state militia have joined the county officers in the search. The house passed the anti-anarchy bill. The bill to transfer certain forest reserves from the interior to the agricultural department was up in the house.

They visited the interior of Fort Stevens by special permission of Secretary Root, and had a most enjoyable time. Among the numerous visitors from this section were Commander L. W. Ingram, of Meade Post, and Commander S. Thomas, of Gibbon Post. Both Meade Post and Relief Corps will be represented in the state councils during the coming year. Meade Post is now third in membership in the state.
