# .. They Call Us Cutters ...

**\*** 

Our competitors do. We don't mind-we are cutters. We were the first to smash the prices. We are still cutting them-expect to cut and keep cutting as long as we are in the business. We are not satisfied to meet others' prices, we set out to make the prices. We are doing it. If you are not a customer of this store, you are not sure that you are getting your goods as cheap as you ought. Our cut-rate prices are not confined to well known patent medicines, but extend to our Prescription Department.

#### Photographic Supplies

Quality counts here. You don't want cheap photo goods at any price; you want the best at lowest market prices. We are under the market from 10 per cent, to 30 per cent, this week on these:

# Cuttery

Our stock of Razors, Knives and Scissors is of the very best quality. We handle no trash. Our regular prices are lower than the same quality is usually sold for. These special prices are cuts of from 20 per cent. to 30 per cent.
