EPURITAN WIFE

The Puritan wife vowed to love, honor and obey her husband. She believed that "the husband is the head of the wife," and she yielded to his will as her law. We have changed all that. We have cut the word "obey" out of

the marriage service. We have accepted the doctrine of feminine equality. Women no longer keep silence in the church. In business avocations and professions they march side by side with men. To-day the intellectual equality of woman is frankly conceded, and yet that puritan wife, vowed to obedience, whose husband was also her lord, had one point of equality with the stronger sex which the modern woman has largely lost; she had the equality of health, and the equality of courage and strength which enabled her to keep her place at her husband's side in times of danger and of peril.

As housewife she was tireless in her industry. As mother she reared a large family. She knew little of the aches and ills which vex the modern woman who has entered upon the heritage of woman's rights. Statisticians have called attention to the decrease in the size of the family. Women shrink from the pangs and obligations of maternity. The very participance of women in out-

door sports once termed manly, is only an evidence of the fact that she recognizes her physical deficiency and weakness. But outdoor sports and exercises are open to comparatively few women, and while exercise may promote the health when it is once established, it cannot produce health. In fact, where there is womanly weakness, exercise may be an injury where the weakness permits the possibility of exercise.

The first and greatest of woman's rights is the right to be healthy, the right to enjoy herself as a wife and to be happy as a mother. Give woman this and all other features of womanly equality will take care of themselves,

In hundreds of thousands of cases this physical equality has been restored to weak and sick women by the use of Dr. Pierce's Favorite Prescription, the medicine which makes weak women strong and sick women well.

"My wife used three bottles of Dr. Pierce's medicine, and I never saw such results," writes A. B. Haynes, Esq., of Aurora, Lawrence Co., Mo. "It was wonderful in its work. We had used lots of medicine, also had one of the best physicians in Aurora, but my wife got no better; we heard one pitiful groan after another, day and night. A friend handed me a copy of Dr. Pierce's book, The Common Sense Medical Adviser, and after reading the testimonial of Dr. Piercels of the sentence of the senten and after reading the testimonials of Dr. Pierce's successful treatment, and seeing that the cases described were similar to my wife's, I bought for her a bottle of Dr. Pierce's Favorite Prescription. Before she had taken all of the medicine she was up and helping to do the work. She has taken three bottles and is now well. Has better health than she has had for years, so perfectly did the medicine do its work."

Dr. Pierce's Favorite Prescription cures womanly ills and the aches and pains which these ills are the cause of. It establishes regularity and so gives freedom from the periodic suffering which so many women endure with each recurring month. It dries the drains which distress and weaken women. It heals the

gnawing ulcer, puts out the scorching flame of inflammation, and perfectly and permanently cures female weakness. It also cures backache, headache, nervousness, sleeplessness and other ills which are the result of womanly diseases.

ness, sleeplessness and other ills which are the result of womanly diseases. "No doubt you have forgotten me, but after you have read my letter you will remember me," writes Mrs. Annie E. Moring, 238 7th Avenue, S. W., Roanoke, Va. "In the year 1897, I wrote you for advice, which you gave me free of charge. Now, Doctor, I will tell you I was a wreck. When I wrote to you I could not walk straight, for pain in my abdomen, could not sit down, lie down, or get any case at all. I had what was called the best doctor here, but did not get any better until I went through a course of your medicine. I took eight bottles each of 'Favorite Prescription ' and 'Golden Medical Discovery.' I kept on with the 'Pleasant Pellets,' after I had stopped taking the other medicine. I took ten vials of the 'Pleasant Pellets,' and I tell you the medicine made a cure of me. My trouble was female trouble, and I am willing to have you use my letter, for there are other women to-day that need your medicine, and it will cure them if they will follow your advice."
