

NEW DRUG STORE

HOWELL & JONES

The Reliable Druggists

Have removed their entire stock of DRUGS to the New Garde Building, near the Suspension Bridge.

The growing trade which they have enjoyed the past few months compelled them to secure better and more convenient quarters for the accommodation of their large prescription trade.

This building has been specially designed and modeled for this work, and they make a specialty of filling physicians' prescriptions, and can do it better than the man who doesn't make it a specialty. They do the work themselves, and know it is done properly, just as the doctor wants it. They never hand your prescription to the "boy" to fill.

BABY RINGS FREE

To show our appreciation of your trade, we will give absolutely FREE

ONE SOLID GOLD FINGER RING

with Birthstone setting, to each and every baby in Clackamas County under one year of age

REMEMBER you don't have to pay one cent to secure the ring.

Bring your baby to our store and have its finger measured.

After an absence of nineteen months Him Lee has returned to Oregon City. He is of the firm of Him Lee & Co., and has spent his time in the Orient visiting the graves of his fathers and other points of interest to him in the Flowery Kingdom.

Mr. H. O. Roche, one of the prominent citizens of Woodburn, and Miss Mollie Schuabner were united in marriage at the residence of the bride's parents on Thursday morning at 11 o'clock. The bride lives with her father, William Schuabner, at Park Place, and is a lovely and attractive young lady. The newly wedded couple will make their home at Woodburn.

R. P. Cooper, one of the prominent citizens and farmers of the Meadowbrook country, was in Oregon City Wednesday and Thursday on business. He says that the farmers of his part of the county are all well through with their fall work and are ready for the winter's rains. Mr. Cooper together with O. T. Kay went from Oregon City to Portland to purchase some new shingle machinery and expect to make a great many shingles as soon as they get the proper machinery delivered to them.

LOCAL NEWS ITEMS

The dance given by the Order of Foresters on Wednesday was numerously attended.

The Courier office is very much indebted to the Hon. George C. Brownell for a fine box of Havana cigars. Thanks, Colonel.

One of the local butchers paid \$2 a piece for 48 Molalla lambs, aged from six to seven months, which certainly save the farmer a good profit.

The hands of the Willamette Pulp and Paper Company received their annual Thanksgiving turkey from the proprietor.

Wanted—A few more engagements by the day by a first-class dressmaker; or would take work home. Prices reasonable. Apply at COURIER Office.

On Tuesday evening about six o'clock, bold thieves stole seven dressed turkeys from an inner room of Vaughan's livery stable. The thieves became frightened at the danger of capture and on the sly returned them.

The Les Papiillons gave another of their dancing parties at the Armory on last Friday night, which was well attended and much enjoyed. Excellent music was furnished by Turney's orchestra.

The raffle and shooting match at Campbell, Wednesday, drew quite a crowd of the sporting fraternity to that village. About a hundred turkeys and geese were raffled off, and quite a few found their way into Oregon City.

While at work on some shafting in the basement of the Imperial Mill, at some distance from the ground, Joe Beaulieu lost hold and fell. The only injury—a temporary one—which he received was a shaking up.

Just received by W. A. Holmes, at the Park Place Cash Store, a car of wheat from The Dalles. If you need wheat, call on him; price as low as anyone. Ask for sale tickets—two sewing machines given away Christmas.

The morning theme at the Congregational church will be "The Double Blessing of a Holy Life." In the evening the pastor will speak on "Home Thoughts—a Sequel to Thanksgiving." There will be special music at both services.

An editor, desiring the news, asked a man to write it from his neighborhood and got this reply: "We have got two school marmes, the hog cholera, and about fifty bushels of potatoes, and a ternal fool who married a cross-eyed girl because she had a mule and forty acres of land, and the same is your humble servant."

Hon. William Barlow, an old and distinguished citizen of Barlow, was in Oregon City, on Saturday, attending to business matters. Mr. Barlow is seventy years, and has lived in this valley for fifty-seven years. He is rich in this world's goods and has an abundant store of Democratic faith. He no longer has to work for a living, but to keep himself from rusting out he manages the business of the Southern Pacific at Barlow. He is a splendid citizen of the old school whom it is a pleasure to meet.

W. L. Block, who for the past six years has been one of the most prominent merchants of Oregon City, has closed a rental lease with the trustees of the Methodist church for the magnificent new store-room to be built on their church lot. The new store-room will be one of the largest and handsomest in Oregon City, and will be ready for occupancy by the first day of February, 1903. The new block is one of the most desirably located in the city, and Mr. Block is to be congratulated on his good fortune in securing it.

Word was received here, Tuesday night, of the drowning of Mrs. Marie Kaylor, of Molalla, in the West Fork River, in southern Oregon. Up to the time of going to press on Thursday evening nothing definite had been learned as to how the accident occurred. Mrs. Kaylor was an old resident of Molalla, and went to southern Oregon a short time ago with several others to take up a timber claim. She leaves a husband and two children. We have not yet learned where the remains will be buried, but they will probably be taken to Molalla.

The Hiawatha Mining & Milling Co., of Cottage Grove, Ore., Bohemia district, have recently, during development work, struck very rich ore in large quantities, and the company has decided to place a stamp mill on the property at a very early date and have placed a block of stock on the market to raise money for that purpose and are selling stock at

only two cents per share, which no doubt will be worth at least \$1 per share as soon as dividends are paid, which will be in the near future. Don't wait until this block is sold and then kick yourself because you can't get stock for less than \$1 and more per share. Address at once Hiawatha Mining & Milling Co., Cottage Grove, Ore., or see O. D. Eby, of this city.

H. L. Kelley, who has been in the employ of the United States government as fish commissioner for some time past paid his people in Oregon City a visit last Saturday night and Sunday. Mr. Kelley has a very important position and his business has taken him to almost every part of the Northwest. Recently, while at Bozeman, Mont., Mr. Kelley relates having seen standing on one side of the depot the old stage which used to run into Deadwood, and on the other side a modern automobile—a relic of an age that is past and the most modern vehicle used by the traveling public to-day, and both were being utilized as were an object lesson of how rapidly the new success is the old. From the old stage-coach to the modern auto is indeed a long step forward.

D. and Clarence Engle, of Molalla passed through town Monday enroute to West Fork, Douglas county, where they expect to locate on some timber lands. About a dozen more parties from Molalla left about the same time for the same destination and all will try to get claims. Altogether about twenty-five citizens of Molalla have gone to Douglas county to locate claims, but a number have come back without locating. Among the number was H. S. Ramsby, of Molalla, who returned Monday. He takes rather a pessimistic view of the situation in regard to claims in the southern part of the state, and is of the opinion that there are very few good claims which have not been taken up. Many of the claims, he says, that are being pre-empted would come nearer coming under the head of stone or mineral land than timber land. Much of the timber is fit only for piles. The locators charge a fee of \$100 for their services, and even then are not sure of finding the corners of the sections located. In view of all these things it might prove just as well if some of these prospective locators would locate on mineral claims in the Santa Ann country in Clackamas county.
