Summer complaint is unusually prevalent among children this season. A well developed case in the writer's family was cured last week by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy—one of the best patent medicines manufactured in which is always kept on hand at the home of every family. This is not intended as a free puff for the company, who do not advertise with us, but to benefit little sufferers who may not be within easy access of a physician. No family should be without a bottle of this medicine in the house, especially in summer time.—Lansing, Iowa, Journal. For sale by G. A. Harding.

**County Treasurer's Notice.**

**The Same Old Story.**

J. A. Kelly relates an experience similar to that which has happened in almost every neighborhood in the United States and has been told and retold by thousands of others. He says: "Last summer I had an attack of dysentery and purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used according to directions and with entirely satisfactory results. The trouble was controlled much quicker than former attacks when I used other remedies." Mr. Kelly is a well known citizen of Henderson, N. C. For sale by G. A. Harding.

**Will It Cure Me?**

That's the personal question a woman asks herself when she reads of the cures of womanly diseases by the use of Dr. Pierce's Favorite Prescription.

Why shouldn't it cure her?

Is it a complicated case? Thousands of such cases have been cured by "Favorite Prescription." Is it a condition which local doctors have declared incurable? Among the hundreds of thousands of sick women cured by the use of Dr. Pierce's Favorite Prescription there are a great many who were pronounced incurable by local doctors. Wonders have been worked by "Favorite Prescription" in the cure of irregularity, weakening drains, inflammation, ulceration and female weakness. It always helps. It almost always cures.

"Three years ago," writes Mrs. John Graham, of 2018 Plum Street, (Frankford) Philadelphia, Pa. "I had a very bad attack of dropsy which left me with heart trouble, and also a very weak back. At times I was so bad that I did not know what to do with myself. My children advised me to take your 'Favorite Prescription,' but I had been taking so much medicine from the doctor that I was discouraged with everything. I came to Philadelphia two years ago, and picking up one of your little books one day began to read what your medicine had done for others. I determined to try it myself. I took seven bottles, and to-day I am a strong, well woman, weighing 125 pounds. Have gained 20 pounds since I started to use 'Favorite Prescription.'"

Dr. Pierce's Pleasant Pellets clear the complexion and sweeten the breath.

"I am using a box of Chamberlain's Stomach & Liver Tablets and find them the best thing for my stomach I ever used," says T. W. Robinson, Justice of the Peace, Loomis, Mich. These tablets not only correct disorders of the stomach but regulate the liver, and bowels. They are easy to take and pleasant in effect. Price 25 cents per box. For sale by G. A. Harding.

**New Sprinkling Rules.**

To accommodate the merchants with more convenient hours for sprinkling streets and sidewalks so as to lay the dust, the Board of Water Commissioners have amended the rules to permit the use of water between the hours of seven to nine, a. m., and two to four, p. m. Lawn and garden sprinkling, or irrigation, can be done only during the hours as previously published, six to eight, a. m., and six to eight, p. m.

To describe adequately "The World's Great Disasters" is the task set C. Bryson Taylor, in the July Everybody's. He has written in superb style the stories of the destruction of Pompeii, the earthquake at Lisbon, the passing of Port Royal and the cataclysm at Yeddo, picturing the life of these cities at the moment of destruction. Photographs of the ruins of St. Pierre accompany the article. Donald Murray, the inventor of the postal telegraph system of writing telegraphs, writes "The Strange Story of the Printing Telegraph." The Delights of Salmon Fishing are described by Charles Hallock, and finely depicted by Dugmore and other photographers. A "Revival of Feminine Handicraft," by Minnie J. Reynolds, describes the new movement which promises to provide general employment for men and women having an artistic sense.

**HOUSEWORK**

Too much housework wrecks women's nerves. And the constant care of children, day and night, is often too trying for even a strong woman. A haggard face tells the story of the overworked housewife and mother. Deranged menses, leucorrhoea and falling of the womb result from overwork. Every housewife needs a remedy to regulate her menses and to keep her sensitive female organs in perfect condition.

**WINE OF CARDUI**

is doing this for thousands of American women to-day. It cured Mrs. Jones and that is why she writes this frank letter:

Glendean, Ky., Feb. 10, 1901.

I am so glad that your Wine of Cardui is helping me. I am feeling better than I have felt for years. I am doing my own work without any help, and I washed last week and was not one bit tired. That shows that the Wine is doing me good. I am getting healthier than I ever was before, and sleep good and eat hearty. Before I began taking Wine of Cardui, I used to have to get down five or six times every day, but now I do not think of lying down through the day.

Mrs. Richard Jones.
