Rev. E. G. Smith, pastor of the Presbyterian church of Greensboro, Ga., writes:

"Having used Peruna in my family for some time it gives me pleasure to testify to its true worth. My little boy seven years of age had been suffering for some time with catarrh of the lower bowels. # Foresters Attention

The order of Foresters has contracted with Howell & Jones, the prescription specialists, to furnish all drugs and medicines and to prepare all prescriptions for members of that order.

This enterprising drug firm makes a specialty of this work and has built up the largest prescription trade in Clackamas county. They treat their customers right, and always give them just what they want. If a sufferer wants "Hood's" Sarsaparilla, he gets "Hood's," and is not impudently to take something "just as good." They attribute their immense trade to buying and selling only the highest grade of drugs and medicines that can be had. Maybe first grade drugs would just barely cure, and second grade drugs prove just a trifle too weak. Life sometimes hang by a hair, and that hair may be the quality of a single drug. In the filling of prescriptions they use only the highest grade drugs, regardless of cost
