**Honor for an Old Soldier.**  
 The home of Mr. and Mrs. J. M. Taylor on 11th street, was the scene of an enjoyable gathering Tuesday evening of this week, the occasion being Mr. Taylor's 70th birthday. The Grand Army and the Women's Relief Corps were out in goodly number, as well as many neighbors and friends.  
 The affair might have been a complete surprise but for the ice cream boy who gave the whole thing away where he should put a large freezer full of ice cream, which he said he had been instructed to leave at his home. This fact, however, dampened the good time none whatever, and the evening passed off enjoyably to all present.  
 Mr. Taylor has the honor of belonging to that distinguished army of men, now rapidly diminishing in numbers, which fought so gallantly in behalf of the flag from '60 to '65. He served with distinction in the 12th Iowa Volunteers and took an active part in the great attacks on Fort Henry and Fort Donaldson, at which latter place he was quite severely injured, and at this 70th milestone of his useful life his friends gathered to pass an hour in social intercourse.  
 At a late hour ice cream and cake were served followed by kind expressions of good will and for many returns of the day.  
**Died While Parents Were Away.**

 Mr. and Mrs. Godfrey Snider, the child's parents, had come to Oregon City, leaving Johnnie, their 5-year-old child home with an older brother. While away Johnnie was taken with severe cramps, which resulted in his death. This was the melancholy news which Mr. and Mrs. Snider received from a messenger soon after arriving in the city. The child was well and in exceedingly good health when the parents left their home in the morning, and the news of the death was so sudden and unexpected that the father and mother are prostrated with grief. The funeral arrangements have as yet not been made.

 The Oregon City baseball team won the \$150 trophy at Gladstone Chautauqua on Friday, and on Saturday played an exhibition game with the Chemawaw, and won \$25 more.  
 The new coat of paint that is now being applied to the hook and ladder fire house, is a decided improvement, and it is gratifying to note that many such improvements are now on foot in our enterprising little city.  
 H. O. Patterson, who has lately built two neat cottages on Tenth street, is now adding the finishing touches to a third house of five rooms. This is the kind of enterprise which Oregon City needs. May the good work continue.

Five new school buildings are being constructed in this county—at Dover, district No. 83; at Brown's, district No. 63; at Engle district, near Molalla, district No. 10; at Beaver Creek, district No. 15; at Glad Tidings, district No. 5.  
 The Red Men from Portland and the local tribe in this city illuminated the falls Tuesday evening and held a very enjoyable dance in the park on the hill. Something like \$48 was cleared and will be donated to the entertainment fund. The order is growing every day, and it bids fair to continue.  
 Wednesday afternoon witnessed all the grocery stores in Oregon City closed, the occasion being the Retail Grocers' picnic. A large concourse of people were present in Oregon City, many coming from the rural districts. In the afternoon literary exercises were held in the park, followed by races and games.

The record price of Clackamas county hops was paid when Lillenthal Bros., of New York, paid 20 cents per pound for 32,000 pounds from the yards of S. B. Taylor and M. T. White, two miles from Monitor; Ale O. Rye, two miles southeast of Monitor, and John A. Ridings, three miles north of Marquam.  
 August, the 7-year-old son of Fred Mathies, of Damascus, caught his hand in a hay-fork pulley block on Tuesday and lost three fingers of his right hand. The little fellow took hold of the rope and held on while it was running through the pulley wheel, tearing the flesh off his fingers, and never shed a tear.

Once more the Oregon City ball players win honor for themselves, this time defeating the Uppchurch team of Portland in a score of 5 to 2. The game was played on the professional grounds at Portland on Sunday afternoon, and all who saw the boys play speak in glowing terms of their excellent work. Especial mention is made of the work done by the Oregon City battery, Calif and Martin.  
 The new steam shovel of the O. W. P. and Ky. Co. will be first used to fill in the new track around the Milwaukee trestle. When that work is finished the shovel will be used to fill the trestle between Oregon City and the Clackamas bridge. This improvement is one that the public will appreciate, and it shows good judgment on the part of the management. This trestle was built too high in the first place.  
 It is understood that on next September there is to be a labor-day celebration in Oregon City, and it is hoped that on that day the iremen of the city will again run their wettest races. It is reported that the Fountains and the Hooks are anxious to meet the Cataracts in another race, and the Cataracts can not well let the opportunity escape. The Cataracts have the fastest material in the city, and their success is assured if they enter the race.

A company of bible students, composed of prominent ministers and church workers from various places in the state, assembled at Gladstone park this week for the purpose of bible study. Monday evening, some body thinking it very smart, turned all the water out of the tank which supplies the park with water, and not able to procure sufficient water to meet the demands, the company was obliged to disperse. This is a trick indicative of little brains, and despicable in the extreme.  
 Several of the counties of the state have made arrangements for issuing pamphlets descriptive of their resources, to be delivered in the East by the Harriman system of railroads. Polk county will print 100,000 10-page pamphlets, Lane county will issue 100,000, Douglas county 50,000, Jackson county 100,000, and so on. Where is Clackamas county? This is an opportunity that we should not let slip, and we can raise, if we want to, \$200 to print 25,000 12 or 10-page pamphlets.

Prof. P. L. Coleman and Miss Carrie Bair were married at the Electric hotel on last Thursday by Rev. A. J. Montgomery of the Presbyterian church. Miss Bair is the daughter of Col. Bair, ex-county commissioner, of Needy, and is well and favorably known in Oregon City, where she has resided for some time, and is an accomplished woman. Prof. Coleman has been a resident of Baker county for the past two years, but has resided in Clackamas county for seven or eight years, where he has taught school and is prominent as an educator. Mr. and Mrs. Coleman expect to reside in Clackamas county, where Mr. C. will again engage in his profession.

One of the novel attractions of the season is to be the lawn fete, given under the auspices of the Dickens' Club, at the residence of Mrs. T. W. Clark Friday evening. The spacious lawn will be beautifully lighted with Japanese lanterns, and an entertainment replete with interesting features will be given. Lemonade will be furnished from a fountain; an experienced fortune teller will be present; ice-cream and cake are to be served; the popular Maccabee quartette is to render some of its popular airs, and last and least of all an automobile ride is to be participated in by all present. All who wish a thoroughly enjoyable time can not well afford to let this opportunity escape.

## RELIABILITY

The most important work in a drug see is the compounding of physicians' prescriptions.

Any ordinary druggist, or assistant, can throw the ingredients into a bottle, give it a shake and hand it out; no doubt a great deal of this work is being done, and you often hear your physician say, "This medicine don't have the desired effect."

This careless mixing often robs the physician of his power to relieve the suffering.

Every cook knows the ingredients of a good cake, and can mix the different articles—but how few can always make a good cake. This is more applicable to the druggist than cook.

When your prescription is filled by Howell & Jones it is just as good as pure fresh drugs and experienced men can make it.
