PRESBYTERIAN PASTOR PRAISES PE-RU-NA.

First Presbyterian Church of Greensboro, Ga., and Its Pastor and Elder.

THE day was when men of prominence hesitated to give their testimonials to proprietary medicines for publication. This remains true today of most proprietary medicines. But Peruna has become so justly famous, its merits are known to so many people of high and low stations, that no one hesitates to see his name in print recommending Peruna.

A dignified representative of the Presbyterian church in the person of Rev. E. G. Smith does not hesitate to state publicly that he has used Peruna in his family and found it cured when other remedies failed.

Rev. E. G. Smith, pastor of the Presbyterian church of Greensboro, Ga., writes:

"Having used Peruna in my family for some time it gives me pleasure to testify to its true worth. My little boy seven years of age had been suffering for some time with catarrh of the lower bowels. Other remedies had failed, but after taking two bottles of Peruna the trouble almost entirely disappeared. For this special malady I consider it well nigh a specific. As a tonic for weak and worn out people it has few or no equals."—REV. E. G. SMITH.

Mr. M. J. Rossman, a prominent merchant of Greensboro, Ga., and an elder in the Presbyterian church of that place, writes:

"For a long time I was troubled with catarrh of the kidneys and tried many remedies, all of which gave me no relief. Peruna was recommended to me by several friends, and after using a few bottles I am pleased to say that the long looked for relief was found and I am now enjoying better health than I have for years. It is certainly a grand medicine."—M. J. ROSSMAN.

Hon. S. D. McEnery, United States Senator from Louisiana, says the following in regard to Peruna:

The Peruna Medicine Co., Columbus, Gentlemen—Peruna is an excellent tonic. I have used it sufficiently say that I believe it to be all that claim for it.—S. D. McEnery.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of the Hartman Sanitarium, Columbus, Ohio.

Business Facts.

Debts melt pluck and pride into pulp and many a good-hearted fellow has been driven to destruction by them. If it has been your practice to buy clothing on a credit system, try for one year to see what you will gain by paying as you go. There is only one strictly first-class dry goods store in Oregon City that buys and sells on a cash in advance basis. This store is Adams Bros' Golden Rule Bazaar. They have recently completed their annual inventory and feel highly gratified with the result. They are convinced that under this system they are able to sell to their customers a better grade of goods at a lower price than any of their competitors. "Nothing succeeds like success" is an axiom as old as the hills, and their store is a shining example of a successful business management. A half score of accommodating clerks are always ready and anxious to show you their stock.

The A. O. U. W. will give a smoker and banquet next Saturday evening in their hall.

Foresters Attention

The order of Foresters has contracted with Howell & Jones, the prescription specialists, to furnish all drugs and medicines and to prepare all prescription for members of that order.

This enterprising drug firm makes a specialty of this work and has built up the largest prescription trade in Clackamas county. They treat their customers right, and always give them just what they want. If a sufferer wants "Hood's" Sarsaparilla, he gets "Hood's," and is not importuned to take something "just as good." They attribute their immense trade to buying and selling only the highest grade of drugs and medicines that can be had. Maybe first grade drugs would just barely cure, and second grade drugs prove just a trifle too weak. Life sometimes hangs by a hair, and that hair may be the quality of a single drug. In the filling of prescriptions they use only the highest grade drugs, regardless of cost.
