"I do not look as though I ever was sick."

When a woman is sick she falls off in looks. This is particularly the case when she suffers from diseases peculiar to her sex. Not only is her strength undermined, but she loses beauty of face and grace of form.

It is characteristic of the cures of womanly diseases effected by the use of Dr. Pierce's Favorite Prescription, that with restored health there is a restoration of good looks.

"Favorite Prescription" establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

"I wish to thank you for the good your medicine has done me," writes Mrs. Mac Brown, of Canton, Fulton Co., Ills. "I was troubled with female weakness and doctored with several different doctors. They did not seem to help me; indeed I got worse all the time. I had ulceration and displacement of the uterus. What I suffered no tongue can tell. I had heavy bearing-down pains and thought my back would kill me. I also had a very bad drain, but after taking five bottles of 'Favorite Prescription' and three of 'Golden Medical Discovery,' I am feeling as well as ever. It has been almost two years and I have had no return of the trouble. My friends tell me I don't look as though I ever was sick."

Dr. Pierce's Common Sense Medical Adviser, paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.
