Dyspepsia AND Liver Disease CURED BY DR. PIERCE'S GOLDEN MEDICAL DISCOVERY.

"I was weak, nervous and dizzy, with a fainting sensation when walking," writes Jesse Childress, Esq. of Samuel, Sullivan Co., Tenn. "I could not walk any distance; always felt bad after eating; felt as though something was sticking in my throat; always uneasy in stomach. Doctored with three physicians but they did not relieve me. I grew worse and used everything I could think of; was nearly ready to give up and then some one told me that Dr. Pierce's medicine was good, so I began taking his 'Golden Medical Discovery.' I have taken seven bottles of that now and am as strong as ever, and enjoying health as much as ever before. I worked all summer and this winter as much as any one. My case was liver disease and nervous dyspepsia of which your medicine has cured me. In September 1898 my weight was about 95 pounds, now it is 135. Please accept my sincere thanks."

HO! FOR NEWPORT!

Oregon's Favorite Seaside Resort.

"Recognizing the advantage of Newport as a summer resort over other seaside resorts in the northwest, and to make it possible for all who desire to do so to spend their vacation by the ocean waves, the Southern Pacific Company, in connection with the Corvallis & Eastern Railroad, will place on sale, effective June 15th, round-trip tickets from all points in Oregon on the Southern Pacific to Newport, good for return until October 10th, at specially reduced rates. For full information please inquire of your local agent."

Motherhood

The child depends upon the mother for strength and health. No mother can give her child what she herself does not possess. If she is weak she cannot give her child strength. If she is sick she cannot give her child health. Those propositions are self-evident. They need neither explanation nor defence. What does seem to need explanation is the fact that there are thousands of women facing the birth-hour in physical pain and mental anguish, who might, if they would, be healthy of body and happy of mind.

Who might if they would be healthy? What woman does not want to be healthy? What mother does not crave a strong and sturdy child? But wanting is not enough. Suppose you want to go to New York or San Francisco, will you sit down and take it out in waiting? If you do, you certainly will never get to either place. If you want to go and mean to go, you'll buy your tickets and take the train. But suppose a woman says, "How do I know this train goes to New York?" She will have to take the word of others for it. The time-card says the train goes to New York. People who have traveled on the same train say so. How foolish it would be for a woman who wanted to make the trip, to say, "Perhaps these train people are deceiving me, and the women who say the train goes to New York don't know what they are talking about."

This is just the position of the prospective mother who is weak and sickly and wants to be strong and well. Dr. Pierce's Favorite Prescription is offered to women as a means of health and strength. Thousands of women who have used the medicine affirm that it does all that is claimed for it. If the sick woman wants to be well, if the weak mother wants to be strong, she has the same means open to her in "Favorite Prescription" which have been so successfully used by thousands and tens of thousands of other women.

It would be ridiculous for a train advertised to run regularly to New York to run its passengers away out on some prairie and leave them. It would be equally ridiculous to suppose that passengers would take that train day after day and year after year and after being deceived and disappointed return home and tell their neighbors that the train is all right and does what it is scheduled to do.

It is equally absurd to suppose that Dr. Pierce's Favorite Prescription could for nearly a third of a century deceive and disappoint women, and that these deceived and disappointed women would praise this medicine as the greatest boon to the weak and sick of their sex, affirming that it made them well and cured them after every other means had failed to give permanent benefit.

As a matter of fact and of record, nothing is more sure than that Dr. Pierce's Favorite Prescription has been the means of giving perfect health to women of all ages, and all conditions of ill-health, and that the use of this medicine has robbed maternity of its pangs and given the mother strength and health to give her child. "When I wrote to you in March asking advice as to what to do for myself," writes Mrs. Ella Reynolds, of Guffie, McLean Co., Ky., "I was expecting the baby's coming in June, and was sick all of the time. Had been sick for several months. Could not get anything to stay in my stomach, not even water. Had female weakness for several years. My hips, back and lower bowels hurt me all the time. Had numbness from my hips down. Had several hard cramping spells, and was not able to do any work at all. I received your answer in a few days, telling me to take Dr. Pierce's Favorite Prescription. I took three bottles, and before I had taken it a week I was better, and before I had taken it a month I was able to help do my work. On the 27th of May my baby was born, and I was only sick three hours, and had an easy time. The doctor said I got along nicely. We praise Dr. Pierce's medicine for it has cured me. I am better now than I have been for thirteen years. I hope all that are afflicted will do as I have done and be cured."

Mrs. Carrie B. Donner, of Dayton, Green Co., Wis., writes: "I can highly recommend Dr. Pierce's Favorite Prescription—having taken it for nine months previous to confinement. I suffered scarcely any compared with what I had at other times."

Dr. Pierce's Favorite Prescription is essentially a woman's medicine. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness. It is the best preparative for maternity and as a tonic for nursing mothers is absolutely unrivaled. Sometimes a dealer, tempted by the little more profit paid on the sale of less meritorious preparations, will offer a substitute for "Favorite Prescription" as "just as good." Judged by its record of cures of womanly ills, there is no other medicine just as good as "Favorite Prescription."

A MOTHER'S BOOK. Bright's Disease. The largest sum ever paid for a prescription, changed hands in San Francisco, Aug. 30, 1901. The transfer involved in coin and stock \$112,500.00 and was paid by a party of business men for a specific for Bright's Disease and Diabetes, hitherto incurable diseases.

They interviewed scores of the cured and tried it out on its merits by putting over three dozen cases on the treatment and watching them. They also got physicians to name chronic, incurable cases, and administered it with the physicians for judges. Up to Aug. 25, eighty-seven per cent of the test cases were either well or progressing favorably.

There being but thirteen per cent of failures, the parties were satisfied and closed the transaction. The proceedings of the investigating committee and the clinical reports of the test cases were published and will be mailed free on application. Address John J.
