General Agent

### Happy Time in Old Town.

"We felt very happy," writes R. N. Beville, Old Town, Va., "when Bucklen's Arnica Salve wholly cured our daughter of a bad case of scald head." It delights all who use it for Cuts, Corns, Burns, Bruises, Boils, Ulcers, Eruptions. Infalible for Piles. Only 25c at Geo. A. Harding's drug store.

### "FRUIT OF THE LOOM."

Men and women of taste and judgment go into ecstasies over the wonderful patterns, textures and colors which are the fruit of the loom. But there is one rarely considered, and that is the frail and faded woman, old before her time, because necessity compels her to work under conditions, which send her more favored sister to bed and the doctor's care.

The diseases which weaken and torment women, may in almost all cases be cured by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.

"I had female trouble for eight years," writes Mrs. L. J. Dennis, of 88 East College Street, Jacksonville, Ill. "Words cannot express what I suffered. I sought relief among the medical profession and found none. Friends urged me to try Dr. Pierce's Favorite Prescription. When I commenced taking this medicine I weighed ninety-five pounds. Now I weigh one hundred and fifty-six pounds—more than I ever weighed before. I was so bad I would lie from day to day and longed for death to come and relieve my suffering. I had internal inflammation, a disagreeable drain, bearing-down pain, and such distress every month, but now I never have a pain—do all my own work and am a strong and healthy woman."  
"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.  
Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.

### Don't Fail to Try This.

Whenever an honest trial is given to Electric Bitters for any trouble it is recommended for a permanent cure will surely be effected. It never fails to tone the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. It's a wonderful tonic for rundown systems. Electric Bitters positively cures Kidney and Liver Troubles, Stomach Disorders, Nervousness, Sleeplessness, Rheumatism, Neuralgia, and expels Malaria. Satisfaction guaranteed by George A. Harding. Only 50 cents.

### You Know What You Are Taking

When you take Grove's Tasteless Chill Tonic because the formula is plainly printed on every bottle showing that it is simply Iron and Quinine in a tasteless form. No Cure, No pay. 50c.

### The Same Old Story.

J. A. Kelly relates an experience similar to that which has happened in almost every neighborhood in the United States and has been told and retold by thousands of others. He says: "Last summer I had an attack of dysentery and purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used according to directions and with entirely satisfactory results. The trouble was controlled much quicker than former attacks when I used other remedies." Mr. Kelly is a well known citizen of Henderson, N. C. For sale by G. A. Harding.

### Catarrhal Deafness.

Cannot be cured with local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional treatment. Deafness is caused by an inflamed condition of the eustachian tubes. S. B. Catarrh Cure will reduce and cure all catarrhal inflammation of the eustachian tubes and restore them to a normal condition. Sold by all druggists. Book on Catarrh free. Address Smith Bros., Fresno, Cal.

### CONSUMPTION

the most dreaded and deadly of all diseases, as well as pneumonia, and all lung troubles are relieved at once and cured by Acker's English Remedy the king of all cough cures, cures cough and colds in a day; 25 cents. Your money back if dissatisfied. Write for free sample. W. H. Hooker & Co., Buffalo, N. Y., or Howell & Jones, druggists.

PUTNAM FADELESS, DYE are fast to sun light washing and rubbing. Sold by C. G. Huntley

### CHOICE MISCELLANY

#### Paris Girls' Luncheon.

The Paris factory girl's restaurant is a bench on the boulevard or in a public square. She does not bring her lunch from home in the morning, but buys a little sausage or similar delicacy at one shop or vender's wagon, a few cakes at another and an apple or banana at a third on her way from the shop to her favorite bench.

Ten minutes suffice for the frugal meal, and the rest of the hour is passed in chatting and promenading. Usually she economizes on her lunch and spends a couple of sous for violets or other flowers.

Now, all this is very pleasant in fine weather, but the girls do the same thing on rainy days and in the worst storms of winter.

Why? Because they have to. The French believe in regulating everything by law. At one time the girls were compelled to eat their lunch in the establishments where they were employed. This regulation being complained of as oppressive, it was decreed that they should not lunch in the establishments.

Now some progressive people are suggesting the propriety of letting the poor creatures do as they please.

#### Are Kings Immune From Measles?

Are kings and queens and princes subject to the measles and the law of gravitation just like ordinary mortals? Prince George of Bavaria, a royal personage of twenty-two, says that they

are not, or at least that the law of evolution does not apply to men of noble lineage. Others may have descended from a protoplasmic speck, but not his family. Professor Ranke, the celebrated scientist, was recently delivering a lecture in Munich before a learned society, in which he told incidentally of the descent of man, possibly from or through the monkey, when the prince arose and rebuked him sharply for insinuating that any member of the royal family could be descended from apes. Prince George pointed out that as monarchs exist and rule by divine right it was logically impossible that the Darwinian theory should apply to them. Other mortals may consider themselves a product of evolution, but kings and princes are provided for in other ways. King Canute had a similar idea. If the prince could suspend the law of gravitation in the same way, he could be dropped out of a window without injury to his feelings.—Harper's Weekly.

#### The Russian Railroad.

Russia has been occupied for more than ten years in building 6,000 miles of railway over a very easy country for the most part, and that railway is not yet completed. The turn around Lake Balkal, which involves serious difficulties, is not yet made and will not be for some years. The Manchurian branch is not yet complete. But assume that we may call the railway completed, what do we find? It has taken Russia ten years to build 6,000 miles of railroad. The annual construction of railways in the United States has twice reached 6,000 miles. The

Russian road has cost in the easiest part \$30,000 a mile, and in Siberia it has probably cost, with the equipment, \$50,000 a mile. Yet, despite this enormous and wasteful expenditure, they have only got a single track laid with rails so light that they must relay it from one end to the other. It is as yet a complete failure commercially. It is not paying its expenses.

#### Nicaragua, if There is a Canal.

The construction of the transisthmian waterway through the productive country of Nicaragua means to that country an opening up of its latent resources, immigration and improved transportation facilities. The construction of the canal will draw thousands of foreigners to the country, both capitalists and labor, and it requires no stretch of the imagination to see this increasing population spreading over the adjacent country both to the north and to the south and settling on the lands which can be had for the asking. Where there are now only dense forests, silvery lakes, rushing mountain streams and silent prairies with tall, waving grass there will spring up towns and villages, plantations and farms, and a new geographical and commercial center of the western hemisphere.—Outlook.
