That took place between two prominent Oregon City ladies at an afternoon tea. Names not mentioned.

Mrs. X. (the guest)—My! What lovely table linen. Mrs. K. (the hostess)—Yes, it is lovely. Mamma gave me two cloths and a dozen napkins when I was married—ten years ago. Mrs. X.—Where did she get them? Mrs. K.—At McAllen & McDonnell's. Mrs. X.—Well! I was never in there. I don't know why. Mrs. K.—Mamma says she can do better there than anywhere. You know they only keep dry goods, and they do understand. Next day I go shopping I will take you along. And they came.

Tuesday morning witnessed the Gram dock crowded with people all intent on reaching the hop yards. More trunks, boxes, tent poles, stoves, cooking utensils were put on board the boat than you could count in a month, and best of all, everybody was in good humor. William Nefzger returned Saturday from a season at Coquille. Mr. Nefzger has been pitching for the Coquille ball players and has had splendid success. He played with good men, and his record was second to none in the team. He is a pitcher who uses his left arm and can send a ball over the plate at a terrific speed. It is the opinion of impartial observers that Mr. Nefzger is one of the best amateur men in the state of Oregon and it would be a very wise move on the part of the base ball managers in this city to employ him next season with the home nine as he is head and shoulder above any man who has pitched for the Oregon City team.

The death of Clinton Hart, son of Mr. and Mrs. Hiram Hart, occurred at his home in this city Tuesday morning. His life was full of sunshine, and up to the last he maintained this same admirable spirit and passed away as one going peacefully to sleep.

Thomas Jones, more commonly known as "Clackamas" Jones, was in this city one day the past week from Beaver Creek. His name "Clackamas" has a little history worthy of narrating. It seems that in '73 he came to this country from Minnesota and started to work in Yamhill county for Reed & Ladd. It was during the harvest time that he was given a place feeding a thrasher. All the other men on the machine were of large stature and Thomas, rather diminutive, thought he could not work with such powerful men, but to the surprise of all he did faster and got more grain out of the machine per minute than any other man, and Mr. Ladd hearing that he came from Clackamas county always called him "Clackamas" to distinguish him from the large men who couldn't do the work he could.

Daniel Geiser and T. H. Davis returned this week from a two months' outing in Northern Idaho, where they went surveying with the Rands brothers. The young men have an exciting story which they told the Courier-Herald reporter. It is about a narrow escape from falling timber. One night about 11 o'clock they were camped in a narrow gulch in the mountains when a violent wind storm arose. The wind blew with such virulence that the great trees for acres around began to fall, and the boys were obliged to seek a place of safety. Before they had arisen from their sleep several large trees had fallen close to the foot of their beds, and two of the boys narrowly escaped being crushed to death. In one lot of 20 acres, where the timber was tall and green, the wind blew down every foot of the timber, leaving the entire strip bare of all vegetation. Several squatter cabins were completely lost under the fallen timber, and one man was struck on the foot by a heavy tree, which pinned him down until assistance came and released him from his shoe.
