

**Sidache,  
Back-  
ache,  
Head-  
ache,**

And many other aches which women are peculiarly subject to are generally the result of a diseased condition of the womanly organism. When this diseased condition is cured, sidache, backache, headache, etc., are cured also.

Doctor Pierce's Favorite Prescription establishes regularity, dries the drains which weaken women, heals inflammation and ulceration and cures female weakness. When these diseases are cured the aches they cause are also cured.

"I will drop you a few lines to-day to let you know that I am feeling well now," writes Miss Annie Stephens, of Belleville, Wood Co., West Va. "I feel like a new woman. I took several bottles of 'Favorite Prescription' and of the 'Golden Medical Discovery.' I have no headache now, no backache, and no pain in my side any more. No bearing-down pain any more. I think that there is no medicine like Dr. Pierce's medicine. I thank you very much for what you have done for me—your medicine has done me much good."

The People's Common Sense Medical Adviser, a book containing 1000 pages, is given away. Send 21 one-cent stamps for expense of mailing only, for the book in paper covers, or 31 stamps for the volume bound in cloth. Address Dr. R. V. Pierce, Buffalo, N. Y.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

**Stone.**  
As nothing has been seen in your columns of Stone Items, for sometime perhaps it would be well to inform the county that we are still here and prosperous as ever.  
We are expecting rural delivery of mail as soon as Uncle Sam can make the necessary arrangements.  
Our creamery, the Seven C's Creamery, is now on a firm business basis, and the patrons are all well satisfied with its management.  
It is rumored that the old fish hatchery buildings are to be removed to the new hatchery grounds.

The church of Christ's Disciples has recently been painted and improved in many ways. It is large enough to hold all who will come, and all will be given a hearty welcome. Elder Rich preaches the first Sunday in every month.

Stone has a commodious up-to-date schoolhouse with 38 pupils in regular attendance. The grounds are not yet fully improved, but enough work has been subscribed to complete it.

A fall arbor day was observed and a number of patrons and pupils gathered together to help clear the yard. On March 20, Mr. Byers, who is interested in public improvement, brought a maple tree and planted it with the assistance of the school in the yard. The pupils promptly christened it the "Lewis and Clark" maple. There is an excellent school sentiment in the village.

The citizens of Stone are wide-awake farmers, who keep pace with times by reading the Oregon City Courier.

Fishing is good in this section, but they seem to bite best for the ex-farmers.

Our postmistress is visiting in Portland for a few days with her sister and uncle.

Mr. Selz and Mr. Vorpahl, of Canby, were visiting Grandma Wright's family Sunday last.

Quite a crowd are going to Mulino Saturday night to the pie social.

A pretty home wedding was solemnized last Wednesday, the 18th inst., at the home of Warren Simmons. The contracting parties were Miss Lida Simmons and Lewis Wiles. The bride, a popular young lady of this neighborhood, was attired in a pearl grey dress trimmed with white corded silk, and carried a bouquet of white hyacinths. She was attended by Miss Edith Wiles. The groom, a prominent young man, also of this place, wore the conventional black and was attended by Mr. G. White. The impressive ceremony of the Wesleyan Methodist church was performed by Rev. T. Wiles, father of the groom. After congratulations and well wishes all retired to the dining room where a sumptuous repast was served. Mr. and Mrs. Wiles took their departure that evening to Gervais leaving mid a shower of rice and old shoes. They will reside in Portland.

"May smiling skies above you rise,  
May peace surround your ways,  
May lilies bloom in sweet perfume  
To bless your married days."

Mr. and Mrs. A. Wiles visited friends in Portland over Sunday.

Mr. and Mrs. D. Haven, of Bridal Veil, who have been visiting Mrs. De Haven's mother, left for their home Monday.

Pierce Wright is on the sick list.

Ray Ridings, of Marquam, was here on a business trip Monday.

Our Grange "Highland No. 261" is growing. Four were initiated in the first and second degrees, with four more applications at our last meeting.

A great many people think the Grange is dying out. In Clackamas county, alone there is twelve hundred members in good standing with sixteen subordinate Granges and every Grange growing. Brother farmers get on and ride or you will get left.

**Union Hall.**  
Messrs James Adkins and L. G. Riggs have gone to Hillsboro to look out a sight for Mr. Adkins' sawmill. If the location is satisfactory, Mr. Adkins will probably move his mill there sometime in the near future.

Messrs. John Burns, J. D. Wilkerson and John Thomas all made a business trip to Oregon City last week.

Orrin Adkins has gone down on the Columbia river to work. He formerly drove a team for his brother James Adkins.

Alvin Phelps has got his steam wood-saw in running condition and he has started to saw wood.

Mrs. Lillian Coleman, of San Francisco is visiting her sister Mrs. L. P. Burns at present.

Mrs. Anna Tice who has been working in Portland for some time past is visiting her mother, Mrs. J. Wilkerson.

School began last Monday morning after a two weeks vacation.

Will and Richard Johnson who have been working on a dairy farm in Tillamook county came home last Sunday to help their parents do the work on the farm.

Robert Wilkerson, who has been living in Canby for some time past came out last week to live with his son, Sam Wilkerson and family.

James Wilkerson is on the sick list.

**Stock Ranch for Sale.**  
One hundred and sixty acres of desirable land in the heart for the stock range seven miles east of Molalla corner. Three acres cultivation all level and easily cleared. A bargain for the right man. Will sell cheap and want to close at once. For particulars call on or write W. M. Smith, Canby, Oregon.

