

AMONG THE CANBYITES.

RECENT DOINGS OF THE DENIZENS

In That Thriving Neighborhood.

We recently spent a very pleasant time mingling with the people of the thriving little city of Canby. Canby is only ten miles to the south on the Southern Pacific Railroad and is in one of the most beautiful parts of the county.

We made the acquaintance of Mr. Rosekrans, of the firm of Carlton & Rosekrans, and found him to be a very pleasant gentleman indeed. The firm of Carlton & Rosekrans is one of the largest country firms in the county and the store would do credit to a town much larger than the town of Canby.

Mr. Andrew Koehler is the leading hardware man and is doing a big business. There are a number of smaller stores engaged in different lines of business. The town boasts of three hotels, all first-class in every respect.

The Southern Pacific steam shovel crew is working in the gravel pit and a considerable force of men are employed.

A little girl baby came to the home of the new minister last week. Both mother and babe are doing well under the care of Dr. Deadman.

The Canby lodge, I. O. O. F., will visit the Aurora lodge next Thursday evening in a body and every member is requested to be present. The boys are looking to have a good time.

The Degree of Honor held a very enjoyable entertainment in their lodgeroom last Saturday evening. Quite a large crowd of the boys were present from Aurora. Supper was served and a general good time was enjoyed by all present.

A new sidewalk has been ordered built by the city council in front of Zollner's hitching shed. The recent rains have caused it to get very muddy there and others places in the streets of Canby.

A citizen's meeting has been called for November 19, to place in nomination our councilmen for two years and a city treasurer, to be voted for on the first Monday in December.

Tom Shockley, our clever barber, was a visitor to Portland the first of the week.

Messrs Rosekrans & Carlton were visitors to Portland this week.

Mr. D. E. Roth will leave in a few weeks for California where he expects to spend the winter.

There will be a turkey and duck shooting match here on the day before Thanksgiving. H. A. Yorpal is the manager. A big crowd is expected to attend the shooting and a right merry time is looked for.

The high wind Sunday night was said by many to have been the worst wind storm that has visited this section in a number of years. No material damage was done, however.

Some one met with a bad runaway accident in Canby last Saturday. The buggy which was attached to the runaway horse was smashed but the occupant was uninjured. No one seemed to know who the party was.

George Knight, our local potato man, has made a very large purchase of potatoes and apples this year, which he is holding for a raise in prices. J. D. Stalnaker, who is buying for Hearst, of Aurora, has also made a very large purchase.

The people of this urban village will shortly be reading the Courier by the reflection of electric lights. The wires have already been placed and only a little more work needs to be done until the plant will be in full operation. The power is generated at Aurora and lights thirty candle power, cost \$1 per month each. Canby is fast taking on city airs.

Rev. McPherson filled his regular appointment at the Methodist church Sunday, preaching to a large and attentive audience.

Prof. Winches and wife, who have charge of the Canby school, are making it a great success. The primary department is being taught by Miss Vera Knight and she is spoken of very highly by the patrons.

Miss Annie Roth, who was a trained nurse with Uncle Sam's army in the Philippines and China, brought back with her many interesting relics of those faraway countries. Among other things were bolos of various makes and styles, a chinese sword and a carbine, picked up on the Boxer battlefield. Miss Roth can relate many interesting reminiscences of her trip to the Orient which are highly interesting, and her stories of the bloody days, when the Boxers were terrorizing both China and the civilized world with their deeds of violence will not likely be soon forgotten.

GEORGE C. BROWNELL

Will Be President of the Oregon Senate.

Honors Coming Right Along for the Oregon City Statesman.

It seems now to be almost a certainty that George C. Brownell will be elected President of the Oregon Senate which convenes at Salem in January. Both Senators Mitchell and Simon have declared for Brownell for the place and that seems to settle the matter for good and all. Mr. Brownell just at the present time is the most prominent figure in Clackamas county politics. He will enter upon his third term as Senator from this county the first of January. Mr. Brownell is an ardent republican and doubts very much whether a democrat will get to heaven. At least all of the front seats will be reserved for the Re-

GEORGE C. BROWNELL.

publican cohorts. Aside from his politics, which are about as bad as they well could be, from a Democratic standpoint, the Hon. Brownell is a pleasant and genial gentleman and one whom it is a pleasure to meet. We are glad to see him win this fight as it means that honors come to our republican townsman.

George C. Brownell came to Oregon City from Kansas twelve years ago. He has been in the Senate at Salem ever since. He preempted a seat in the Senate at the same time that he opened a law office in Oregon City and has held on to his Senatorial toga as tightly as he has held down his law practice. Mr. Brownell leaned to be a politician in Kansas. There politics and grasshoppers are indigenous to the soil. There are very few things in the political game that he don't know. A good stumper, an excellent organizer a smooth mixer he has kept the boys in Clackamas guessing for about a dozen years and if "them" fellows down at Salem this winter leave the senatorial toga lying around loose over night Hon. George Brownell will walk off with it, sure as "gun is iron." Well it is no fight of "corn," and we don't intend to loose any sleep about the matter or pull anybody's hair; but we wish the honorable Clackamas county senator would get something that would suit him and keep him out of politics in this county for a year or two. We are going to have a right interesting local "scrap" here politically in about twenty months. Stranger things have happened than that old Clackamas might swing back to her early traditions and elect a Democratic ticket from top to bottom or as we used to say in Kentucky from "end to end." In the meantime we wish our neighbor goodluck and a good time and may be able to get away with a goodly portion of the "loaves and fishes." The best we Democrats can do is to stand off and look on. The pie counter is not for us yet awhile. There is an old saying down South however that we believe applies in this case "Every dog has his day," and we think it is about our turn at the bat.

