

**NEW DRUG STORE**

**HOWELL & JONES**

*The Reliable* **Druggists**

Have removed their entire stock of DRUGS to the **New Garde Building,** near the Suspension Bridge.

The growing trade which they have enjoyed the past few months compelled them to secure better and more convenient quarters for the accommodation of their large prescription trade.

This building has been specially designed and modeled for this work, and they make a specialty of filling physicians' prescriptions, and can do it better than the man who doesn't make it a specialty. They do the work themselves, and know it is done properly, just as the doctor wants it. They never hand your prescription to the "boy" to fill.

**BABY RINGS FREE**

To show our appreciation of your trade, we will give absolutely FREE

**ONE SOLID GOLD FINGER RING** with Birthstone setting, to each and every baby in Clackamas County under one year of age

**REMEMBER** you don't have to pay one cent to secure the ring. Bring your baby to our store and have its finger measured.

O. D. Eby was out to Molalla on last Saturday night attending a big meeting of the Artisan lodge at that place. The good brethren enjoyed an oyster supper, an initiation, a literary programme and some fine music. After all, there are few better places than good old democratic Molalla.

Attorney Gordon E. Hayes is an inveterate sportsman. He owns about the best hammerless shotgun in Oregon City. Tuesday morning he was up bright and early and away to the lowlands along the Willamette to get an early shot at the ducks that are supposed to be numerous in that locality. He was unfortunate from the fact that the ducks were a little off on that day and did not secure a shot.

O. W. Robbins, one of the enterprising citizens of the Molalla precinct, was in town on Wednesday on his way to Portland and dropped in to see the new editor of the Courier and incidentally renewed his subscription and made a guess on the number of seeds in the big pumpkin. Mr. Robbins goes to Portland to meet a gentleman from one of the business colleges in California, and may accept a position as a teacher in that state.

Attorney F. C. Eby, of Cottage Grove, brother of O. D. Eby, has been in town since last Tuesday on business and pleasure. Mr. Eby is one of the prominent attorneys of Central Oregon. He formerly lived in this county. In addition to his extensive law practice he is just at present exploiting some gold mining property in the Bohemia district of that part of the state. The samples and prospects of the Hiawatha Gold Mining Co., which he is financing, are very attractive. Some of the ore runs as high as \$1000 per ton, and the regular run by mill test is \$8, a proposition good enough to attract anybody. Mr. Eby will be in town for several days.

Martin Robbins, of Needy, is in the market buying up young stock, and Mr. Gray is gathering what he can in the Molalla county.

Mr. and Mrs. C. T. Howard, of Mulino, were in the city on Thursday. Mr. Howard reports that his mill has wheat on hand for several months' grinding.

T. A. Fitch, of Chehalis, Wash., was in the city on Monday. He formerly lived in this city and is the father of C. A. Fitch, who for so many years was the editor and owner of the Oregon City Herald, and who recently died at Lakeview, Oregon, at which place he was publishing the Lakeview Herald. At the time of his death it was generally reported that he had committed suicide by taking an overdose of morphine. This now turns out to have been a mistake, as nothing to indicate suicide was developed at the inquest held over the remains. Mr. Fitch left a wife and three children. There is now no question but that his death was due to natural causes. The same day that he died he wrote a letter to his wife saying that he would be at home within two weeks at the farthest. Mr. Fitch while in Oregon City, in addition to meeting old friends, was transacting some important business matters.

**Runaway Boy Again Captured.** Henry Ott, 13 years of age, who ran away from his home at Sunnyside in this city last Friday, was taken into custody in this city Saturday night. He was taken home by his brother. This is the third time the boy has run away from home, and it is believed that his mind is unbalanced. While confined in the city jail the boy continually bit the iron bars, thinking he might effect his escape.

**A NEW PIANO.**

*Shiveley's Opera House Secured One of the Famous Hobert M. Cable Pianos.*

That we have needed a new piano in the Opera House has long been indeed a recognized fact here in Oregon City. Theatre goers will therefore be glad to know that the old one, which has done duty long enough to be retired on full pay has at last been replaced by a handsome new Hobart M. Cable, which manager Shively procured at Eilers Piano house, Portland last week. It is tuned at concert pitch, and is undoubtedly one of the finest instruments in use in any Western theatre. Eilers Piano house is selling an enormous number of pianos. During the month of October alone no less than 37 carloads of fine pianos were received by this firm at their Portland store.
