The warm days witness the bank of the river on the West Side alive with, boy swimmers, and not alone the boys for about once a week a number of young ladies take a swimming lesson. A swimming bath is the next thing in order. It is said that "cleanliness is next to Godliness," and a bath house would materially promote this desirable end.
About 20 teasel pickers working on the Gregory ranch at Carus struck for 10 cents a basket Saturday. The pickers had been getting eight cents a basket and as the picking was getting very poor, it being the second crop. The women who struck for 10 cents were dismissed, and those who didn't strike were retained and given the 10 cents demanded.

A Change

In the medicine is so often ordered that you sometimes doubt the ability of the physician to properly treat the patient, when if the truth was known the fault is with your druggist and not the doctor. You become tired and restless waiting for a change for the better to take place, until in your anxiety you order a change of doctors, when in the majority of cases a change of druggists would be more beneficial to the sick one.

When your physician tells you the medicine don't have the desired effect, ask him to allow you to have us prepare the medicine and note the result.

We accurately compound the prescriptions of all physicians, no matter how complicated. We do the work ourselves and don't turn them over to an inexperienced assistant to fill.

Before changing doctors
try a change of druggists

Dr. J. H. Colman, president of Willamette University, will preach at the Methodist church next Sunday morning. Dr. Colman is a speaker of exceptional ability and all will profit by hearing him. Some young people are already in attendance at Willamette and others are anticipating entering this fall. It is hoped that especially all who are interested in college work will come out and greet him.

The long looked for fountain arrived Tuesday from the Pennsylvania Iron Works and is now being put in place. The fountain has four outlets, two for animals and two for the general public. It stands about nine feet high and is made of cast iron of a dark brown color. It is being placed on the Methodist corner where the public can most readily get access to it. The fountain cost something over \$200 and is a valuable and much needed improvement.

On Saturday and Sunday, the Primitive Baptists (who should not be confounded with the missionary Baptists and have an unsalaried ministry) will hold divine services at the home of Mr. Bruce, formerly owned by Mr. Thayer (real estate), at the upper end of Seventh street. All who earnestly desire to hear the word of life expounded under the inspiration of the Spirit are earnestly invited.

A. F. Toner and Mark Ellis, of Dallas, and J. F. Clark and A. W. Cheney, of Oregon City, returned during the week from a hunting trip in the vicinity of the headwaters of the McKenzie river. Twenty deer and two black bear were results of the hunt. The meat was dried and brought out on pack horses. Mr. Clark killed the largest black-tailed deer ever heard of in the Cascades. It weighed over 200 pounds dressed and had the finest pair of perfect antlers ever seen, each of the points being over two feet from head.

Saturday Fred Himler, of Parkdale, with seven other men brought 400 ft piling down the Clackamas river for James Wells, of Clackamas. All the summer these men have been engineering logs down this stream, and this was the eighth drive they have made. The logs are now at the mouth of the Clackamas river and are to be taken to Portland and from there they will be taken to Salt Lake City to be used on the O. R. & N. R. R. The logs came from the Eagle Creek country.

It would be more difficult to imagine a more enjoyable affair than the party at the upper hatchery on the Clackamas last Sunday. A party of twelve young people left early in the morning with well-filled lunch baskets and spent the day in games and conversation. Those present were: Miss Della Young, of The Dalles; Misses May and Kate Mark, Lizzie Walker, Grace Marshall, Grace Robinson, of Clackamas, Charles Schram, Charles Blum, Elgin Soules, Pearl Mosier and William Marshall.

Eight hundred feet of first-class Maltese Cross hose, which has been purchased by the city arrived this week from San Francisco, and on Monday Fire Chief Sherman Burford and Theodore Miller were engaged in reeling it up and putting it away. For some time the city fathers have had the matter of a choice of hose under serious consideration and it was not till the other day that they came to a decision. The hose is of the best make, and cost the city \$1.10 per foot, making a total of \$880. The hose will last longer than any other and has the advantage of not requiring the water drained out of it as the old one did thereby saving time and trouble.

Divorce suits are coming almost daily into court. On Wednesday J. W. Kiegor filed a complaint against Mercy Kiegor for a divorce on the ground of willful abandonment for a period of more than five years. Arthur L. Woodbury filed another complaint against Nora Woodbury for a dissolution of their marriage ties. The plea in this case was the same as the former, that of abandonment for eight years. Julia Hayden also filed a complaint against Joseph W. Hayden for a decree of divorce on the grounds of abandonment for five years.

Oregon City Normal College.

We began Oregon City Academy on the 23 day of October, 1899. We received a state charter in 1901 under the name of Oregon City Normal College. From numerical and financial standpoints, we have had reasonable success. Our best success, however, is shown in the advancement of our pupils. Those of academic and normal grade have accomplished their work as thoroughly and rapidly as the best schools of college or academic grade. Pupils in the advanced grades of the common school course have, as a rule, passed two grades, or year's work, in one year.

Our fourth year of school begins the 1st day of October, 1902. We feel assured of a better school this year, and look for increased attendance over preceding years.

Oregon City is a good location for such a school. If students of Oregon City and surrounding country can do as well or a little better in normal and college preparatory work than they can abroad, it is certainly advantageous.

We have been long engaged in teaching, much of it in work of this grade, and feel sure that no good student need fail of doing the very best at Oregon City Normal College.

Under the present sharp competition in all lines of industry, all recognize that every young man and woman should have a thorough education.

Wishing only the very best for the young people now preparing to attend school somewhere, we cordially invite them to attend the college.