Cruelly Crushed.

William Bliss when president of the Boston and Albany railroad was once called before the railroad committee of the Massachusetts legislature to testify on traffic matters, and a young member who was serving his first term undertook to examine him. "I want you to tell me how much it costs to haul a freight car from Boston to Springfield," said the member. "I don't know," replied Mr. Bliss. "You don't know?" "That was the answer I gave." "What are you, anyway?" "President." "Of what?" "The Boston and Albany railroad." "Well, sir," began the legislator in rising voice, "if you are William Bliss, president of the Boston and Albany railroad, and you don't know what it costs to haul freight from Boston to Springfield, who in the name of heaven does know?"

His Life in Peril.

"I just eemed to have gone all to pieces" writes Alfred Bee, of Welfare, Tex., "biliousness and a lame back had made life a burden. I couldn't eat or sleep and felt almost too worn out to work when I began to use Electric Bitters, but they worked wonders. Now I sleep like a top, can eat anything, have gained in strength and enjoy hard work." They give vigorous health and new life to weak, sickly, run-down people. Try them. Only 50c at Geo. A. Harding's drugstore.

"Love lightens labor," the saying runs, and in a sense it is true. But even love cannot lighten labor or make it easy for the woman who is in constant suffering from inflammation, bearing-down pains or other womanly diseases. The one thing that can make work easy for women is sound health, and Dr. Pierce's Favorite Prescription is the thing that will give sound health to sick women. It cures womanly diseases which cause weakness, and cures the backache, headache, nervousness and other ills which are the result of womanly diseases.

"I suffered from female weakness for five months," writes Miss Belle Henrick, of Nye, Putnam Co., W. Va. "I was treated by a good physician but he never seemed to do me any good. I wrote to Dr. R. V. Pierce for advice, which I received, telling me to take his 'Favorite Prescription' and 'Golden Medical Discovery.' When I had used the medicines a month, my health was much improved. It has continued to improve until now I can work at almost all kinds of housework. I had scarcely any appetite, but it is all right now. Have gained several pounds in weight. Dr. Pierce's medicines have done wonderfully well here. I would advise all who suffer from chronic diseases to write to Dr. Pierce."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women. Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the paper-covered book, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

The Best Remedy for Croup. From the Atchinson, Kan., Daily Globe. This is the season when the woman who knows the best remedies for croup is in demands in every neighborhood. One of the most terrible things in the world is to be awakened in the middle of the night by a whoop from one of the children. The croup remedies are almost as sure to be lost, in case of croup, as a revolver is sure to be lost in case of burglars. There used to be an old-fashioned remedy for croup, known as live syrn and told, but some modern mothers say that Chamberlain's Cough Remedy is better, and does not cost so much. It causes the patient to "throw up the phlegm" quicker, and gives relief in a shorter time. Give this remedy as soon as the croupy cough appears and it will prevent the attack. It never fails and is pleasant and safe to take. For sale by Geo. A. Harding.

J. HENRI KESSLER, M. D. MANAGER THE OLD ST. LOUIS DISPENSARY Cor. Second and Yamhill Sts., Portland, Or.

This Is Old Dr. Kessler, One of the World's Greatest Specialists

Now, look here, young man, don't be so careless. Don't put off any longer; have your case attended to today, for your looks tell on you. You may conclude to get married some day, and to live happy you must be a man rugged and strong physically and mentally. So many divorce cases we hear of, if an investigation was made would disclose the fact that physical and nervous weakness of the husband caused the wife to finally hate him. Woman love a manly man, just as much as men love beautifully developed, healthy, red-cheeked women. Blistches and pimples show something wrong. All kinds of diseases are cured by this old doctor. It is not necessary to go to see him; in a few diseases where surgery is required or cancers, old ulcers and such, it is better to see him, but all weakness and private conditions can be cured at home. He has a perfect system for home treatment; he always answers your letters in plain envelope and keeps every case a profound secret. Pay no attention to the little books you find on streets, but trust yourself to an old doctor who has been curing cases like yours for over a quarter of a century. Always enclose 10 two-cent stamps, when writing for treatment, and send small bottle of your urine, if possible. Address,

J. HENRI KESSLER, M. D. Manager of the St. Louis Medical and Surgical Dispensary Office Hours, 9 a. m. to 9 p. m. Cor. 2d and Yamhill Sts., Portland

Proverbs

"When the butter won't come put a penny in the churn," is an old time dairy proverb. It often seems to work though no one has ever told why.

When mothers are worried because the children do not gain strength and flesh we say give them Scott's Emulsion.

It is like the penny in the milk because it works and because there is something astonishing about it.

Scott's Emulsion is simply a milk of pure cod liver oil with some hypophosphites especially prepared for delicate stomachs.

Children take it naturally because they like the taste and the remedy takes just as naturally to the children because it is so perfectly adapted to their wants.

For all weak and pale and thin children Scott's Emulsion is the most satisfactory treatment.

We will send you the penny, i. e., a sample free. Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy. SCOTT & BOWNE, Chemists, 409 Pearl St., N. Y. 50c and \$1.00; all druggists.
