R. M. Heath, who has been living at Gray's River, Wash., for the past several years, was in town Saturday with his little son. Mr. Heath had the address of his Courier changed to Ella, Oregon. He has a ranch in that section of the state and will in the future reside there.

LOCAL NEWS ITEMS

Fresh eggs retail at 36 cents a dozen. Wilhoit Springs has received several wagon loads of bottles.

Sunnyside school district No. 71 has employed a second teacher. The new teacher is Miss Edith Karr.

A marriage license was granted on Monday to Miss Lillian Belle Rouse and W. S. May, both of Clackamas county.

Dr. Beattie has received a lot of registered Berkshire hogs, among them ten brood sows, to stock his Beaver creek farm.

A large crowd attended the ball Saturday evening. Prizes were offered to the best waltzers. Mrs. Minnie Butler and Bud Chambers carried off the honors.

Three young toughs, of Portland, came to Oregon City last Sunday and after filling up on bad whiskey started out to do up the town and all in it. They shortly changed their minds, all three being put out of business by one man.

Among the recent arrivals in town who are registered at the Electric, are: J. E. Vawter, N. Y.; J. V. David, Newberg, Or.; W. J. Cross, Detroit, Mich.; Clyde E. Cook, Carthage, Mo.; F. H. Hayner, Mill City, Or.; A. Plummer, Stayton, Or.; E. Horner, Portland.

Tom F. Cowing, Jr., agent for the Wells, Fargo & Co. in this city, has purchased a wagon for the delivery of the company's packages, and is now giving the city a better service than by the old way of hiring a wagon, as it was not always possible to secure the services of one when required.

Sycamore district No. 15 has engaged a second teacher—Miss Nora Lambert. This step was rendered necessary because of the rapidly increasing number of pupils. Both teachers will teach in the same room for the present, but another room will soon be added.

Oregon City has been full of hobos for the past two or three weeks. Night-watchman, Ed Shaw, has run in a number and the city bastille has been full to running over with these gentlemen of leisure. They are usually kept over night and the next morning turned loose with orders to leave town at the earliest possible moment.

Hulda Mundhenke, of Park Place, has filed a complaint against her father, Fred Mundhenke, charging him with insanity. He is 80 years of age, and imagines that he should go and help his father, who has been dead the past 30 years. He also often runs away from home, and his family is unable to keep him under proper restraint. He was adjudged insane.

Yung, the heathen truck farmer, is tying up his celery crop. It is indeed odd that no one but this Chinaman can find it profitable to employ several men the year round at a dollar a day and board, to raise vegetables for our population and that of Portland. Only a person dead in love with a labor will stick to his job as a Mongolian does—week days or Sundays—altee same, work altee time.

The Courier printed of its last issue more than 2500 copies and sent out several hundred extras. Notwithstanding the fact that we kept more than a hundred copies in the office, so great was the demand that we have not a single copy in our office of our last issue. Does this not show that the Courier is the most popular paper in Clackamas county? Is it not a line for advertisers to go by? The Courier has no complaint to make, however, as it has as much advertising as it can conveniently carry.

Phillip Bucklein, proprietor of the Oregon City Machine Shop, shipped four rotary 7½ horse-power engines to Seattle Monday. These are the first engines ever manufactured in Oregon City, and the Oregon City Machine Shop is to be congratulated on having turned out this work and Oregon City should be congratulated in having such progressive citizens as Mr. Bucklein. These engines will be used in ice factories.

The Margarita Fischer Company, which closed a week's engagement at Shively's opera house Saturday evening, was quite the best company that has struck this city the present season. There was not a single bum performance during the whole six nights. While it is not likely that the engagement in this city was a financial success to the Fischer Company, as they carried 22 people in their show and expenses must have taken up a good part of their earnings, the shows were very well patronized, which shows that Oregon City people appreciate good talent.
