More pianos and a greater variety are carried here than by any other store in the Northwest. They are such as the Decker, Vose, Victor, Hobart M. Cable, Pease, Schumann, Crown Orchestral, Bush & Gerts, Haddorff, Leiter and many other. And Best of them all is the great piano trinity.

The Chickering Piano, of Boston, the Weber of New York and the Kimball of Chicago, the three finest pianos in the world.

We handle the peerless Kimball Pipe Organ, in all styles, suitable for Sunday schools, churches and homes.

Also the Pianola, which makes the finest music possible in homes where there is no musician.

AND PIANOS!

Most excellent instruments on which to gain the rudiments of a musical education. First and foremost, and by all odds, the cheapest, we have our own specially constructed "Pacific Queen," on which we are at present making an introductory offer of only \$46.00, payments \$8.00 down and \$4.00 a month. Other fine organs we have the Needham, Burdett, Crown, and finally, the greatest of all, the peerless Kimball.

These organs are in both plain and fancy finished casings, and can be purchased for as little as \$46.00, delivered freight paid to any railroad station or boat landing in Oregon. Terms, \$6.00 to \$8.00 down and \$3.00 to \$5.00 a month. And the best is, after you have had your organ as long as two years, if you then want to buy a piano you can turn your organ back to us, and get credit for just what you have paid for it, on a fine piano.

Our reasonable prices, easy terms and fair dealings have made our house famous and popular. Write for circulars. All information you want will be cheerfully furnished.

**New Era**

Miss Hattie Foster, of Portland visited her parents of this place Monday.

Grandpa Reynolds is on the sick list, and is very low.

Mrs. Robert Kelland is also suffering with the dropsy.

Mr. Eisert is going into the wood business.

Saturday morning the mercury registered 20 above zero.

Chas. Bauman returned last week from Gray's River, Washington, and reported the snow being one and a half feet deep on the hills.

Fred Burgoyne and Miss Maud Obrock of Portland, were the guests of Mr. and Mrs. J. Burgoyne Saturday and Sunday.

J. Schindler and daughter left Saturday morning for San Francisco, San Jose and Santa Rosa, California, for a three weeks stay in the "sunny south."

Chas. Slyter is working for J. Hoffman.

Mr. Solle has built a new chicken house upon his new possessions.

The dance at Mr. Shefchicks Saturday night was a decided success.

**Molalla**

Something must be wrong with the weather clerk for we haven't had any rain for some time, but clear days and frosty night. The past several days of sunshine pleases all except some of the farmers who want to plow but owing to the frost can not do so.

Everybody and their whole family attended the ball last Saturday night. The floor was well filled, there were about as many spectators as there were dancers which made the hall very crowded. The music was furnished by Garrett's orchestra which was number one. Everything passed off quietly except a drunk or two. It does seem strange that some young men cannot, or at least do not attend a dance without pouring enough tangle foot down them to make them crazy. Those boys had better take a timely warning and cut the whisky business out.

Uncle O. L. Robbins is having a serious time with one of his eyes. A few days ago a bush struck his eye, it commenced to inflame. He called in Dr. Leavitt who advised him to consult an eye specialist at Portland. Mr. Robbins is now in Portland.

Only two valentines were either sent or received here as far as we know. There is a scheme being worked by the young men of Molalla and especially those that attend dances to form a kind of joint stock company and purchase a piano to be placed in the school house. Should they succeed, it will add much to the music in place of the organ that is now used.

If we ever find out who sent us a valentine recently there will be a duel sure.

**Garfield**

Snow fell on last Tuesday to the depth of about four inches. Some of it remains on the ground yet, the nights are clear and cold and in only gets warm enough through the day to soften the snow a little.

Two farms have changed hands in the past ten or twelve days.

August Stubbe sold forty acres to Mrs. Cassie Epperson for \$1300.

W. H. Holder sold to Walter Snuffin 73.25 acres for \$1500. These tracts of land are situated within one and a fourth miles of Garfield postoffice. The postoffice will be within one and a half mile of the new electric power plant that is going up near the Clackamas falls.

Last Sunday the attendance at Sunday school was fifty seven.

The Garfield Grange gave a basket social last Friday evening that brought in \$50. The basket that sold the highest was Miss Cora Youn's, it brought \$1.

If there is another neighborhood in the county that can beat Garfield.

It is a nice little place and it will only be half hour's walk from the new electric line which is now being constructed from Portland to the Clackamas.

**Mountain View**

Many readers do not know where Mountain View is, so I will state that it is an addition to Oregon City, and Ely is in the center.

The thermometer registers 25 degrees. That seems cold to the Webfoot but just think of Eastern blizzards.

Grandpa Kays is suffering with a sore hand.

Albert Jarrl, of the Vancouver militia, was here Saturday calling on his cousins, Mrs. Smalley and Miss Goode.

Miss Lavern Craig is visiting with Mrs. J. McLannan, of Portland.

Born, to Mrs. McKinley, Feb. 13, 1903, a son. Dr. Sommer in attendance.

Quarterly meeting of the M. E. church South closed last Sunday. Every service was greeted with a very large audience. Presiding Elder Fitch expressed himself as well pleased with the attendance and order. Also with the accommodations tendered the members from other parts of the circuit.

Mrs. Smalley and children, accompanied by Miss Grace Goode, went to Seattle Tuesday, where Melvin Smalley has work.

There will be a napkin tea at Mrs. Craig's on Saturday afternoon from 2 to 4 o'clock. All are cordially invited. The object of the meeting is to organize a Ladies' Aid Society.

Died, Feb. 17th, Mrs. Edgecome's father.

**SALINA**

**Molalla**

J. R. Cole made a trip to Oregon City last Saturday for our merchant, L. W. Robbins.

Christ Zweifel and family, of Needy were visiting relatives here Sunday.

C. H. Gibson, who recently came from Missouri, has bought a ranch about two miles south of here.

The Molalla wood dealer is doing a rushing business this winter.

Arthur and Nathan Zweifel have quit the logging camp and are at home at present.

The masquerade ball was well attended. Among those who attended from Oregon City were S. J. Vaughan and wife.

**TEDDY**

**Russellville**

Young wheat is suffering. There is much sickness among the horses here. It is caused by the cold weather, but some have staggers.

Elder Moore is expecting to hold a series of meetings in the Ogle school house in the near future.

As there has not been much fall wheat some people think it will be a better price next fall. Seed for spring wheat is scarce.

The upper or Becker mill is in running order.

Logging goes slowly as there is much snow in that section.

O. S. Boyles is still in Southern Oregon.
