

Correspondence

Beaver Lake.

Well, Mr. Editor, as Beaver Lake has not been represented in columns of the Courier for two weeks I take the pleasure of sending in a few items to let the world know that we are still alive and I regret to say will be the last for several months, as the writer is going away to work for the summer, nevertheless Bert will not be gone always, but he will come back at some future date. He has been the correspondent on the Courier for about four years and could not drop it for good.

Farmers are busy with their spring work. Frank Gray, a well known hunter of this section, had a desperate encounter with a huge bear a few days ago, but came off victorious.

Mr. and Mrs. W. M. Mazingo were visiting relatives in at the capitol one day last week.

The measles have paid our burg a visit with a number of victims.

B. Wade and son finished their contract of 140 cords of wood Tuesday last.

Freeman Thomas, a five-year old boy of this section, has invented a mouse trap that works to perfection. Beat that, if you can.

The sports hootth and the fish biteth and the grouse slayeth.

Goodbye, one and all.

BERT WADE.

Maple Lane.

Clackamas county Pomona will meet with Maple Lane Grange on Wednesday, April 8th. Come one, come all, and please remember to bring well filled baskets. If you can't come, send the baskets anyway. Good patrons are never at a loss what to do with well filled baskets. This picnic feature is a new departure for Pomona, so be sure and remember. A special feature of the evening will be good music by home talent. Don't forget to bring your best girl, or girl with you. The entertainment will be held in the new grange hall east of the school house.

Shubel.

William Moehke went to Portland one day last week to buy a planer for their new mill.

Dix Bros brought out the machinery for their sawmill last week. It will be on the Mason place. This makes the fourth sawmill in this neighborhood.

The Republican primary at Beaver Creek last Saturday was a quiet affair. The following delegates were elected: Frank Jagger, Godfrey Moehke, H. Hughes, Wm. Grisenthwaite and G. A. Huhbel.

Hogs seem to be scarce. Nearly every day someone is inquiring for some. Now if reports are true they ought to find plenty in Oregon City, for they would like to hog the whole congressional delegation.

Engene Kirk has been seen on streets of lower Highland of late. What is the attraction, Eugene?

Ora is looking very jonesome and sad of late. I wonder why?

Curtis, How does Mr. McSharvey like this country?

Clarkes.

Making garden is the order of the day.

Everybody has almost finished sowing grain.

The ground is in good shape this spring, if we don't have good crops this year it won't be because the grain was not put in right.

Some of the fall wheat is thin on account of the cold weather, but will be better headed and the grain will be larger.

Harry Gard sold some cattle to Mr. Bethko last week and delivered them Friday.

Geo. Rogers bought a new hat the other day his old one got too small for him, for they have a new boy at his house.

Some of the kids in this neighborhood love the chicken-pox and the rest want it and are mad because there is not enough to go around.

The hop-yards are about ready for the plow.

Mrs. Lee has rented her hop-yard.

Fisher Bros are running the Clarkes yard.

John and Harry Gard will start for their homesteads in Eastern Oregon

next Monday; their father will not go until next fall.

Gene Cummins is going to the Yakima to look for a homestead, he says no more stamps and rocks for him, but in about a year they will all come back here for a drink.

A very pleasant surprise party was given in honor of our school teacher, Miss Minnie Grace at the home of Mr. and Mrs. Ringo Wednesday night the 26th, and a splendid time was had by all who were there. Those present were; Mr. and Mrs. Ringo, Misses Mary Marshall, Gusta Marshall, Julia Miller, Essie Gard, Minnie Grace, Anna Klein-smith, and Stella Larkins. Messrs Ren Marshall, Will Marshall, John and Jas Fisher, Wm and George Miller, Ed Hettman and Vernon Larkins. The evening was spent in playing games and songs. Warner Grange.

At Warner Grange, on Saturday, a resolution in favor of submitting the \$500,000 appropriation to the Lewis & Clark Exposition to referendum vote, was voted down. As a similar resolution suffered the same fate in Milwaukee Grange, it seems evident that the farmers are willing to bear their share of the expense of the great show.

By unanimous resolution the grange expressed itself in favor of labor unions.

In order to raise funds to pay the \$225 borrowed for one year in January, a resolution was passed that the members be assessed one dollar each. With the same object in view, a masquerade ball will be given in the latter part of this month. The committee of arrangements for the dance is: Mr. Burgoyne, John Penman, Mrs. Wink, Miss Ollie Frederick and Miss F. France.

Medallion, pendants and stoles in all colors for dress trimmings, at the Fair Store.

Young Plants

Every farmer knows that some plants grow better than others. Soil may be the same and seed may seem the same but some plants are weak and others strong.

And that's the way with children. They are like young plants. Same food, same home, same care but some grow big and strong while others stay small and weak.

Scott's Emulsion offers an easy way out of the difficulty. Child weakness often means starvation, not because of lack of food, but because the food does not feed.

Scott's Emulsion really feeds and gives the child growing strength.

Whatever the cause of weakness and failure to grow—Scott's Emulsion seems to find it and set the matter right.

Cramer, Esq., a well known watch maker, of Colombo, Ceylon. "It has been some two years since the City Dispensary first called my attention to this valuable medicine and I have repeatedly used it and it has always been beneficial.
