THE DRAUGHT
BLACK-DRAUGHT
THE ORIGINAL
LIVER MEDICINE

A sallow complexion, dizziness, biliousness and a coated tongue are common indications of liver and kidney diseases. Stomach and bowel troubles, severe as they are, give immediate warning by pain, but liver and kidney troubles, though less painful at the start, are much harder to cure. Theodford's Black-Draught never fails to benefit diseased liver and weakened kidneys. It stirs up the torpid liver to throw off the germs of fever and ague. It is a certain preventive of cholera and Bright's disease of the kidneys. With kidneys reinforced by Theodford's Black-Draught thousands of persons have dwelt immune in the midst of yellow fever. Many families live in perfect health and have no other doctor than Theodford's Black-Draught. It is always on hand for use in an emergency and saves many expensive calls of a doctor. Mullins, S. C., March 10, 1901. I have used Theodford's Black-Draught for three years and I have not had to go to a doctor since I have been taking it. It is the best medicine for me that is on the market for liver and kidney troubles and dyspepsia and other complaints. Rev. A. G. LEWIS.

CUTTYHUNK MEMORIAL.

Life of Ancient Colony to Be Marked by a Monument.
The laying of a cornerstone for the Gosnold memorial on May 24 at Cuttyhunk, Mass., marks the beginning of work on a shaft which is to commemorate a hitherto neglected spot which is rich in historic tradition.
On the 24th day of May, 1602, Bartholomew Gosnold, with thirty-two

companions, landed on Cuttyhunk island. They built a fort and storehouse and engaged in barter with the Indians. This storehouse is believed to be the first habitation built on the coast by Europeans.
The memorial shaft is to be built of rough field boulders from the rocky hills of the island. It will rise sixty feet from the base and will be a landmark for vessels passing through Buzzards bay and Vineyard sound.

WOMEN OF ST. PIERRE.

Were Noted For Graceful Beauty and Picturesque Attire.
The women of St. Pierre, the fated city of Martinique, blotted out in an instant by Mont Pelee's fire, were noted for their picturesque beauty. Travelers say that for grace and stateliness of carriage they were unsurpassed.
Their love of color, too, was the passionate fondness for brightness of all

THE CRUISER DIXIE.

Warship That Carried Relief to Stricken Martinique.
The warship Dixie, which has been sent as a relief ship to Martinique, is a converted cruiser and has for some time been used as a training ship. She recently returned from a ten months' cruise in European and West Indian waters. In this cruise she was manned by a crew of 700 men, most of them ap-

prentices and landsmen who were being trained for duty in the United States navy.
The Dixie before the Spanish war was one of the fleet of the Morgan line. She is a steel cruiser of 6,145 tons displacement and has a speed of sixteen knots. Her armament consists of eight 5 inch rapid fire guns as a main battery, with a number of smaller guns.
