A Good Cough Remedy.

From the Gazette, Toowoomba, Australia: I find Chamberlain's Cough Remedy is an excellent medicine. I have been suffering from a severe cough for the last two months, and it has effected a cure. I have great pleasure in recommending it.—W. C. Wockner. This is the opinion of one of our oldest and most respected residents, and has been voluntarily given in good faith that others may try the remedy and be benefited, as was Mr. Wockner. This remedy is sold by G. A. Harding.

Everything must go before the holidays. Everything reduced. Miss C. Goldsmith.

The Hiawatha Mining & Milling Co., of Cottage Grove, Ore., Bohemia district, have recently, during development work, struck very rich ore in large quantities, and the company has decided to place a stamp mill on the property at a very early date and have placed a block of stock on the market to raise money for that purpose and are selling stock at only two cents per share, which no doubt will be worth at least \$1 per share as soon as dividends are paid, which will be in the near future. Don't wait until this block is sold and then kick yourself because you can't get stock for less than \$1 and more per share. Address at once Hiawatha Mining & Milling Co., Cottage Grove, Ore., or see O. D. Eby, of this city.

Great Clearance Sale on all millinery. Miss C. Goldsmith.

A Swindling Ring of Buyers.

Some days ago Irvin Lacrocy, of Viola, agreed with a butcher in Portland to deliver to him within a certain specified time a lot of fat hogs for 7½ cents a pound. When he arrived with the hogs the butcher told him he could not pay what he had promised, but only 6 cents. Lacrocy reminded him of his promise to no avail, and then told him what he thought of a man who would not stick to his word in language that even a blind man would have seen to be very pointed. The young farmer, who is indeed horny handed and wiry, had some idea that Mr. Butcher would feel the insults deeply enough to show fight. He didn't, however. Lacrocy drove off with his porkers, and as the Portland butchers have an understanding among themselves to beat the farmer when the market is to a degree sluggish, he thought it probable that he would have to drive home with his load unless he would sell at a loss. Wandering through the streets with it for several hours he received bids from 5½ to 6 cents—from dealers in the ring—until a young fellow ran up to him from the backdoor of a shop and told him that if he would take his hogs to a certain butcher indicated on a card he gave him he would be paid 6½ cents. He followed the directions given and got rid of them. Lacrocy's hogs were exceptionally fine and heavy and should have brought the price first agreed upon. Farmers often have similar experiences in Portland.

MARSHALL FIELD AND CO.'S WAREHOUSE MANAGER

Cured of Catarrh of Kidneys by Pe-ru-na.

HON. JOHN T. SHEAHAN, OF CHICAGO.

Hon. John T. Sheahan, who has been for seventeen years manager of Marshall Field & Co.'s wholesale warehouse, and is corporal 2d Regiment Infantry, I. N. G., writes the following letter from 3753 Indiana avenue, Flat Six, Chicago, Ill.:

Peruna Medicine Co., Columbus, Ohio.

Gentlemen—Last summer I caught a cold which seemed to settle in my kidneys and affected them badly. I tried a couple of kidney remedies largely advertised, but they did not help me any. One of my foremen told me of the great help he had received in using Peruna in a similar case, and I at once procured some.

"It was indeed a blessing to me, as I am on my feet a large part of the day, and trouble such as I had affected me seriously, but four bottles of Peruna cured me entirely and I would not be without it for three months salary."—JOHN T. SHEAHAN.

Mr. Jacob Fleig writes from 44 Samner avenue, Brooklyn, N. Y.:

"I am now a new man at the age of seventy-five years, thanks to your wonderful remedy Peruna."—Jacob Fleig.

Catarrhal inflammation of the mucous lining of the kidneys, also called "Bright's disease," may be either acute or chronic. The acute form produces symptoms of such prominence that the serious nature of the disease is at once

suspected, but the chronic variety may come on so gradually and insidiously that its presence is not suspected until after it has fastened itself thoroughly upon its victim.

At the appearance of the first symptom Peruna should be taken. This remedy strikes at once at the very root of the disease.
