No Price Lower Than Ours

Look through this partial list and see for yourself. If anybody else advertises a lower price than ours, come right here and get the same goods at the

same price, or a lower price.

Our prices are low simply because we know HOW to buy. Have learned after many years of experience that there IS an inside price if a dealer has the cash and knows where to go for his goods. We give our customers the advantage of every INSIDE price we get. Our prices are as low, proportionally, on prescriptions as on patent medicines or any other drug store goods.

School Officer's Reports.

So little interest was manifested in the annual school meeting of the Oregon City district last Monday evening that there was only one person present in addition to the school officers. The meeting was a short one and the reports of the directors and clerk were read. They are as follows:

OREGON CITY, Oregon, June 16, 1902. To the taxpayers of School District No. 62. Clacksmas County, Oregon.

Ladies and Gentlemen: In pursuance of law, we your board of of the district for the term ending at H. D. Wilcox was continued as Superintendent and the remain ler of the corps of teachers was the same as last year. with the exception of Miss Rebecca T. Smith who was elected Principal of the Eastham School and Miss Eva Meidrum as teacher of the third grade in same school. During the year there has been the greatest harmony and good-will between the superintendent, principals and teachers and they have all worked to-gether faithfully and earnestly to promote the best interests of the pupils under their charge and the consequence has been that we have had a very suc-

cessful school year. For the new year we have elected which, while it sounds well, does not professor H. A. Hayes, of Henderson, mean anything in particular except that Kentucky, as superintendent (Professor Wilcox not applying for the position)

We decided that it was necessary to employ an additional teacher for the new year on account of the crowded concirilagor take apher household du dition of some of the rooms last year and ties." He is very transful and hopes the strong probability of its continuanceduring the future.

The census of the school-children which has just been taken, while a little Amt rec'd from former clerk. \$ 62 20 short of the number clerk last the Special tax 8011 81 short of the number shown last year, in dicates as large an attendance as the year just closed, the difference in number being caused principally by the elimina tion of all children who are in the dis work for their board and go to school and it has been the custom here to roll them in this district and fu nist hem free tuition, but the new law pro nibits the enumeration of children ex cept where their homes are and so w

have dropped all such. At the special meeting in January we were authorized to rent a room and fit i up for a new teacher, but after givin, be matter a careful investigation we fine hat we can get an additional room i the Barclay building by putting four grades in the two nigh school rooms; to accomplish this it will be necessary to put the 8th, 9th, 10th and 11th grade in these two rooms which can be done without a great deal of inconvenience a there will be seating capacity for all and the 11th grade can retire to the princi Hall's Catarrh Cure is taken internally pai's once to the system. have been required in either case.

The insurance on the school buildings and contents expired last July and we and contents expired last July and we have renewed it for three years in the following amounts to wit: On the Barciay building, \$6:00; on contents, \$1000; on contents, \$1000, and on the Gymnasium at the Barciay building, \$400; this insurance for three years cost \$295. for three years cost \$335.

During the past year the attention of the board was called to the fact that Dr. John McLoughlin had, during his life-time, donated two lots in Oregon City to the school district and that after his directors, submit this report of the affairs death the legislature of the state had confirmed the gift, a matter which none date. As has been customary for many years past we have had school for nine months during the year just closed. The school opened September 16th, 1901 with a fair attendance which increased to an enrollment of 583 in November, after which time there was a gradual decrease till the end of the school year. Professor H. D. Wilcox was continued as Supering. protect the interest of the school district. It will probably require a lawsuit to settle the matter and we think that this should be gone into if necessary to es-

tablish our right to the lots. The school buildings are in very fair condition and there will be no large items for repairs during the coming year

unless we decide to paint the Eastlam building which is sadly in need of reno-

vation in that respect. As you are all aware the election of three directors today means that with their qualification for the office that we will become a district of the first claswe will have five directors hereafter instead of three, and that the term of ffice of each director will be five years, which will give him ample time to become ac-

quainted with his duties. The clerks financial report, which will be read following this, will acquaint you with the receipts and expenditures doring the sixteen months ending at this

OREGON CITY, June 16, 1902. To the Honorable, the Board of Directors of school district No. 62, Clackan as County, Oregon, I respectfully submit my financial re-

port as clerk of school district No. 62, covering sixteen months, from March 1, 1901 to June 16, 1902, this being the ending of the fiscal year under the new school law.
