CO-OPERATIVE PIANO CLUBS. A Money-Saving, Pleasure-Giving Plan.

Wholesale Prices to Retail Buyers or Members on the Very Best Pianos Made— Astonishingly Small Payments— Investigate and You Will Join One of the Clubs Now Forming.

Under the club system inaugurated for the first time in Portland by Eilers Piano House, purchasers get the benefit of the retailers' profit.

Always the first in adopting new progressive, money-saving, public-pleasing methods, Eilers Piano House now has in full blast a plan that has met with immense popularity elsewhere, and is now meeting with the same in Portland.

On Sunday morning we advertised our intention of forming piano clubs in Portland, the same that had been employed so successfully by our San Francisco house a short time ago. By noon no less than six pianos were on the way to the homes of enthusiastic purchasers, who had readily recognized what a saving it would be to them. Since then the growth of the clubs, six in all, has been simply phenomenal. Members are coming in almost hourly, and the entire force of delivery teams of the firm have been constantly kept busy sending out the pianos.

This is the Proposition. To begin with, members of the clubs get the very best pianos made, such as the Kimball, Decker, the Weter, Chickering and others, and they get them at dealer's prices, and in addition to this the terms of payment on them are much easier than in the regular retail way. The initial or first payment places the piano in your home.

There will be four piano clubs—"A," "B," "C" and "D," each club being limited absolutely to but one hundred members.

Those joining club "A" now secure a fine, new piano by paying down the small sum of \$5, and making weekly payments of \$1.25.

Club "B" members pay \$7 upon delivery of their pianos and complete their payments at the rate of \$1.50 per week. In the Club "C" series the initial payment will be \$12 down and the balance in payments of \$2 weekly.

Those joining Club "D" will pay \$2 down and \$2.50 weekly.

How As to Organs. There are also two organ clubs, limited to but 100 members each.

Club "OA" members secure a fine new organ by paying \$3 down and weekly payments of 60c.

Members of Club "OB" will deposit \$5 and then \$1 weekly.

These small payments secure you the very finest organs made, fully warranted by the manufacturer, and also by the house.

And, remember, you get dealer's price—\$65, \$75 and \$80 organs, with two sets reeds and couplers, go for \$38, \$46 and \$52.

The fanciest carved walnut and mahogany piano-cased organs go to members of clubs at correspondingly low prices.

And, remember, every instrument we sell is guaranteed by us for five years. These clubs are immensely popular, as if you want to get the benefits to be received by joining one of them, you had better come in and see us today.

Although this club plan has been in operation less than two weeks it has proven immensely popular. Members are pouring in from all sides, one club already having fifty-four members.

You want to be sure of securing a piano in a club you had better join immediately. If you cannot come to the store write us. We have already received many telephonic and mail applications from joiners, and they are just as taken care of as those who join personally.

EILERS PIANO HOUSE, 51 Washington St., Portland, Or. Other houses: San Francisco, Spokane and Sacramento.

Starling, But True. "If every one knew what a grand medicine Dr. King's New Life Pills is, you'd sell all you have in a day. These pills' use has made a new man of me. Infalible for constipation, stomach, liver troubles. 25c at Geo. A. drug store.

Stormy weather still keeps coming as Thanksgiving draws nigh. The dance given at Union Hall was a grand success in every way. The music was excellent and the dance was managed in a manner befitting the occasion.

All of those who were present seemed to
