In the matter of rent of rock crusher to Benedict Fathers of Mount Angel—County received \$54.00 in full.

In the matter of report of viewers on survey of Wiles Road—Read first time.

TRADES THAT KILL

Stonecutters who work on sandstone seldom live to be more than fifty years of age and nearly all of them die of lung disease due to the inhalation of mineral dust. Another class of workers who succumb to lung troubles are those who prepare feathers for trimmings and ornaments. They inhale the floating, feathery particles, and in three years disease has a firm hold on them. The grinders and polishers of cut-glass rarely live beyond the age of forty. They too die of lung trouble. The average death rate for consumption is reckoned at about sixteen per cent. of the total mortality from disease. But among flint-workers that percentage leaps from sixteen to eighty per cent.; among needle-polishers to seventy per cent.; and among file-cutters to sixty-two per cent. These are some of the trades that kill.

These facts and figures force upon our attention the delicacy of the lungs and the other organs of respiration. It is impossible to be too careful of the lungs, and the very first symptoms of weakness in these organs should be at once met and overcome by the use of Dr. Pierce's Golden Medical Discovery.

"Four years ago I had a bad spell of sickness," writes Mrs. Mollie Jacobs, of Felton, Kent Co., Del. "Was taken with a terrible cough; coughed and spit blood until I grew weaker every day; had chills and night-sweats; not much appetite; bread tasted like dry wood or no taste at all. I had three doctors in during the time I was sick; they all told me I had consumption. I am of a consumptive family—my father and one brother having already died with it—so I thought I must go the same way. I was in a terrible state of health, and my mind was worked up considerably. I thought I must die soon, but I did not want to—I wanted to live to care for my little children until they were able to take care of themselves. About that time a friend of mine advised me to try Dr. Pierce's Golden Medical Discovery, and so I did. The first bottle did me good so I kept on taking it. Took sixteen bottles altogether, and I believe that God and Dr. Pierce's medicine saved my life. When I commenced to take the medicine I could not pump a bucket of water and could only carry half a bucketful. Was so weak I could not sweep a floor with a carpet on it; in fact, could hardly walk. Since taking Dr. Pierce's medicine I have done the washing and all the work for five in family, picked berries and worked in a canning factory. Any invalid wishing to know about my case may send a stamp for return reply and I will answer."

It is agreed to-day by physicians that consumption is not inherited, but is communicated from one person to another. It is, however, true that in some families there is a tendency to lung weakness, which greatly increases the liability of its members to that dreaded disease. The use of Dr. Pierce's Golden Medical Discovery by those who have "weak" lungs, will result in the strengthening of these organs, and enable them to resist or throw off disease. "Golden Medical Discovery" cures deep-seated coughs, bronchitis, bleeding of the lungs and other forms of disease which if neglected or unskillfully treated may find a fatal termination in consumption.

"I cannot speak too highly of Dr. Pierce's Golden Medical Discovery," writes W. S. Long, Esq., of Frankfort, Sussex Co., Del. "After recovering from a spell of pneumonia, I was taken with a terrible cough, and nothing seemed to do me any good until I began taking the 'Golden Medical Discovery.' Before I took the medicine I was very weak and nervous, with no appetite, and could not sleep at night, and my friends felt sure that I had consumption. Before taking one bottle my appetite improved greatly, and after taking four bottles I was completely cured. I think there is no medicine equal to Dr. Pierce's Golden Medical Discovery, and strongly recommend it to all similar sufferers."

If you are suffering from an obstinate, lingering cough, if your lungs are "weak" or delicate, or if you have developed lung trouble, and are weak and emaciated, you may take Dr. Pierce's Golden Medical Discovery with the assurance that in scores and hundreds of cases like your own the use of the "Discovery" has resulted in a perfect and permanent cure.

Persons suffering from disease in chronic form are invited to consult Dr. Pierce by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Don't be fooled into trading a substance for a shadow. Any substitute offered as "just as good" as "Golden Medical Discovery" is a shadow of that medicine. There are cures behind every claim made for the "Discovery," which no "just-as-good" medicine can show; therefore, accept no substitute for the "Discovery."

VALUABLE MEDICAL WORK FREE!

Dr. Pierce's Common Sense Medical Adviser contains more than a thousand pages of information and advice, and has over 700 illustrations. It tells the plain truth in plain English. It treats of biology, physiology and hygiene in a common-sense way. It tells what to do when accidents happen and how to do the right thing at the right time. This great work is sent FREE on receipt of stamps to pay expense of mailing ONLY. Send 31 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper-covers.

Address: Dr. R. V. PIERCE, Buffalo, N. Y.

Bright's Disease.

The largest sum ever paid for a prescription, changed hands in San Francisco, Aug. 30, 1901. The transfer involved in coin and stock \$112,500.00 and was paid by a party of business men for a specific for Bright's Disease and Diabetes, hitherto incurable diseases.

They commenced the series investigation of the specific Nov. 15, 1900. They interviewed scores of the cured and tried it out on its merits by putting over three dozen cases on the treatment and watching them. They also got physicians to name chronic, incurable cases, and administered it with the physicians for judges. Up to Aug. 25, eighty-seven per cent of the test cases were either well or progressing favorably.

These being but thirteen per cent of failures, the parties were satisfied and closed the transaction. The proceedings of the investigating committee and the clinical reports of the test cases were published and will be mailed free on application. Address John J. Fulton Company, 420 Montgomery St., San Francisco, Cal. Chairman & Co. are our sole agents in Oregon City.

Liver Pills

That's what you need; something to cure your biliousness and give you a good digestion. Ayer's Pills are liver pills. They cure constipation and biliousness. Gently laxative. All druggists.

Want your mouthache or head a beautiful brown or rich black? Then use BUCKINGHAM'S DYE for whiskers

See Charman & Co.'s new advertisement. It will save you money.