**Family Reunion.**  
W. H. Vaughan, the oldest and best known pioneer citizen of the Molalla country, had a family reunion at his home on the Molalla river last week. All of his eleven children were present at the reunion, some of whom had not been under the parental roof-tree for a number of years. There were present at the reunion Franklin Vaughan, of South Bend, Wash.; John Vaughan, of Eastern Oregon; and Mrs. Cora McComas, of Jackson county, the three oldest children and the only ones in the family who live outside of the county of their birth. Besides these children, all of his children residing within the county were present with their families. They are Isom Vaughan and family, of Molalla; Mrs. Virginia Cutting and family, of Molalla; Mrs. Mary F. Frazier and family, Mrs. Viola Engle and family, Stonewall Jackson Vaughan, of Oregon City; Longstreet Vaughan, of Molalla, and William Vaughan and wife, of Molalla. The eldest child of Mr. Vaughan is 52 years of age while the youngest is 26. The day of the reunion was passed in a manner fitting to the occasion. Mr. Vaughan has passed his 81st year. He is one of the early pioneers, having crossed the plains in the early forties. The Courier sincerely hopes that this estimable family will long live to celebrate many more occasions of a like nature.

The basket social given by Maple Lane Grange netted \$26. The fun continued until midnight.

There were many visitors in Oregon City last Sunday, who came down to see the falls and view the scenery. The O. W. P. & R. R. Co., ran trailers on nearly all the cars. The day was one of surpassing loveliness and many people complained that it was too warm for comfort.

**WARM CHASE**  
By Bailiffs After Fisherman Who Were Violating Fish Law.

Water bailiffs, W. W. Smith and O. F. Jones had an exciting experience Saturday night in a chase for fishermen who were violating the state law by fishing for salmon during the closed season. They started out on a patrol Saturday night at eight o'clock and did not return until eight o'clock Sunday morning.

Going down the Willamette they captured four set nets. Spying a boat with four men in it they gave chase and overhauled the boat. Two of the men ran the boat ashore and fled to the brush but the third was captured and was released and allowed to take his boat and net.

Later at night the bailiffs sighted another boat with two men in it and pulled after it. For four miles, up and down across the river the bailiffs the chase extended and at one time the pursuers were in ten feet of their intended prey, but the fishermen were in a light boat and when would gain on them down stream, the fishermen would put about and up the river they would go, giving the laugh to the officers. Finally one of the bailiffs got winded and the fishermen got away.

There have been many violations of the fish laws during the past few weeks and the bailiffs are determined that illegal fishing must be stopped. Fishing has been carried on in the Clackamas river and some of the fishermen are known to the bailiffs, who will make every effort to catch the offenders.

Violation of the law are becoming so flagrant that the water bailiffs are going to adopt measures that will insure the prevention of fishing for salmon out of season. A short time ago they came upon a trap gun on the bank of the Clackamas river. They tripped a string

and the gun was fired point blank at them from the brush. They examined the weapon which was built like a small cannon. A large galvanized gas pipe had been fastened between two blocks of wood and filled with power and the discharge frightened them considerably.

**WHO'S IT?**  
Dresser's Appointment Hangs Fire.

Concerning the appointment of A. S. Dresser, which has been held up by the president, to the Oregon City land office, the Oregonian has the following to say: "President Roosevelt's promise to Senator Simon that George Steel would be appointed register of the Oregon City land office [was made] both in black and white and orally. It is just as unequivocal as plain English possibly can make it, and if Senator Simon had written it for the president to sign it could not be in more direct of chosen language. The letter winds up with a positive assurance in substance: 'You may rely upon this promise.' This letter has held up Dresser's appointment and it is unlikely if Dresser can get it. Evidently, the president, in the maze of business in his office, lost sight of his promise. But, as the promise of the president of the United States should mean that the promise of the president will be fulfilled, the fortunes of Mr. Steel are looked upon as quite bright in political circles."

**WILL THEY STRIKE?**  
Employees of Paper Mill Said to be Growing Restless.

Will the employees of the Willamette Pulp and Paper Company and the Crown Paper Company demand an increase of wages and shorter hours of work in April, or will they not? That is a question that is being agitated by certain labor leaders in Oregon City at the present time and one with which the owners of those big mills may have to contend with, and which may result in a strike in both mills, which will effect more than half a thousand men.

At the present time the wage scale of the laboring men in those mills is \$1.75. The mills are kept running steadily day and night and the average day's work is 12 hours. On shift work, where the larger part of the men are employed, the men work ten hours day and fourteen hours night in alternate weeks. This, many of the men think, is in itself a decided hardship.

Up to about a year ago the men in these mills received only \$1.50 per day. A strike was threatened and the wages were promptly raised to the present rates. It is now claimed on good authority that \$2 will be demanded for a days work and that three shifts of men be employed to run the mills. This would give the men an eight hour day with no shift work at all. It is not improbable that the managers of the mills will refuse to grant any such radical changes in the management of their mills and a big strike may be the result.

It is said that the mill workers will make their demands to the union at the next meeting of the Federal Trades on the sixth of April, and the demand will be officially made through the union. The mills will then be given a reasonable time to comply with the demand of the employees, and unless an agreement is reached, a strike will result.

As for the mill worker themselves, not any great number are member of any union, not even the Federal Trades' and it is quite probable that many of them will refuse to walk out.

The manager of the mills say they are paying all the wages they can afford to pay. That the wages in the pulp mills of Oregon City are better than they are in mills of the same character in any part of the country, and that if a demand is made for an increase in wages that they simply shut down their plant. The probability is that the proposed strike will not come about and that the matter will be adjusted in a manner satisfactory to both managers and mill men.
