

Colds

"I had a terrible cold and could hardly breathe. I then tried Ayer's Cherry Pectoral, and it gave me immediate relief."
W. C. Layton, Sidell, Ill.

How will your cough be tonight? Worse, probably. For it's first a cold, then a cough, then bronchitis or pneumonia, and at last consumption. Coughs always tend downward. Stop this downward tendency by taking Ayer's Cherry Pectoral.

Three sizes: 25c, 50c, \$1. All druggists.

Consult your doctor. If he says take it, then do as he says. If he tells you not to take it, then don't take it. He knows. Leave it with him. We are willing.

CITIZENS MEETING

STEPS ARE TAKEN LOOKING TO THE IMPROVEMENTS OF ROADS IN CLACKAMAS COUNTY.

The Resurrection of the Board of Trade Proposed, and Also Steps Taken to Advise County.

Good Meeting Monday Evening.

A meeting of the business men of Oregon City was called at the court house Monday evening to take some action relative to raising a fund for the improvement of the road to Viola. About 25 representative citizens—merchants, lawyers, doctors and farmers were present. Hon. H. E. Cross presided over the meeting. He stated its purposes, which was to take action towards raising a fund to improve the road to Viola and Redland.

A number of short talks were made by those present, all agreeing that the proposed movement was the only course to pursue. Some warm talks were made by Judge Ryan, Mayor Dimick, G. A. Harding, Frank Busch, F. T. Griffith, Mr. Charman and several others present. The country was also pretty well represented at the meeting, there being half a dozen or more representative citizens from the vicinity of Viola and Redland present.

After spending a couple of hours discussing the question and the most feasible way of accomplishing the improvement of the road, it was decided by the will of the meeting that the chair should appoint a committee of four who would look after securing subscriptions for that purpose. Accordingly, the following parties were appointed on the committee: C. H. Dye, E. G. Canfield, G. B. Linick and C. G. Huntley. It is proposed to spend several thousand dollars on the improvement of this road and it is hoped that the committee will be able to raise the money without much effort. The people of Viola and Redland are very anxious for it. The business men of Oregon City are also quite anxious that the matter be pushed, as it will mean more patronage from that very rich section of the county.

After the road question had been settled the plan of reviving the defunct Board of Trade was discussed, and the opinion that it should be revived was unanimous. The plan to appropriate dollars for advertising purposes discussed and the members of the board were unanimously in favor of it proposed to take advantage of the bill passed by the Legislature, appropriating any county to appropriate a thousand dollars of the county funds for advertising purposes. It is also proposed that another thousand dollars be solicited, and if it is \$2000 instead of \$1000 be used for this purpose.

It is believed that this amount of money would be well spent in using printers' ink, distributing pamphlets over the Eastern states and in Portland.

Wakeful Children.

For a long time the two year old child of Mr. P. L. McPherson, 59 N. Tenth St., Harrisburg, Pa., would sleep but two or three hours in the early part of the night, which made it very hard for her parents. Her mother concluded that the child had stomach trouble, and gave her half of one of Chamberlain's stomach and Liver Tablets, which quieted her stomach and she slept the whole night through. Two boxes of these Tablets have effected a permanent cure and she is now well and strong. For sale by Geo. A. Harding.

PUNISHMENT.

Social progress has done away with all great many forms of punishment once administered under the laws of enlightened people. But nature never changes or modifies her penalties. She still has the same punishment for the man who neglects or abuses his stomach as she had in the far off days "when Adam delved and Eve span."

The physical discomfort, dullness, sluggishness, irritability, nervousness and sleeplessness which are visited upon the man who eats carelessly or irregularly have been from the beginning the evidences of disease of the stomach and its associated organs of digestion and nutrition.

Dr. Pierce's Golden Medical Discovery cures the diseased stomach and enables the perfect digestion and assimilation of food, so that the sluggishness, irritability, nervousness and sleeplessness which result from innutrition are cured also.

"I was taken sick nine years ago with fever," writes Mr. M. M. Wardwell, of Linwood, Leavenworth Co., Kansas. "Had the doctor and he broke up the fever all right, but I took diarrhoea right away; he couldn't cure it and it became chronic, and then he gave up the case. I got so weak with it and had piles so badly I couldn't lie down, nor hardly sit up. Was that way two or three months; thought I would never be well again," but picked up one of Dr. Pierce's Memorandum Books one day and saw your description of catarrh of the stomach. I thought it hit my case. We had a bottle of Dr. Pierce's Golden Medical Discovery in the home that was put for mother. You recommend it for catarrh of the stomach, so I went to taking it. The one bottle nearly cured me; I got two bottles next time and took one and one-half and well. I haven't been bothered with diarrhoea since."
