Spraying Does Pay

And is Necessary to Insure Crops

The subject of spraying fruit trees and small fruits has been so thoroughly discussed and written up in all its details and different phases in fruit growing periodicals and agricultural journals, coupled with the fact that every fruit growing State has its own Experiment Station, Agricultural Society or College from which documents and bulletins are issued free to its residents on application, giving results of experiments, different formulas for all kinds of insects and trees, in the most approved and scientific manner, containing complete information, and how and when to apply it, thus establishing the fact that spraying does pay, and is necessary to insure crops

Carus.

Miss Edith Jackson's basket took the first prize at Union Hall social Saturday night.

Will Jones is building a picket fence this week.

The dance and party at C. Smith's Friday night was a most decided success.

Robert Shubel has returned from Salem.

Veva Jones is spending a few weeks at Philomath, Benton county, visiting friends.

John Helvey has gone to help drive piling on the Molalla.

Chas. Spence had a breakdown Tuesday while hauling lumber.

It seems to hurt some of our good people to see Charles Thomas in our burg but don't mind them Charles, come all the more.

The basket social and dance at Union Hall was a grand success on Saturday evening.

Russellville.

Russellville is a pretty lively burg this winter. The boys are having a good time at all of the parties given this winter.

We have been visited by quite a snow for the past week and some cold weather. Friday is the last day of Russellville school. We expect it will be the teacher's last term as there is a young man that talks of hiring her for a permanent teacher. We all wish her success.

Miss Mary Boyles has been quite ill for the past week, but is better now.

O. S. Boyles is in Southern Oregon cruising for timber and expects to be gone some time.

Scott Carter was seen going to the mountains Sunday.

John Marts and C. W. Hardy expect to return to Watsburg in a short time.

Miss Pearl Russell expects to go to Portland to have an operation performed next week.

Berrying has been good in Russellville this winter. Dell Rich and G. A. Marts are the champions and are running a close race.

Miss Leila Boyles has returned home from Portland.

Dell Rich was seen on the road to Oregon City Monday.

There is a dancing school at Vorhies' every Saturday night.

COUGAR.

Marmot.

The weather has changed from snow to rain. When it rains it seems more like Oregon to the old residents.

Mr. Mensinger is to start up his saw mill soon.

Mrs. John Kayler has not been in good health for sometime.

Joseph Wall, of Salmon River, who has been sick for sometime is improving very rapidly.

A very successful basket social was given by the Marmot school February 7th. The enterprising people of this place and the bell will soon be heard from the school house. The school is a very successful one, being taught by Miss Anna Bachman of Stone. School began November 10 and will close April 10.

Withoit.

This date finds the garment of snow off of Russellville. The snow was about five inches deep and lasted nearly two weeks, making more work for the stock men.

Some horses are afflicted with the inflammatory rheumatism and staggers. Some will probably die.

Now comes stormy weather, and is a good time to sit by the fire and nod.

Timber along the Molalla river is creating much excitement. Many acres of timber land has been sold. What will timber be worth within ten years? Timber is being used faster than the young timber grows.

We are expecting a drive of ties daily from the Russellville Bros.' sawmill. Much work will likely be done on the Molalla river for the running of timber.

The outlook is that much work will be done this spring and summer and laboring men certainly will find plenty of work to do at fair wages.

Soda water is still going to waste. We hope that good weather will soon come and people can quench their thirst and have a good time, as McLaren will be ready to receive them with gladness.

For Over Sixty Years.

An old and well-tried remedy.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. Is pleasant to taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

Highland.

Highland is still prospering. Most of the farmers are busy during this pleasant weather.

Many of the young men of this vicinity are going to Eastern Oregon to spend their homestead right. May success be with them.

Claus Krohn, of Idaho, is in our burg again.

Mrs. G. W. North, who has been being quite poorly with erysipelas in his hand, is on the road to recovery.

Mr. Lewelling, of this place, had the misfortune to lose one of his best horses a few days ago.

Mrs. Martha Jones is very ill with a bad cold and symptoms of pneumonia. We hope to see her well again soon. Dr. Pruden is the attending physician. He is also tending on T. B. Jones, who is quite poorly.

The Methodist church is holding Sunday school every Sunday and services on the first and third Sundays at Highland hall, and all are well attended.

The Misses Myrtle Gard, Vena and May Mayfield were the guests of Mrs. F. W. North last Sunday.

Miss Mabel Jones is recovering from her severe attack of la grippe.

SALINA.

THE DINNER-PAIL BRIGADE.

A thousand jewels gleaming incandescent,
Shone from the river to the cliff above;
While over Sunset hung the new moon's crescent
In peaceful prophecy of hope and love.

Fair was the winter night, and fair the city,
We stood upon the white bridge, you and I,
And listened to the passing of an army,
The Dinner-pail Brigade was marching by.

The riotous river routing all resistance,
Rolled from Canemah down, then sped away
Past Bolton, with its home-lights in the distance
To seek the Oregon, and find the Sea.

Its many voices sang of looms and spin-dies;
Of mills and dynamos, and labor paid;
While over all rose labors, ceaseless chorus—
The tramping of the Dinner-pail Brigade.

No blazoned banner, boasted deeds of glory,
No martial music there, of fife and drum,
But in my thoughts there came a sweeter story
In the echo of their footsteps hurring home,

For weary fathers, husbands, sons and brothers,
Turned to the homes their industry had made;
Where nestled children were, and wives and mothers
To welcome back the Dinner-pail Brigade.

Brave were the boys, who faced the gun and sabre
To hold our flag above Manila's walls,
And brave are those, who live, love and labor
The safe-guard of the city by the Falls.

In the City by the Falls of our Willamette,
Are many happy homes their hands, have made
Let capital reward, and all men honor
This host of peace, the Dinner-pail Brigade.

A runaway almost ending fatally started a horrible ulcer on the leg of J. B. Orner, Franklin Grove, Ill. For four years it defied all doctors and all remedies.
